

SUNSHINE FURNACE

BURNS COAL OR WOOD

The Sunshine is a good, "all round" furnace. Burns, with equal facility, either coal or wood. Coke, too, if you prefer it.

And so perfect is the combustion of the Sunshine that it extracts every unit of heat from the fuel. What's left in the ash-pan is not worth sifting.

Sunshine consumes less fuel, too. Because its perfect system of

dampers prevent the escape of the hot air up the chimney—compelling it to come out through the registers.

You pay for heating the inside—not the outside—of your house when you buy the Sunshine.

If your local dealer does not handle this most economical furnace write direct to us for FREE BOOKLET.

NO FEAR OF OUTBREAK

Revolutionists in Russia Declare Against Armed Revolt

Guard Regiments Removed From St. Petersburg—Attempts on Lives of Ministers Are Expected by the Police—Collision Between Cossacks and Workmen—Members of Late Duma Arrested.

St. Petersburg, June 19.—The return of the Guard Regiments to their summer camp at Krasnoye Selo indicates that the authorities have definitely ceased to reckon on an outbreak of disorder at the capital following the coup d'etat. This view is confirmed by the action of the revolutionary parties in declaring against armed outbreaks at the present time, when the troops are loyal to the Government.

A high police official, however, says that speedy resumption of the terrorist campaign, including attempts on the lives of the Ministers and other high officials, may be expected. There was a collision Monday between Cossacks and workmen near Yekaterinograd. The Cossacks fired a volley, seriously wounding four men. The trouble was provoked by the insolent bearing of Caucasian mercenaries employed to protect private estates in the Caucasus.

Ten of the 16 Social Democratic members of the late Parliament, whose arrest was demanded by Premier Stolypin, are now in the hands of the police. Several Social revolutionary deputies and a number of members of the first Parliament, among them being Ramischvili, Aniknin and Tesla, have also been arrested.

A number of workmen have been arrested for tearing down and defacing the Emperor's manifesto.

BATTALION IN MUTINY

Kill Commander and Fire On Loyal Battalions.

Kiev, June 19.—Last night the 21st battalion of Sappers, 450 strong, mutinied. They killed the commander of the third company and began firing volleys at random. Five loyal battalions were summoned to quell the mutiny, and called upon the mutineers to surrender. They replied with shots, however, wounding four of the loyal soldiers.

The loyal battalions fired a volley and the mutineers broke and fled. Two hundred and fifty-eight of them were arrested, but the others escaped.

HOSE TURNED ON LAND-SEEKERS

Crowd However Refused to Give Up Their Places.

Yorkton, Sask., June 19.—One of the choicest and largest townships of the entire Dookhadow reserve has been thrown open for homesteading and one of the wildest scenes ever witnessed here was the result.

In order to better control the crowd and avoid the long hours of waiting, the mounted police some time ago ordered all those desiring homesteads to be at the land office at 8 o'clock and from up at the edge of the sidewalk in front of the building, then, at a word from the police, they were allowed to rush for the door and form up in single file along the wall. Each man was then given a number and No. 1 gets first choice of the land.

The crowd was so large that this order of things was completely upset. At 8 o'clock in the morning a large crowd gathered and kept increasing and at 6 o'clock the street and sidewalks were both crowded and the police were almost powerless to handle it.

The assistant chief of the town fire brigade was assisting the police in the capacity of special constable, when it occurred to him that the crowd would be easily dispersed if the hose was turned on them. He communicated his idea to the sergeant in charge, who promptly acted on it and the fire bell was rung, the brigade called out and in a very short time a powerful stream was drenching the sweating, struggling, tired mass of humanity through and through, but they did not budge. They took their drenching rather than lose their chance of a homestead.

The greatest indignation was aroused.

TOWN ALMOST WIPED OUT.

Bad Fire at St. Philippe Near Laprairie, Quebec.

Montreal, June 19.—About half the village of St. Philippe, near Laprairie, about 20 miles from Montreal, was wiped out by fire yesterday morning. The loss is estimated at \$50,000.

The postoffice, Bank Nationale branch and hay merchant's store in the same building were destroyed, as well as eight residences and a number of barns.

The wind settled on to the south-west, however, and the fire burned itself out on the edge of the ravine. Had the wind shifted to the east the entire village would have been wiped out.

Woman Burned to Death.

Binghamton, N. Y., June 19.—While heating a curling iron over a lamp as she was dressing, Mrs. Earl Bogart received fatal burns by the sudden explosion of the lamp, which deluged her with burning oil.

GOVERNMENT DEFEATED

Chamber Opposed Tax of 65 Francs On Wines.

Paris, June 19.—The Government was defeated yesterday in the Chamber of Deputies on the sugar clause of the wine bill, designed to prevent fraud. Finance Minister Chailan insisted on a supplementary tax of sixty-five francs per hundred kilos on sugar used in the manufacture of certain wines but the chamber rejected the proposal by 304 to 255 votes, whereupon the session was suspended.

It is expected that the Government will compromise on the lower rate suggested by the northern deputies. Later M. Chailan announced that the Government had decided to reduce the supplementary tax to forty francs per 100 kilos. This was adopted 341 to 215 votes, and the Government's position was thus saved.

The Government has decided to arrest and prosecute all the leaders of the wine growers' revolt. Instructions yesterday were telegraphed to the local authorities at Argenteuil to arrest Marcelin Albert, the leader of the movement, but Albert, anticipating the Government's action, concealed himself.

Indigestion

Stomach trouble is but a symptom of, and not the cause of, disease. It is a warning signal that the digestive system is out of order. Indigestion is a real disease, yet it is a symptom only of a certain specific nerve disease—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach disease, indigestion, biliousness, bad breath and salivary complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

SURRENDERS TO POLICE.

Fugitive From Egypt, Forger of Millions, Gives Himself Up.

Montreal, June 19.—"I have come to give myself up to justice. My father is 2,000,000 francs the poorer to-day because of my sin. I have taken through forgery that amount from him. I have attempted suicide, but failed."

This statement was made yesterday to Chief Detective Carpenter by a handsome young man belonging to Egypt, who gave the name of George Siage.

Siage stated that he was 25 years of age. His father was an extremely wealthy man, and had carried on a great business in Cairo as a jeweler.

The boy commenced by forging small cheques, and with such success that for a long time he was never even suspected. Then in 1904 he forged a cheque for 1,000,000 francs and cleared out to Paris. For two years he remained there in business as a jeweler, but did not do well.

"The money I had stolen seemed to be accursed," he said. "At any rate, as time progressed my conscience, which had never been at rest, continued to trouble me more and more. I gave up business and sailed for New York, in the hope that the novelty of the new world would have the effect of distracting my mind from the thoughts which continually haunted it. I only became worse."

"One night last week, while in New York, I purchased a quantity of laudanum, and attempted to poison myself. My means attracted attention, and after receiving medical aid I recovered."

"I arrived in Montreal yesterday, and made up my mind to surrender myself to the police. That is all my story, and it is the truth."

Niagara-on-the-Lake, June 19.—Major-Gen. Lake and Lt.-Col. Vidal, inspector-general of the Canadian militia, visited the camp yesterday and inspected each regiment and corps. They were accompanied by Brig.-Gen. Otter and went the rounds in an automobile.

For five days Col. Williams of Toronto has been inspecting the cavalry brigade, and completed the task yesterday. He says he has never known a camp of raw militiamen to take to the drill more aptly.

Lt.-Col. Shore of the Indian army is visiting camp and has taken a considerable interest in Col. Merritt's pack-saddle.

This morning half the strength will assemble for a march to Thorold, where they will bivouac overnight.

Saprio, Fulljames, an Italian cook for the Canadian Field Engineers, has been sent to the town cells for 168 days for attempting to steal rations.

BONUS FOR LONGSHOREMEN.

Award of the Arbitrators in Montreal Labor Difficulty.

Montreal, June 19.—The award of the arbitrators in the longshoremen's demand for higher wages was announced yesterday as follows:

A continuance of the 10 per cent. increase of 2 1/2 cents an hour.

A bonus to be given at end of season to those remaining at work, at rate of 2 1/2 cents an hour from July 1.

Wage rate of 30 cents per hour, day-work and 35 cents for night work for the season of 1908.

The award is binding on neither side, but will likely be accepted by the men.

The board of enquiry was composed of His Grace Archbishop Bruchet of Montreal, George W. Stephen, M.P., president of Montreal Harbor Commission, and Joseph Ainey.

STATES HAVE GONE MAD.

Governor Cummins for Tariff Reform and Reduction.

Pittsburg, June 19.—Governor Albert B. Cummins of Iowa delivered the principal address at a meeting of the Pittsburg Board of Trade on "Reciprocity."

Governor Cummins characterized the placing of duties upon many things as an American habit, and said:

"I am for tariff revision and for tariff reduction as a measure of justice to the buyers of protected commodities. It seems to me that we have gone mad in our zeal for the tariff, and have abandoned the buyer to the tender mercy of monopoly, combination and greed."

Betting Cases For Judges.

Toronto, June 19.—The Woodbine bookmakers' betting cases were yesterday adjourned until Friday, those against frequenters going over until October, by which time a high court decision is expected.

The magistrate said he could see no difference in the system of last year and this year, but he preferred to have other judges decide.

"And if the case is taken to the supreme court I am assured of the decision of that body," he added.

Gave Bogus Cheques.

Brantford, June 19.—A man calling himself George Clay, Monday afternoon swindled four local merchants out of \$60 by presenting bogus cheques for purchases and receiving change in return. Those who were caught were A. N. Pequegnat, J. O'Neill, G. S. Winter and A. Coulbeck.

Comet Panic.

Joseph Jerome Lafrenais de Lalande, the popular French astronomer of a century ago, differed from Newton's view that Providence had so arranged matters as to make collision of the earth with a comet impossible and wrote a paper to prove that it was only very improbable. This paper, which was to have been read with others before the French academy on a certain day in 1773, got crowded out, but the Parisian public, hearing of it, made up its mind that Lalande had predicted the impending destruction of the earth and such panic ensued that the police had to order the publication of the paper to reassure the public mind. But even then it was popularly believed that the paper had been deliberately toned down and comet panics continued for a quarter of a century.

GOT A PAIN IN YOUR BACK?

You got a pain in your back, and you wonder what is the matter. You perhaps pay no attention to it. Backache is caused by imperfect action of the kidneys, in fact, is the first sign of kidney trouble to follow. The kidneys, proper, are composed of a close network of fibrous tissue, interlaced with tiny elastic fibres. Their object is the excretion of the uric acid, and other poisonous matter composing the urines, from the blood.

They are continuously at work to preserve the general health of the body and most people are troubled with some form of kidney trouble, but do not suspect it.

Some of the symptoms are: A feeling of weakness in the small of the back, sharp pains in back, puffiness under the eyes, and swelling of the feet and ankles, urinary troubles such as suppressed urination, excessive urination, cloudy, thick or highly colored urine, etc.

Mr. J. L. Whiting, Oshawa, Ont., writes: "I suffered for two years with kidney trouble. I had terrible pains in my back, hips and legs. I could not sleep and had a poor appetite. I took four boxes of Doan's Kidney Pills, and the pains left me, my appetite returned and I now sleep well. I can recommend Doan's Kidney Pills to anyone suffering from kidney trouble."

Doan's Kidney Pills are 50 cents per box or \$3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

More Adulteration.

"Mrs. Sandys," said the grumbling boarder, "I am going to write to the city authorities."

"Indeed, sir? What about?"

"About the quality of the water. It's disgraceful. Why, I detected a distinct flavor of coffee in it this morning."

CONSTIPATION CLOGS THE BOWELS

nature's remedy for all diseases of the stomach, bowels and blood. It acts on the bowels and promotes their free and regular action, curing constipation and all troubles which arise from it. It has been on the market for over thirty years so you are not using a new and untried remedy. B.B.B. has cured thousands of others and will cure you. Mr. B. Woodcock, Nashua, N.H., writes: "For over two years my wife was troubled with constipation. She tried several physicians but could get no relief, but after taking three bottles of Burdock Blood Bitters she was completely cured and is to-day in good health. My wife and I cannot speak too highly of B.B.B."
