dard of skill in the education of the horse.

The Malvern Gazette, of Jan. 15, 1904, gives a very complimentary account of Prof. Crocker and his splendidly trained troupe of horses. Malvern is the home of the Royal

Humane Society for the prevention of cruelty to animals.

Here is another recent opinion of the famous troupe, of which "Caesar" is a most distinguished member.

The large audience which assembled at Andrew's Hall, on Monday evening, was afforded an unusual treat, when one of the most attractive performances in the provinces was given by Professor E. K. Crocker's celebrated troupe of horses.

The performance was a high standard, and in every way exhibits the marked ability of Professor Crocker as a trainer of animals.

The Britt-Nelson fight films, wonderful as they are in themselves, and as typifying the greatest stride yet made in motion photography, are yet more wonderful as a study of human character. No play that was ever written showed its hero and its villain to the public eye as these cold, faultless, unchangeable pictures lay bare the souls of Jimmy Britt and Battling Nelson. A wonderful study, those Britt-Nelson pictures—an open book, and a novel of entrancing pages. See them, and you will never forget them.

THE TONIC OF HEALTH

Must be more than a stimulant—must be a food as well. Food is a tonic—it aids digestion, promotes assimilation, converts food into nutriment that builds up nerves, blood, brain and bone. That tonic is Ferrozone, which contains exactly what a run-down system needs. Ferrozone supplies oxygen to purify the blood, phosphorus to develop the brain, iron to harden the muscles. No wonder it makes such vigorous men and women. You'll eat, sleep, think and feel better by using Ferrozone. Try it now. Fifty cents buys a box of fifty chocolate coated Ferrozone tablets, at all dealers.

Some people are so cautious that they even look before they creep.

You can't buy success at the bargain counter.

WHEN SEVEN MEN DIE.

You know at least one of them had Consumption. At first it was only catarrh—but it was neglected. When "Catarrh" comes, it cures so quickly it's foolish to suffer—it's a shame to keep on sniffing and hawking. Catarrh goes direct to the cause of the disease,—that's why it's so dead certain to cure. It stops the cough, prevents that disgusting discharge, clears phlegm out of the throat in five minutes. Very pleasant, and safe, too; get Catarrh gone from your drugstore to-day.

Men like to regard themselves as liberal even if they are otherwise.

A "WHEEZY" CHEST.

Means your trouble is deep seated. To delay is dangerous. All the inflammation will be drawn out in one day by applying Nerviline. It penetrates through the pores of the skin, relieves inflammation and thus prevents serious consequences. For sore throat, weak chest and tendency to colds, no prescription is better than Polson's Nerviline. For nearly fifty years it has been Canada's great household remedy. Twenty-five cents buys a large bottle.

FRUIT.

Apples, pk., 25c. to 35c.; bag, \$1.25.

SPOCK.

Butchers, per lb., 5c. to 6c.

Calves, per lb., dressed, 5c. to 6c.
