EVERY WOMAN'S AMBITION FOR ROSY CHEEKS NOW EASILY SATISFIED

Hollow cheeks with dark lines under the eyes, how a woman hates them!
But rosy cheeks, clear skin, and bright eyes, give them to a woman and she is happy.

The woman who attracts, whose fresh, dainty complexion compels admiration, is always careful of her health, particularly of her blood condition. Bad complexion always means bad blood.

Girls, don't let your blood grow thin or watery. To do so brings on haggard looks and declining strength. Many a woman who has allowed herself to run-down, to develop that tired, worried look has built up again in this simple way. Why don't you try it?

At the close of every meal, just take two small chocolate-coated Perrozone Tablets—any person can do this in a minute. The action of Perrozone is apparent at once. It sets you up, makes you feel good, starts up your appetite, aids digestion, brings that old-time feeling of youth into the system again.

Perrozone puts you on the right road—the one leading to health. Not a man, woman or child needing blood, vigor, endurance—not a person who is weak, nervous or sickly, not a person in ill-health who won't receive immediate help from Perrozone.

As a tonic and restorative, as a health-bringer and body-builder, Perrozone is unrivaled. It cures because it feeds and nourishes, because it contains the elements that build up and strengthen. For better looks and better health try Perrozone yourself, send everywhere, 50c per box, 6 boxes for \$2.50, or by mail from The Catarrhzone Co., Kingston, Ont.

JUNIOR FARMERS' IMPROVEMENT ASSOCIATIONS

At a meeting of the Beamsville J. F.I.A. held in Orth's Hall, Beamsville on Thursday night, the Club decided to take two motor trips during the coming season. On June 4th, and 5th they will visit some of the large stock farms in New York State and in September they are planning for a day's trip to the Ontario Agricultural College at Guelph. The St. Catharines and Wellandport District Associations are being invited to join the Beamsville Association on these trips.

Owing to the result of the voting upon the referendum in Quebec, wheat stocks throughout Ontario has taken a decided jump.

Sir Frederick Stupart, the great weather sharp, believes it will soon be possible to tell the stage of the weather a year in advance.

Another great famine is reported threatening in the Northwest part of the East Indies.

THE DREAMS OF CHILDREN

A significant editorial appeared in The Toronto Globe very recently respecting children's dreams. It read: **CHILDREN'S DREAMS.**

Some interesting investigations have recently been carried out among school children in London, England. Little people of five years and upward were asked to write a true and full account of the last dream they could remember. As a result records of 5,000 dreams were received and the substance of these was given before a meeting of the Child's Study Society by Dr. Kinnison, Chief Inspector to the London Education Committee.

In the infant schools, apart from a few records, the dreams were told individually to the head mistress, and there were, of course, many difficulties to be faced in estimating the value of the results. It was found that young children had great difficulty in separating the dream from the waking element, and anything in the nature of a full analysis was impossible. In the case of children of five, six, and seven, dreams of Christmas and Santa Claus figured very largely, and with the very young children the "fear" dream was very prominent. No less than twenty-five per cent were of this nature, consisting chiefly of the dread of objectionable men, largely of German nationality. At seven children dream more about burglars than at any other age. "Fear" dreams of animals are far more common among boys than girls. The fact that the essays were written seven months after the last air raid probably accounts for the "circumstances" that air-raid dreams occurred only to the extent of about four per cent. Moving pictures were of very little influence in the dreams of girls, but were a definite factor in those of boys. One important fact is that the ghost has been superseded by the fairy, and it is certainly a satisfaction to learn that the old terror of the dreaming child has disappeared. There was only one reference to a ghost in all the infant school dreams, and the fairy dream was generally one of pure enjoyment.

At the age of five the child is the centre of the dream, and is rarely a passive observer. One child said: "I dreamt that a tiger came to our house and ate Mummy and Daddy and my brother and me, and I woke up and cried, and said, 'It isn't true.'" On another occasion, after the King and Queen had visited Peckham, a girl of five said of her dream: "A lady was sitting on my bed, and the King and Queen were under the bed eating bread and butter, with a lot of ladies with them." A tragedy was the subject of the dream of another child: "Someone came and took our white baby and left a black one."

It is recorded that children in poor districts dream far more about toys than those in the well-to-do places, while there is apparently no connection of dreaming with intelligence, for dull children dream quite as much as bright ones.

Notice to Creditors

In the matter of the Estate of Gerald Dennis Murray, late of the City of St. Catharines, in the County of Lincoln, Mechanic, deceased.
In pursuance of the Statutes in that behalf Notice is hereby given that all persons having claims or demands against the late Gerald Dennis Murray, who died on or about the 3rd day of January, A. D. 1919, at the City of St. Catharines, in the County of Lincoln, are required to send by post prepaid or delivered to the undersigned solicitor herein for John Sweeney, the Administrator of the Estate of the said Gerald Dennis Murray, their names and addresses and full particulars in writing of their claims and statements of their accounts, and the nature of the securities (if any) held by them.

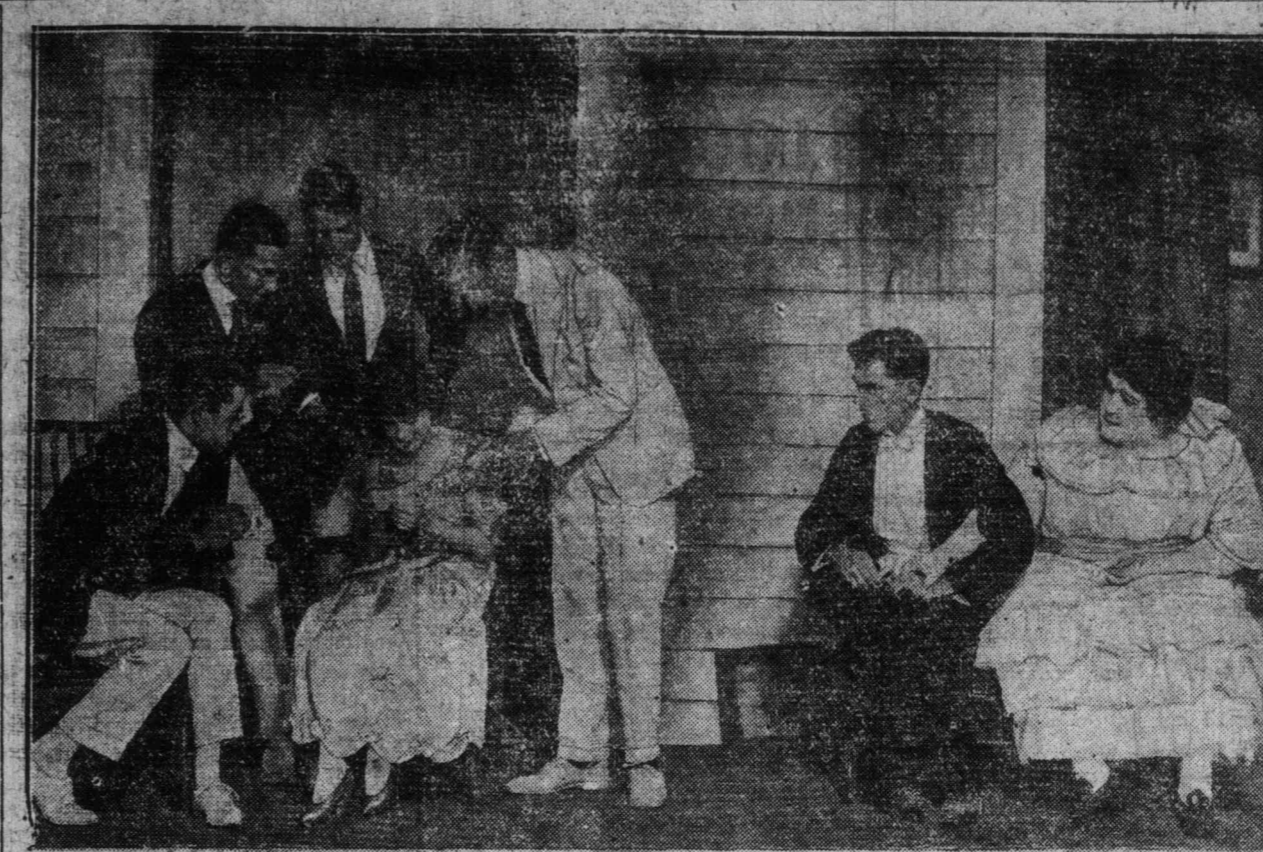

AND TAKE NOTICE that after the 26th day of April, 1919, the said Administrator will proceed to distribute the estate of the said deceased amongst the persons entitled thereto having regard only to the claims of which he shall then have had notice, and that the said Administrator will not be liable for the said assets or any part thereof to any person of whose claim he shall not then have received notice.

M. J. McCARRON,
33-35 Bank of Nova Scotia Bldg. St. Catharines, Ont.
Dated at St. Catharines this 27th day of March, A. D. 1919.

LORD, HAVE MERCY.

"Lord, Have Mercy" is Caruso's sweetest Victor recording: it is on Record 88599 and in rendering it the great tenor surely surpassed himself. It is a wonderful piece of music, wonderfully sung. It can be had on request at Heintzman Hall, 68 St. Paul St.

In writing to "The Globe," a farmer says the days of cheap butter are over.

Scene in Booth Tarkington's comedy "Seventeen" at the Grand Opera House, Thursday, April 17.

SUGGESTS HYDRO ACQUIRE N. S. & T.

The annual meeting of the Township of Bertie branch of the Hydro Radial Union was held at Ridgeway on Wednesday evening, Wm. G. Athol presiding. W. Charles Bush, of St. Catharines (Vice-President of the Hydro Electric Railway Association) reviewed the railway situation in the Niagara district in the light of recent developments at Ottawa and the probable inclusion of the Grand Trunk in the National Railway System at an early date. This when accomplished would render it necessary or advisable he said for the municipalities interested in the Hydro Railway undertaking to request the Dominion Government to enter into negotiations with the Hydro Power Commission on their behalf, in order to avoid unnecessary duplication of lines in certain districts and help to co-ordinate the whole Railway system in Ontario, so that the Hydro Radial Railways can serve as feeders to the National Steam lines.

Mr. Bush strongly advocated the acquisition by the Hydro Power Commission of the Niagara, St. Catharines or

& Toronto Railway and the taking over and electrifying of some of the Grand Trunk branch lines and developing them as part of the Hydro Electric Railway System for the benefit of the municipalities.

The people of the district between Port Colborne and Fort Erie and Bridgeburg are anxious to have the Hydro Railway, for which by-laws were passed three years ago, built without further delay, in connection with the International Peace Memorial bridge at Fort Erie and the speaker announced that the construction of the line from Toronto to St. Catharines and the Niagara frontier, of which this will be a part, will be commenced in the Fall of this year. Resolutions urging the speedy acquisition of the G. T. Ry. by the Dominion Government and the amending of the Hydro Power Act to make it possible for counties to distribute power, were carried.

Among other speakers were D. McGilivray, Reeve of Port Colborne, Reeve Hershey of Bertie and Dr. Snyder of Ridgeway.

ORCHARDS

There has been no winter injury of fruits this winter, any injury noticeable is the result of the severe weather in 1917-18.

CROP REPORT

Despite the bare winter, Fall Wheat came through surprisingly well and present conditions promises a large yield.
Clover has not done so well as other wintering crops as the seeding of last season was not very successful.

Current news states that the News Print Probi, whatever it means has been resumed at Ottawa. Publishers of papers are of the opinion that the prob usually means a higher price of paper.

RED ROSE TEA is good tea

WE were among the first to put up tea in sealed packages.

We were the first to use automatic electric weighing machines so as to insure accurate weights.

We were the first to make known the qualities of the now world-famous ASSAM teas.

And we are now the first to adopt a new package for the better protection of these fine quality teas.

The lead package has served its purpose well for generations, but it was easily broken or torn, allowing not only a loss of tea from the package but exposing the tea to the air, odors and dust that it was so necessary to protect the tea against.

Our new package—the waxed board carton—is stronger, more secure and more completely air tight; altogether the best container for tea that has yet been devised.

RED ROSE

TEA "is good tea"
