A Barber who Reads the Minds of Customers,

Outlines of the Science of 'Fhilography".

From the Chicago News Interview.

difficulties in the business.

"Now, to begin with, your customers out.

Now, Mary, comes the particular part.

Now, Mary, comes the particular part. are all men, no two of whom are alike. Now, Mary, comes the particular part. One patron has peculiarities entirely of the undertaking. You have got all that. In a word, you've got to get his good will. You must catch his sympathy; you must lead him to believe you are in sympathy with him, and when that is to the lank, the lank strikes it back to

being he is a changed man. Then is the cigarette each and say: "Aw! dooced time to make the impression on his fine game, don't cher know." About mind. It's a rare art to be able to get a that time, Mary, you will want to faint. man's confidence, to be able in the first second or third to produce a favorable impression on his mind, but the ability to do this in nine cases out of ten is the secret of my prosperity. How is it done? It is character reading down tine. It's the instantaneous recognition of the chief characteristics in my man, and the art his prejudices, and how to say it. But mere skill in face-reading will not enable one to do this.

'It is not generally known, but it is a by the countenance. The art of reading character by the beard is taught as a science in Paris under the name of philography, and I understand a book of very violent temper have always close-

same time had a sound mind, that was not refined in his tastes. Fine hair those of the bride elect. noticed that men engaged in intellectual, classes the bargain is arranged on other variably fine, luxuriant hair and beard. how much fun was made of him because he persisted in wearing knee-breeches. Oscar Wilde couldn't help that, however. He had to act different from other men because his mind had an erratic bent. I went to see him when he leclared here, just to satisfy myself whether he was a humbug. The moment I caught sight When the Liver does not act prompt-of his hair, which you remember he wore by the bile accumulates to excess in the down his back, I was satisfied the man blood, causing yellow eyes, sallow skin, was in earnest, though very eccentric.

hair is curly. It's easy to bring a smile ness. to the face of a man whose hair is curly. He laughs where colder natures see nothing to laugh at. But that's because is haish, though it requires an expert to distinguish it. For example, a mans mustache may be of a texture as fine as silk, and yet cannot be trained to grow into a graceful curve. That's because the hair is harsh. Now, people whose hairisharsh haveomiddle luteolanitures. They are always ready to fisten, but it's difficult to arouse their feelings. In men of this disable in the hair on their is disable in the hair of this disable in the hair of this disable in the hair is harsh. Now, people whose hairisharsh haveomiddle luteolanitures. They are always ready to fisten, but it's difficult to arouse their feelings. In men of this disable in the hair on their age, who is dreadfully poor. He was were rarely good memory. They forget wear my old shoes for another quarter, easily, and often have a came or an They fitted him exactly—what luck, was overcoat behind them in a barbership, it not Fon't tell mamma, for she would they are great processing and are shell the statements. THE ANNUAL MISERY.

job done this time, for the recollection of how the stove-pipe fell on his head and a base on his hand when a leg was being adjusted comes with paneful force as he thinks should be stored and a base on his hand when a leg was being adjusted comes with paneful force as he thinks should be stored as a less surplus, above that required to have a bud or joint at or near the end of the cutting, as all roots strike from it, and the nearer it is to the base, the greater roots as he thinks should be stored as the stored as "You'd never be able to guess the secret of my success," said a well-to-do you have not a piece of netting, rip up proprietor of a down-town tonsorial parlor to a reporter a few days ago. There will probably to how, mind you, the barter's trade, as be holes enough in the affair to answer every purpose.

The most valuable draught of medicine that most subtle logician cannot gainsay this fact; but and a base on his hand when a leg was even were it not syllogistically demonstrable, the instincts of the animal and she thinks about it. The time is near when the parlor stove must be put in when the parlor stove must be put in extravagance, not economy, to turn anisotropic and three feet wide.

In the mothing sit, and you do done this time, for the reconcection of how the stove-pipe fell on his head logician cannot gainsay this fact; but and a base on his hand when a leg was even were it not syllogistically demonstrable world would bear testimony. cult one, and there is very little to be made at it, but to handle the business that it will yield big profis, is where the fine work comes in. Of course I have a system—no kind of business can be carried on successfully without a be carried on successfully without a better understand by the fine work but to handle the business can be carried on successfully without a better understand by the fine work a system—no kind of business can be carried on successfully without a better understand the fall, or to put to man should sleep less than six hours but to them and holes in the center filled with netting. The odd ends of the bed-tick will come in handy here. Also, you must get a couvegetable world would bear testimony to it in the example they set to man. No man should sleep less than six hours a boy gave to his mother when she asked him the best way to keep a stove from rust over summer, as together they were to him the best way to keep a stove from the fall, or to put too many animas up to the cuttings close around the extravagance, not economy, to turn animal and when the parlor stove must be put in the example they set to man. No man should sleep less than six hours a boy gave to his mother when she asked him the best way to keep a stove from rust over summer, as together they were to the animal and when the parlor stove must be put in the extravagance, not economy, to turn animal and when the parlor stove must be put in the example they set to man. No man should sleep less than six hours a boy gave to his mother when she asked him the best way to keep a stove from rust over summer, as together tacking.

It is when the parlor stove must be put in the tother and two tirm the example they set to man. No man should sleep less than six hours a boy gave to his mother when she asked him the best way to keep a stove from rust over summer, as together they were to the animal and when the parlor stove must be put in the three states and two inches of sand on to the content in the strave when the parlor stove must be p spring: "I guess the only way is to keep stoves that are not in use is one of the numerous evils that rost housewives have to contend against. It is one that causes lots of trouble when the time ar One patron has peculiarities entirely of the undertaking. You have got all different from another, yet all have to be pleased or their patronage will be lost. The art is to suit your customers so they will call again, but you would never dream what a difficult art that is. It does not consist in giving a man a good shave for triumning his beard to the shave or triumning his beard to the shave or triumning his beard to the store in the other side with the other bat.

Now, Mary, comes the particular of the undertaking. You have got all face given by a clever reader of physical expression. Dr. J. Simms pronounces the round eye, like that of the dove, an unfailing sign of faithful attachment and sunfailing s cant of the sentiment of love. The bow shaped lip is sign of intense affection and is the cause of this. A stove should be kindness of nature, apart from amatory stored in a dry place and thoroughly qualities. A roundness of the upper part of the cheek is the sign of great The nickel parts should be covered with friendliness; a long upper lip shows a coat of whiting and the whole wrapped self-esteem, as in pictures of Herbert Spencer and Whittier the poet. Modesty straw wound about the stove will also sympany with him, and when that is the lank, the lank strikes to seem the lank strikes to seem the lank, the lank strikes to seem the lank, the lank strikes to seem the la is shown by the deep groove in the up- serve to keep the damp out and save the "The odd thing about it is the selfish fellows are generally the easiest to control. I read their character at a glance.

After a word or two a new subject is sprung. Get the attention of a man off sprung. Get the attention of a man off sprung and for the time will revive them, and they will smoke a sprung. Boston Gazette.

The odd thing about it is the selfish to control whom the brain and nerve system into the shade and pour two teaspoonfuls in whom the brain and nerve system for work he will use up a gallon or two of predominate, whether this sign be present or not. Wherefore, friends, let us neck, but that will do just as well. This will revive them, and they will smoke a brains - [Boston Gazette.]

It a stoye-cleaner is caned in to do the work he will use up a gallon or two of predominate, whether this sign be present or not. Wherefore, friends, let us off, and for several days the odor of the oil will permeate the the house. It is safe to say that a majority of people did saf not use precaution in packing away the parlor stove, and will find it in a terrible queens, and prefers this method to any condition of rust and dirt when it is hauled from its summer resting place There is a time when the husband and wife are vexed and troubled in spirit, and the slightest annoyance is apt to start a more or less extensive family row, and the day when the stoves have

to be set up is that time.

verybody doest not know that its founwoman—'the most remarkable woman in England," the great Duke used to call her. She met, while yet a girl, at her uncle's table, many of the men whose names became afterward famous enough dress was in her day rather a famous or many with good color, but imperfect-woman—the most remarkable woman ly formed or filled. A young lady in Bethel, Pa., during the year 1874, kept a strict account of all the expenditures for feed, &c., for her yard of fowls; at the regular market price for fowls and chickens she cleared above all expenses \$360, besides having

stiff feathers that project below the knee of the fowl. They occur in all the Asiatic breeds, and are unsightly and objection-In purchasing Buff Cochins, bear in

mind that a clear, even buff, without penciling of black in the neck or body is essential to a first class bird.

How to Manage Cuttings

In reply to a correspondent, the Floral Cabinet give the following directions in regard to the making and managing of

plant cuttings:
In selecting a cutting, a great deal depends upon a judicious choice; if the slip is too young and full of fresh sap, it will fade away from too much evaror-

Plant your cuttings in common red pots, filled half full of rich loam and two inches of sand on top (scouring sand will pot, it seems to strike root more quickly. Pull off the lower leaves before you plant the cutting. Press the wet sand tightly A new and simple way of securing any about the tiny stem, for a great deal of about the tiny stem, for a great deal of queen that you wish to remove from a hive was reported to us last year. We tried it several times with success. Some who find the search for a queen tedious and difficult may be glad to know it.

Put over a hole in the top of any hive more than the contact of the same with the stem. When the cuttings are firmly planted, cover them with a glass shade of possible, as it will greatly promote the growth of the plant.

supply of moisture, and you can hardly fail to root most of your cuttings.

CLERGYMEN, Singers and Public Speakers, will find ROEINSON'S PHOSPHORIZED EMULSION of the greatest benefit to weakness of the throat or Bronchial tubes, as it soothes the irritated membrane, gives full-tone and strength to the vocal organs and imparts new life and vigor to the enfeebled constitution.
