Balance of those splendid Job lines of Ladies' Kid Gloves, Children's Shoes and Boots, Ribbons, and Women's and Men's Boots.

No Tariff War Between Canada and the United States.

An important announcement is made to-day that the threatened tariff struggle between the two great powers on the North American Continent has ended happily by a compromise. Canada represented by her able Finance Minister, Fielding, was too rich and too independent to be bullied into submission to the extreme demands and exactions of America. President Taft has shown his statesmanlike sagacity by yielding to the inevitable.

The next move is for closer trade relations and a new Reciprocity Treaty—a great boon for both countries. The two great powers are for thousands of miles divided by a purely artificial frontier, a boundary far too extensive to be rigidly guarded, with high duties, there would always be constant smuggling. Common sense would dictate the expediency of a free exchange of the natural products of sea and land. The most rotten and outrageous of all the Protectionists interests in the United States is the fishing interest. It has been kept up by the Protectionists Ring—"Stand Paters," as they are called in American slang. Their policy has been to stand all together. They realized that if one member of the Ring was attacked and defeated, in time they would fall, so their policy always has been to cling together. The ablest and most independent Democratic and Free Trade organ in America is the well-known "Nation," of New York. The editor has, from time to time, allowed me to write letters on this subject, and to show up the utter fraud and corruption of the Gloucester fish ring. How the her-ings caught by Newfoundlanders on the West Coast and paid for in American money were introduced into the States "as the sole product of American industry." How all the vast population of the States were com-
pelled to eat dear fish for the sake of a few fishermen, nearly all foreigners. When Rudyard Kipling wrote his story of the American banker, the "Where Here," he described such a motly crew that the critics attacked his veracity. It was able to show from various sources that the account was critically correct. The old plea for protection about the manning of the National Navy is now an exploded myth. Our Government should be up and doing. If Canada secures a Reciprocity Treaty with America we should gain one also. The subject is of vast importance and cannot be dealt with adequately in a hurried letter. I leave it to our business men.

A tremendous wave of feeling has arisen lately in America against monopolies, trusts and the Protectionist Rings. There is almost certain to be a new policy of Reciprocity with Canada and we should come in. I need not tell my intelligent readers what all this will mean to us when the outrageous duty of three-quarters of a cent a pound is removed off our fish. America will be a great market for all our fish products, and especially our herring, also for our pulp and paper. A bill has recently been introduced to remove the duty from pulp and paper.

Mar. 31, 1910. D. W. P.

Enjoyable Time At Upper Gullies.

Every Easter, as the years come round, we look forward to a meal together in the schoolroom, and this year, as usual, we were not disap-
pointed.

On Monday, the 28th inst., we wended our way to the schoolroom, and there before us lay tables filled with dainties, prepared by the ladies of the C. E. W. A.

After satisfying the inner man we went to the Orange Lodge and enjoyed a dance till twelve. Then we came back to the schoolroom for the second tea, and then back again to the hall where we danced till the wee sma' hours of morning.

The proceeds of this tea, which amounted to \$48.00, go to buy a pulpit for our new Anglican Church. Much thanks is due to all who helped in any way, but especially to the ladies of the C. E. W. A., who worked so hard to make it a success. These ladies are untiring in their work of love, viz., making the House of God a perfect place, and may success crown all their efforts is the writer's humble wish.

The services on Good Friday were conducted by Rev. G. Bolt, and Mr. Courage, on Easter Sunday by Rev. G. K. H. Caldwell.

CORRESPONDENT.
Upper Gullies, March, 1910.

I. O. G. T.—The annual tea and concert of Onward Lodge to be held in the Oddfellows Hall on Friday evening, April 1st, promises to be a great success. A splendid programme has been prepared and consists of solos, duets, recitations and instrumental music, which will be rendered by some of our leading musicians. The demand for tickets has been good, and with a good tea and good music a pleasant evening is assured.

Certainly Ends Kidney Trouble.

Backache or Bladder misery and all other distress from disordered kidneys vanish.

Hundreds of folks here are need-
lessly miserable and worried because of out-of-order kidneys, backache or bladder trouble.

If you will take several doses of Pape's Diuretic all misery from a lame back, rheumatism, painful stitches, inflamed or swollen eyelids, nervous headache, irritability, dizziness, worn-out, sick feeling and other symptoms of overworked or deranged kidneys will vanish.

Uncontrollable, smarting, frequent urination (especially at night) and all bladder misery ends.

This unusual preparation goes at once to the disordered kidneys, bladder and urinary system, and distrib-
utes its healing, cleansing and vitaliz-
ing influence directly upon the organs and glands affected, and completes the cure before you realize it.

The moment you suspect any kidney or urinary disorder, or feel rheuma-
tism coming, begin taking this harm-
less medicine, with the knowledge that there is no other remedy, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treat-
ment of Pape's Diuretic, which any druggist can supply.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cin-
cinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Pape's Diuretic, and a few days' treatment means clean, active, healthy kidneys, bladder and you feel fine.

Accept only Pape's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.

Men Go Overboard.

While putting two barrels of flip-
pers in a boat over the side of the
Viking yesterday the sling in which
they were broke and both went with
a crash into the boat, splitting the
side open and turning her over. Two
men in her were thrown into the
water but held on to the gunwale
until they were fished out. They nar-
rowly escaped being hit by the bar-
rels as they fell. The flippers, which
were worth \$10, went to bottom.

M. C. L. I. Debate.

The usual weekly debate of this in-
stitution took place last evening, a
large number of members being pres-
ent. The subject for discussion was
"Would the enforcement of a strin-
gent law requiring certificates of com-
petency from masters and governing
the equipment of sailing vessels en-
gaged in coasting and fishing unduly
hamper these industries?" For the
affirmative were Messrs. R. A. Squires,
A. Soper and B. Edgcomb and for
the negative Messrs. F. Moore, Rev.
M. Fenwick and L. Soper. The
speeches were fluent, logical and in-
teresting. It was shown that there
was a lack of educational facilities
for our men, but that our coasting
and fishing captains were versed in
good seamanship, a fact which was
testified to by the comparatively small
number of accidents occurring. The
negative side believed that certificates
of competency should be demanded.
The affirmative side won by a major-
ity of eight. Next week the annual
meeting will be held.
