### RUSSIA CABLES NOTE TO AMERICA.

WASHINGTON, May 22.  
Foreign Minister Terechenko, Russia, cabled a note to the State Department to-day, giving assurance in behalf of the new Ministry, that Russian democracy was inspired with the spirit of solidarity with the United States, and like America is carrying on war to secure the freedom of nations and a lasting peace. By direction of the Ministry of Foreign Affairs, says the communication, I hasten to say how highly the whole Russian Democracy is inspired with the sentiment of full solidarity with the great Republic, which, true to its traditions of liberty, espoused the cause of coalition for the defence of justice and right. Like the United States, Russia is not seeking conquest or any covetous end in the present struggle. I am glad to find these lofty principles which were so eloquently formulated in America are striking unanimous echo in free Russia, now mistress of her own destiny.

### FRENCH PARLIAMENT RE-OPENS.

PARIS, May 22.  
Parliament was re-opened to-day and the expected interpellations regarding the conduct of the war were presented to the Chambers. Addressing the Deputies in regard to the interpellations, Premier Ribot said: "I recognize that the representatives of the people desire some explanation. These may be given to the public, who like yourselves have a right to be informed. The secret session may be reserved for other subjects. Concerning interpellations on the last offensive, it may be said there were some excessive hopes and some errors in execution, but the results obtained should neither be exaggerated nor belied. Never have our soldiers proved more admirable. The

Duckworth Street and Military Road.

What France wishes is a durable peace, but we don't wish military dispositions to endure which can destroy this durable peace when it is once made. If the German people comprehend this it would make peace easier to attain. That is the view of Russia at the moment when the United States is making preparations to enter the war. Now let Russia make her offensive and we will be able to talk of peace not in an equivocal manner, but openly, and this peace if they don't ask it of us, we will impose it. Ribot prefaced his reference to Russia by asking for postponement of the debate, because of conversations which the French Government has been invited to have by the Russian Government. He created intense interest when reading the message received from the Russian Minister of Foreign Affairs, which said: "Russia will never forget the calm with which France entered the war on our side, and will always remember that at the moment of the present crisis in Russia's existence it was the splendid effort of the French people which attracted the enemy's masses toward the West and thus permitted our Russian forces to gain time for reorganization."

### GERMAN TRENCHES RAIDED.

LONDON, May 22.  
Our troops successfully raided the enemy's trenches east of Vermelles at noon to-day, says the war office statement to-night. On the rest of the front there is nothing of special interest to report. The appointment of a food controller for Canada is urged by the heads of the Dominion Trades and Labor Congress. It is considered certain that the matter will come before the Cabinet Thursday. ### AUSTRIA WILL OFFER RUSSIA PEACE CONDITIONS.

AMSTERDAM, May 22.  
It is the Austrian Emperor's idea to offer very generous peace condi-

tions to Russia according to the German correspondent of the Tijd. These will include the integral re-establishment of Poland, a free passage through the Dardanelles and a loan to Russia. These proposals were discussed at a recent meeting between Count Czernin, the Austro-Hungarian Foreign Minister, and Dr. Von Bethmann-Hollweg, the Imperial German Chancellor at headquarters.

### RUMOR DENIED.

OTTAWA, May 22.

## And the Worst is Yet to Come

## THE JOY OF MOTHERHOOD

Words of Encouragement to Childless Women.

Motherhood is woman's natural destiny, but many women are denied the happiness of children simply because of some curable derangement.

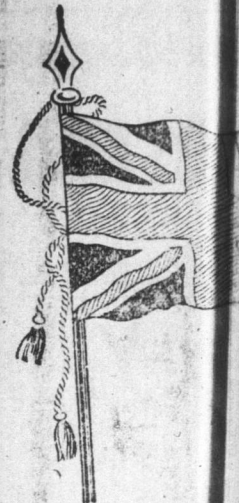

Among the many triumphs of Lydia E. Pinkham's Vegetable Compound is its marvelous power to overcome such derangements, as evidenced by the following letter:—

"I suffered from female ill, and was advised to have an operation, but a friend who had taken Lydia E. Pinkham's Vegetable Compound and who has six children, told me to try it. It has helped me so much that I am now well and have a baby boy who is the picture of health, and I thank the Vegetable Compound for my restoration to health."

Mrs. BEAT GANVY, 20 Hacker St., Worcester, Mass.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

Write to the Lydia E. Pinkham Co., Lynn, Mass., for it will be confidential.
