But these shipments would be weeks, perhaps months behind the Newfound-land shipment. Therefore the demand for early shipment is all in our favor. If the fish exporters would meet and discuss this matter, it no doubt would be found advisable to pool all the European fish, and a request be made to the Government to act at once, probably through the High Commissioner's office in London. Lord Morris also would cervainly be glad to interest himself in this important matter. It would probably the considered advisable to send, a special representative with packages of samples to interview Mr. Hoover
