Nearly a Blue Carnation

The nearest approach to a blue car-
nation that has yet been seen is one
of the features of the Royal Horticu-
lural Society's autumn show, which
opened at the Holland Park (London)
skating rink.

This carnation, which is exhibited
by Messrs. Stuart, Low and Co., when
viewed from certain angles, has a
distinctly bluish tinge, but with a ray
of purple. It has not yet been chris-
tened, but it is expected that its name
will be "Nearblue" (Nearer Blue).

Priest Who Failed to Stop

MAXIMUM PENALTIES FOR MO-
TORING OFFENCES.

The Rev. Father Cyril James Smith,
of St. Simon's Church, Putney, was
Shoreham fined the maximum penalty
of £20 for driving a car to the danger
of the public on the Worthing-Brighton
road at Lancing, on the night of Aug.
24th, with a further fine of £10
(again the maximum) for failing to
stop after the accident.

Evidence was given that the defend-
ant knocked down and ran over a
pedestrian, Mr. Howard Rayner, who
is still in a serious condition, and, de-
spite the shout of the man's compan-
ions, drove on through Worthing, he
and his car being eventually found in
a field.

The defendant did not appear owing
to ecclesiastical duties, but a plea of
guilty was tendered on his behalf,
with an explanation that he was un-
aware of the accident. The magis-
trate also directed his licence to be
endorsed and suspended for twelve
months.

Little Boy Was Scalded to Death

WINNIPEG, Oct. 12.—Placed in a
hot bath at the home of the Good
Shepherd, Donald Simpson, two and
a half years old, was fatally scalded
on Sunday. The youngster died in the
hospital after several hours of great
agony.

A maid at the home had charge of
the baby and had prepared the bath,
but states she did not know the water
was dangerously hot. Authorities have
commenced an investigation.

Nine Months' Work in Vain

HEAVY LOSS DUE TO THEFT OF
PIECE OF CLOTH.

A piece of cloth about two yards
square, whose loss will mean thou-
sands of pounds to the owners but
whose value is only a few shillings,
has been stolen from a large mill in
Bramley, Leeds.

The cloth was in a roll-top desk,
which was burst open. The piece had
been woven in it about a dozen of next
year's patterns, and was to be shown
to the London merchants.

Nine months' work had gone into the
designing and weaving of the cloth.

Thin, Pale, Tired? Look Out For Chronic Fatigue

One of the most insidious ailments
today is chronic fatigue. Thousands
are only half-alive, constantly suffer-
ing with weakness, nervousness, pal-
pitation of the heart, headaches, etc.,—
continually taking medicines—when,
in the great majority of cases, the real
trouble is chronic fatigue.

Chronic fatigue is entirely different
from the "healthy" fatigue you feel
after hard work. Chronic fatigue comes
from within. Your nerves, muscles,
organs, etc., have become run-down
and cannot function properly.

To conquer it you must go to its
cause—in the blood. For it is from the
blood that every muscle, nerve and
tissue gets its nourishment. So when
you are thin, pale, tired and run-down,
it is usually because your blood is thin
and pale, lacking in sufficient organic
iron to carry strength to the starved
tissues.

What you need, then, is not mere
tonics, but more organic iron in your
blood, so it can carry strength and vigor
to every part of your body.

But don't take the older mineral iron
medicines, which many doctors now
say do little good. Take organic iron
—Nuxated Iron—which is like the iron
in your blood and like that in spinach
and other foods. Unlike ordinary mineral
iron it will not injure the teeth nor dis-
turb the stomach, but is promptly as-
similated.

Take Nuxated Iron for just two weeks
and you'll be amazed how much strong-
er you feel—how the color comes back
to your cheeks and the sparkle and
life to your eyes. Money back if it
doesn't improve you. At all good druggists.

Boy's Tramp Towards Wembley

105 MILES ON FOOT "AND WORTH
IT"

Horace Needham, the 13-years-old
boy who tramped from his home in
Wolverhampton to Maidenhead, Berk-
shire—about 105 miles—on his way
to the British Empire Exhibition at
Wembley, returned to Wolverhampton
yesterday.

"It was the ambition of my life to
see the exhibition," he told a Daily
Mail reporter. "Children at school
told me how wonderful it was, and I
particularly wanted to see the Tattoo
and Tut-ankh-Amen's tomb."

"A porter from the Maidenhead
workhouse took me there on Satur-
day. It was simply wonderful. The
Tattoo was very nice, and Tut-ankh-
Amen's tomb was all right, only it
frightened me a bit seeing all the
mummies. Now I have seen it all I am
quite satisfied, and shall never leave
home again."

The boy's mother said this was his
sixth attempt to walk to Wembley. On
other occasions he got as far as Tow-
center, Coventry, Birmingham, and
Stratford-on-Avon.

"I used to sit by the roadside during
the day and walk at night," said the
boy. "I got food here and there, but I
never slept properly, only closing my
eyes for a little while."

"The day I had at Wembley was the
best day of my life, and it most worth
it!"—Daily Mail, Sept. 16.

What Causes Colds

The time-honoured notion that colds
are for the most part caused by in-
clement weather is ridiculed in a bul-
letin issued by the United States Pub-
lic Health Service.

Cold in the head, says the bulletin,
is unquestionably the consequence of
over-fatigue, which exposes the sys-
tem to the bacilli that float constantly
about. The majority of colds are
"caught" during the months when lit-
tle outdoor exercise is taken.

It is not cold or damp which causes
coryza (the technical word for the ail-
ment), but the substitution of stale
air for fresh.

A CRYING NEED.

"And wouldn't it be a wonderful
thing if, while mamma was getting a
permanent wave, papa could buy him-
self a 'permanent shave'?"—Dallas
Morning News.
