

# HYSLOP, SON & MCBURNEY.

THE • OLD • STORY

## Toronto Bicycle Club Races.

Half the races won at the above meet were on wheels sold by us. Four out of eight races is a fact to be proud of against all the best English, American and Canadian-made wheels.

Dr. Robinson, the veteran cyclist of Stratford, rode one of these wheels on Monday of this week from Stratford to Toronto and return in one day, distance 206 miles, and pronounces it the easiest running wheel in the world.

Crossley, the celebrated Canadian evangelist, says this wheel has a bad fault, it does not give him exercise enough, it runs too easy.

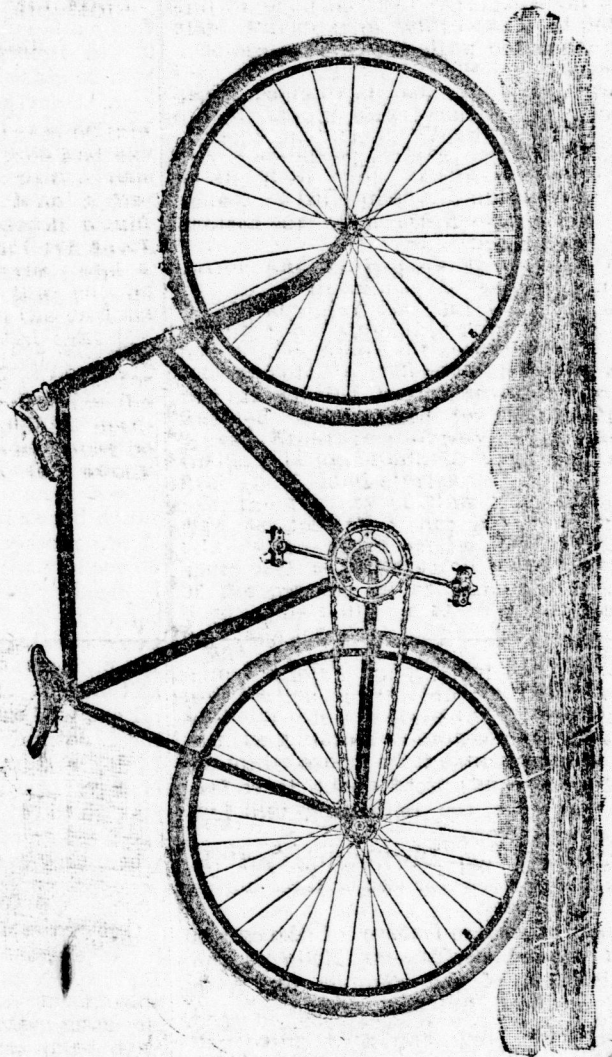

## THE HYSLOP WHEELS

Either in Women's or Men's, are without exception the handsomest, strongest, most durable and easiest running wheels produced in the world to-day, fitted with the celebrated

## Eolus Bottom Brackets and Hubs

The most mechanically correct brackets and hubs in the world, and are the only wheels in America fitted with these splendid parts.
