March Weather Rheumatic Weather

Victims Can Cure Themselves With Dr. Williams' Pink Pills.

With the coming of March people who are afflicted with rheumatism begin to have unpleasant reminders of their trouble. The weather is changeable-balmy and springlike one day, raw, cold and piercing the next. It is though romantic and attractive in But it does not wo such sudden chages of weather that sets the pangs and tortures of rheumatism, lumbago and sciatica going. But it must be borne in mind that although weather conditions start the pains, the trouble is deeply rooted in the blood, and can only be cured through the blood. All the lotions and liniments in the world can't cure rheumatism. Rubbing may seem to ease the pain while you are rubbing, but there its value ends. Only through blood can you cure rheumatism That's why Dr. Williams' Pink Pills have so many thousands of cures of this trouble to their credit. The new rich blood which they actually make drives out the poisonous acid and rheumatism is vanquished. Among many sufferers from rheumatism who been cured by this medicine is Miss Mary B. Kelly, South Dummer Ont. Miss Kelly says: "Some time ago I had a very bad attack of rheumatism. At times I would be confined to bed for a couple of days and would seem al- are used for each shoe.
