SEARCHERS FIND SECOND VICTIM OF LAKE ERIE

Recover Remains of Jack McPhail at Port Stanley Yesterday.

WAS STANDING ERECT

Position of Body Was Most Unusual One When Discovered.

BIG MILITARY FUNERAL

Arrangements Made for Union Parade of London Garrison on Sunday.

Both bodies of the London victims of last Sunday's boating fatality have now been recovered, the second body, that of Jack McPhail, being found yesterday afternoon about 4 o'clock, floating near where the body of Irving Penny was recovered in the morning, about 100 yards from Orchard Beach, and a double funeral with full military honors will be held on Sunday afternoon.

Sighted By Two.

James Rose, of Port Stanley, who had been rowing near the scene of the accident, which is marked by a buoy, started to row shoreward. He sighted what he believed was the second body. At the same time, Ed Penny, searching the water with binoculars, also saw something floating four or five hundred yards from shore. Mark Berry and E. H. Allport, of this city, secured a boat and rowed toward it. They arrived simultaneously with Mr. Rose.

Floating Erect.

The body was floating with body erect, a most unusual position. It was brought to shore in one of the boats and taken to the town hall, where Coroner Dr. Nettleton viewed the remains and decided that an inquest would be unnecessary.

Bodies Brought Here.

The body of Irving Penny was brought to this city at 2:30 in the afternoon, and the body of Jack McPhail was brought at 4:15 last night.

All the troops of the London garrison will parade from the armories at 2 o'clock. There will be two firing parties. These and the searchers will be selected at a meeting to be held this evening.

Private Services.

Services were held at the home of H. L. Penny, 642 Waterloo street, Sunday, at 3 o'clock, by Rev. R. W. Norwood, of Crown Memorial Church, and by Rev. W. C. Riddford, of St. George's, at 4 o'clock. The funerals will proceed to the armories at 10:30, and from the Egerton Street Baptist Church, at 3 o'clock, where the military cortege will proceed to Woodland Cemetery.

PORT STANLEY, July 24.—The jury, which under Coroner Nettleton, investigated the drowning of Irving Penny this afternoon, brought in a verdict that drowning was accidental. It was decided to hold no inquiry into the drowning of John McPhail.

The jury urged that steps be taken at once to appoint a paid life-saving crew to be stationed at Port, permanently, also that a pulmotor be secured.

[Canadian Press.]

PARIS, July 24.—The defense in the trial of Mme. Caillaux for the murder of Gaston Calmette, editor of the Figaro, today was caught in a trap ingeniously set by Mme. Gueydan, once the wife of the prisoner's husband. The principal argument of Maître Labori, counsel for Mme. Caillaux, has been that his client was driven to her desperate act in shooting M. Calmette through fear that two letters of which she was aware photographic reproductions existed, would be published by M. Calmette, and the secrets of her inner life thereby given the public.

This argument, it is said, will be reduced to nothing by the reading of the letters which Mme. Gueydan reluctantly gave over to Maître Labori yesterday. Today she declined to receive them back from M. Labori, and, replying to a question by Labori as to what she desired done with

SUNKEN EMPRESS SHIFTS POSITION AND IS A MENACE

Marine Department Must Mark Spot Because Masts Near the Surface—Will be Easier For the Divers to Get At the Treasure Rooms

[Special to The Advertiser.]

OTTAWA, July 24.—It is reported to the marine department that the Empress of Ireland is shifting on the bottom of the St. Lawrence. The vessel was found resting on her side by divers who first went down.

The boat is now coming to a more upright position on her keel, and the result is that the tops of the masts are now within 35 feet of the surface

at low water, and constitute a menace to navigation. The movement of the vessel steadily continues and the department expects to have the place buoyed in immediate, marking it as a danger spot and to dynamite down the masts as soon as possible.

The shifting of the boat will make it easier for divers to reach the strong rooms where treasure is stored.

Towns Placarded With Appeals for Enlistment in "Army of North."

[Special to The Advertiser.]

EL PASO, Texas, July 24.—Contrary to Washington advice that the administration was meeting with success in pacifying different factions among the Constitutionalists and that peace was near in Mexico. It was reported here on good authority that General Villa's agents were buying large quantities of arms at Chicago and St. Louis.

Agents of the National Constitutionalists, however, insist that none of the purchases had been made by General Carranza.

Coincident with this came further news that Villa was entrenching himself in his Chihuahua stronghold.

Arrivals from Santa Rosalia, Torreon, Chihuahua City and other points said they were most decidedly in favor of appeals for enlistment in the army of the North. Two pesos a day were offered, making a specialty of labor in mines and on ranches.

STEAMER HURON AGROUND IN FOG WITH 60 ABOARD

STRUCK SHELVEING ROCK

The John Haggart Has Gone From Little Current to Remove Passengers.

FORWARD HULL DAMAGED

Will Have To Be Released by Tugs—Damage May Be Slight.

[Canadian Press.]

LITTLE CURRENT, Ont., July 24.—The steamer Huron, belonging to the Star-Cole Line, Detroit, ran ashore on some shelving rock on the west end of Clapperton Island, 20 miles west of Little Current, this morning, in a dense fog at 3 o'clock.

The accident occurred within a few miles of the lighthouse.

The steamer John Haggart has gone from Little Current to take the sixty passengers off the Huron before tugs release her, as the rocks damaged the hull so that the forward compartment filled. The passengers will be brought to Little Current.

The Huron sails from Cleveland to the Soo via the North Channel and does a big tourist trade. The mate reports the damage slight.

Against this is the butter output as follows: 1908, 6,542,000 pounds; 1909, 6,550,000; 1910, 5,552,000; 1911, 12,988,251; 1912, 13,839,730; 1913, 18,336,376 pounds.

Those butter figures for last year look like a tremendous gain, but Mr. Hens finds that the figures include 2,722,739 pounds manufactured by the several Toronto creameries, at least one-half the amount for which was produced in Eastern Ontario. There are also included 2,065 pounds of butter made at the cheese factories in winter.

The total value of the dairy products in Western Ontario in 1913 was \$8,430,410.659, divided as follows: Cheese, \$2,979,905.83; butter, \$4,271.

ELOPERS REFUSED PARENTAL BLESSING

Irate Relatives Object Strongly to Youthful Marriage of Local Couple.

WEDDED IN YOUNGSTOWN

Returning to London, Find No Roses Strewn on Matrimonial Paths.

Vernon Cake and Dorothy Coombes, the youthful couple who recently eloped to Youngstown, Ohio, and were married, have returned to London after spending a two weeks' honeymoon in Cleveland and Port Stanley. Owing to the extreme youth of the two young people it is doubtful whether the proverbial parental blessing will ever be settled upon their heads.

Mr. Cake, who is but 17 years of age, was formerly employed in the drug store of H. J. Childs on Dundas street, and his wife, who is 19, was employed as a domestic by a family on William street.

Upon the arrival home of the young people they immediately repaired to their respective homes and sought the blessings which are usually forthcoming to the young who have entered the bonds of matrimony. In the case of Mr. Cake, he was met by an irate parent, who refused not only to give the desired blessing, but to recognize the girl as the wife of his son, according to the story told The Advertiser by the boy's mother.

Action will be taken to have the marriage annulled, it is said. The young people are now living at the homes of their respective parents.

BUTTER SUPPLY MEETS DEMAND, SAYS INSPECTOR

Marked Increase Shown in Output in Western Ontario.

CHEESE OUTPUT DECLINES

Forty More Factories Making Butter Instead of Cheese Than in 1908.

CHANGES IN FEW YEARS

Dairy Products for Last Year Valued at \$8,430,000.

[Canadian Press.]

A marked decline in the output of cheese in Western Ontario during the years from 1908 to 1913 is shown in the report of F. Hens, chief dairy inspector for Western Ontario, which was issued yesterday. At the same time, Mr. Hens finds an increase in the output of butter, which makes up for the cheese decline, and brings the butter supply up to the demand. The figures altogether show a remarkably strong position for the dairy industry in the district.

In 1908, Western Ontario produced 34,422,000 pounds of cheese, and in following years the falling off was gradual, except in 1909, when it was 35,748,000 pounds, and in 1912, when there was a slight increase over 1911. The figures are: 1910, 23,617,347 pounds; 1911, 27,600,982 pounds; 1912, 27,443,876; and in 1913, 31,055,321 pounds.

Against this is the butter output as follows: 1908, 6,542,000 pounds; 1909, 6,550,000; 1910, 5,552,000; 1911, 12,988,251; 1912, 13,839,730; 1913, 18,336,376 pounds.

DECLINE TO DISCUSS GENERAL STRIKE

Striking Carpenters Will Not Talk of Allied Unions Replies.

Local striking carpenters, now completing their eighth week out, stated last night that they expected the co-operation of the other building trades in their demands for a 40-cent an hour minimum wage, but declined to give out any information previous to the meeting this morning, when the reports from the bricklayers, plumbers, painters, steamfitters, lathers, plasterers, electrical workers and painters, will be read. Officers of the carpenters' local intimated last night that the plumbers, electrical workers and one or two other locals were in sympathy with them in their demands, but declined to discuss the probability of a general strike of the building trades. The bricklayers met on Tuesday night, but the consensus of opinion was against a strike. The executive committee of the bricklayers' union considered the situation.

IRELAND'S PEACE DEPENDS ON ATTITUDE OF LORDS; CONFERENCE IN DEADLOCK

Warning Issued To Ulster Forces Portends Strife

ARMAGH, Ireland, July 24.—A warning was issued today to the Ulster volunteers to be ready for instant mobilization.

It is stated that of the 9,000 volunteers in Armagh County, very few are without equipment, which includes Maxim guns.

ULSTER READY TO MOBILIZE FORCES

Volunteers Await Orders of Sir Edward Carson and Capt. Craig.

AGGRESSIVE PLANS MADE

Forty Thousand Men to Comprise First Line of Flying Column.

[Canadian Press.]

BELFAST, July 24.—The failure of the Buckingham Palace conference on Home Rule was known definitely in Belfast last night through telegrams from the Ulster leaders, and the official announcement this afternoon caused no excitement here.

The leading businessmen, clergymen, bankers and manufacturers, who had declared for an anti-Home Rule movement, were unanimous tonight in endorsing the uncompromising attitude of Sir Edward Carson and Captain James Craig, in demanding the total and permanent exclusion of Ulster from the workings of the Home Rule bill.

The business committee is suffering severely through stagnation in trade and tight money. There is unwillingness to order new stocks of goods with the fear of civil war hanging overhead.

A large proportion of the commercial world would endorse a settlement of the controversy on a compromise basis, but realizing that popular sentiment is against them, they dare not insist on anything less than Sir Edward Carson's original demand.

Make Impression With Arms.

The Ulster provisional government awaits orders from Sir Edward Carson and Captain Craig, who still are in London. It is believed here the next step will be a general mobilization of the volunteer force as a kind of "armed demonstration," which may impress the Government.

If the Government still is unyielding, it appears certain, according to declarations by prominent Ulster men, that a leading Irish newspaper says: "If the Tory die-hards had their way, and the Government broke in confusion and sent its supporters to the polls, without guidance, the result might be Tory victory, but let there be no mistake about what it would mean. Not only the country but the Empire would be in the hands of the Ulster men, but that it required stronger methods than the Government has taken against reactionaries and breakers of the peace, and from it will come a more formidable democratic movement than the country has yet seen."

WAR THREATENS EUROPE; BALKANS ARE AFLAME

Austria's 48-Hour Ultimatum to Serbia Involves Russia, Italy, Germany and Montenegro—Another Balkan War Imminent.

[Canadian Press.]

BELGRADE, July 25.—The contents of the Austro-Hungarian ultimatum to Serbia became known here last night in an Austrian newspaper report, and caused a great sensation.

The report states that the ultimatum conveys a great deal of information, and that it is expected that they will decide to make an evasive reply to Austria.

LONDON, July 24.—European diplomacy is faced with a situation of most extreme gravity, in the controversy between Austria and Serbia, and unless it is handled with great delicacy it is not unlikely that others besides these two powers will become involved in war.

An Austro-Hungarian ultimatum to Serbia, couched in a tone of almost unprecedented severity and fastening responsibility for the assassinations of Archduke Francis Ferdinand and his wife at Sarajevo recently, has been presented to Belgrade.

It demands satisfaction within forty-eight hours.

Compliance Would Be Humiliation.

The almost universal opinion in the European capitals is that the Serbian Government cannot comply with such humiliating terms as are set forth in the ultimatum since compliance would be tantamount to an admission of Serbia's guilt.

The Russian Government already is seeking to gain an extension of time for Serbia.

The efforts of European diplomacy should the Powers fail to avert the threatened war, will be devoted to localizing it.

Another Balkan War.

Montenegro has indicated her readiness to support Serbia in the event of an Austrian attack. This certainly would plunge the whole of the Balkans into hostilities. Austria counts on the neutrality of her allies, Germany and Italy, but with the possibility of Russian intervention on behalf of Serbia, Austria would run great risks of risings among her own Slav population.

Confres Fail to Bridge Narrow Differences of Ulsterites and Nationalists—Asquith Will Proceed With Amending Bill if Peers Are Willing.

PAPERS ATTACK THE KING

[Canadian Press.]

LONDON July 24.—Formal announcement that the Buckingham Palace conference on Home Rule could not bridge the narrow differences which created the Ulsterites and the Nationalists on the Irish home rule bill made to King George today by the Speaker of the House of Commons, Rt. Hon. James Lowther, and to the House itself by Premier Asquith.

While the failure of the King's attempt to bring about a compromise was well known Wednesday, the fact that the party leaders continue to discuss the question at issue kindled the faint hopes throughout the country that the deadlock might yet be dissolved. The definite fall of the curtain of the monarch's successful plan to bring face to face across the table the two who are most responsible for the present sensational crisis in British history, leaves the country in a mental frame of deepest pessimism.

ELECTION THE ONLY MEANS.

No one sees any possibility of a settlement of the dispute unless it is by the Government appealing to a verdict of the country through a general election, which would be considered generally not a compromise but a surrender by Premier Asquith's cabinet.

The information given publication by the Premier was brief and unisfying as to details. He said only:

"I have to inform the House that the conference summoned by Majesty the King, held four meetings, on the 21st, 22nd, 23rd and 24th July, respectively. The possibility of defining an area to be excluded from the operation of the Government of Ireland bill was considered. The conference, being unable to agree either in principle or in detail upon such area, brought its proceedings to a conclusion. A report was drawn up by the Speaker, the chairman of the conference, and presented to His Majesty the King."

DEADLOCK WAS FIRM.

Mr. Asquith added only that the amending bill which the House of Lords recently returned to the House of Commons, would be taken up Wednesday. The shortness of the conference indicates how firm the deadlock was. Notwithstanding the usual official secrecy, some of the participants felt bound to tell their supporters what had occurred, and the news has been disseminated through a widening circle.

Apparently Carson and Craig insisted upon their demand for the inclusion of the whole of Ulster in their Dublin Government. Tyrone has the bone of contention which neither side was willing to surrender.

The House of Lords amending bill, which embodied the concession the Government is prepared to offer, will come before the House of Commons Tuesday.

MAY ACCEPT AMENDING BILL.

The members of the Cabinet have not yet disclosed their plans to the Liberal members, but the talk in the lobby of the House tonight was that the Premier will say next Tuesday that the Government is prepared to proceed with an amending bill in its original form, if he believes the House of Lords is prepared to receive it as a peace measure. If not, he will withdraw it, and the Home Bill unamended will become a law, and be presented to the King for his signature.

The Premier may then advise the King to dissolve Parliament, and a general election would follow.

The passage of the Home Rule bill, without amendments, excluding any of Ireland from its provision, would be the signal for Ulster to start its provincial government.

PAPERS ATTACK KING

The Liberal newspapers continue to attack King George for the part he has taken in the conference. The Nation says:

"We do not quarrel with the King's idea of calling on both parties to a remedy, but in his summoning of the chief rebels to the palace, and his flagrant speech about the matter, he has done more to excite the passions of the people, and to bring about a general election, than he could have done by any other means. We wonder why British sovereignty and British constitutionalism are being led."

Speaking of the possibilities of a general election, the Westminster Gazette has a leading editorial which says:

"If the Tory die-hards had their way, and the Government broke in confusion and sent its supporters to the polls, without guidance, the result might be Tory victory, but let there be no mistake about what it would mean. Not only the country but the Empire would be in the hands of the Ulster men, but that it required stronger methods than the Government has taken against reactionaries and breakers of the peace, and from it will come a more formidable democratic movement than the country has yet seen."
