Good Roads Convention.

He adds that such advice The board of works will deal with the Discussing Germany's promise not to city's 1915 representation at the good roads convention in Toronto on March 22 to 26. In past years it has been the custom to send the engineer and a number of the aldermen.

The controllers have been advised that the State Life Insurance Company, the organization that insured the local men of the second contingent, would consider the purchase of a block of city five-year debentures, provided they were for six per cent. Thec ity made a proposal to the company to take these debentures in lieu of cash payment of part of the soldiers' insurance policies. Engineer's Report.

City Engineer H. A. Brazier submit-ted his report on the saving to the city in the construction of cement sewer tile by day labor. He estimated that on 17,200 feet of pipe, ranging from 15 inches to 24 inches, the saving would be \$382. He submitted a comprehensive statement, showing the economy of making the various types of tile by the city instead of purchasing from contractors. The report will be considered at length on Friday, and some recommendation made.

## DEATHS AND FUNERALS
