

DUMBA REQUESTS RECALL ON LEAVE

Wants To Explain To Foreign Office Actions in the States.

PREPARES FOR PASSAGE

Indignant That Message to the
Austrian Government Was
Made Public.

[Canadian Press.]
Lenox, Mass., Sept. 14.—The Austria-Hungarian ambassador, Dr. Constantin T. Dumba, today announced that he had requested his foreign office to recall him on leave of absence in order that he might make a personal report on the situation in the United States, which resulted in a request by the United States Government for his recall.

Most Indignant.
In authorizing the Associated Press to make the above announcement, Dr. Dumba expressed indignation that the text of his message to the Austria-Hungarian Minister of Foreign Affairs, Baron Von Buriar, already had become public without his consent or knowledge.

In view of "the situation," he said, he probably would not make public the statement of his position, which he had in mind to give to the American press. He would, however, have something to say through the Austrian press when he reached Vienna.

Sailing Not Certain.
Dr. Dumba said that he could not tell exactly when he would leave this country, but preparations for steamship accommodations were now being made through New York agents. Passage would be obtained on a Dutch or Norwegian steamer.

"I may say," said Dr. Dumba, "that I have sent this message to my Minister of Foreign Affairs: 'I beg your excellency to recall me on leave of absence for personal report.'"
"This was a purely official message, and now for the first time I authorize its publication. It was sent from the embassy by the only messenger I had to communicate with my Government, and to my astonishment it has become public, though not through the Associated Press, to whom I had planned to give a formal statement when I was prepared to do so."

DATE FOR SAILING.

[Canadian Press.]
Copenhagen, Sept. 14.—According to the cables from the Austria-Hungarian ambassador to the United States, will sail on the steamer Frederick VII from New York on Sept. 23 for Copenhagen.

Continued From Page One

EXPORTS OF U. S.

Russian supply, the visible export supplies of wheat in Canada, Argentina, Australia and India were placed at \$25,000,000 bushels—or sufficient to last till March.

Can Obtain Cotton.

Cotton is already held in large quantities in Great Britain, it was said, and by ginning the supply could be made to last till the end of the year. Egypt, now idle and untended, could be made to produce sufficient to take the place of what otherwise would be bought from the Southern States. The cotton would be bought, to a large extent, it was said, from the Argentine, and manufactured from the remaining neutral nations of Europe. American exports would dwindle to the least figures of the least years, it was said, for all Europe that came to the aid of the United States would import from whatever other markets it could find.

Such was the dark picture held up by financiers, who said that the possible failure of the commission to establish its hoped-for credit here. It is more to the interest of the United States, they said, than to the interest of either Great Britain or France that the mammoth credit be forthcoming. The commission, if its views were properly reflected, holds the opinion that, and, holding it, is not inclined to permit American bankers to dictate the terms of the loan.

Before the commission reached New York the belief was prevalent in some quarters here that Europe was virtually on her knees to the United States, begging for money, and that the American bankers were consequently in a position to dictate the terms. Those who held this view are said to have awakened with a start at a speech to find that the commission entertained no such belief, but maintained that instead of being master of the situation, the American bankers would be, to a great extent, suppliants themselves for favorable terms.

GOVERNMENT UNBIASED.

Washington, D. C., Sept. 14.—From high official quarters it was learned today that the United States Government neither would approve nor disapprove the loan which is being negotiated by representatives of the European Allies in this country. The position taken is that the matter has not been drawn to the attention of the Government by the bankers and that, therefore, they are free to act of their own accord, inasmuch as there is no legal obstacle in the way of the Government. The projected loan is regarded by high officials purely as a commercial credit, not differing from other commercial transactions in war supplies, which are permitted, under domestic and international law. There is every indication, it is learned, that the Washington Government will take no steps either to express its views formally on the loan or otherwise to exert its influence in the matter.

COLLINGWOOD PRIEST DIES AT THIRTY-FIVE

COLLINGWOOD, Sept. 12.—Rev. George Kernan, parish priest of St. Mary's Church here, passed away today after an illness extending over some weeks. He was born in St. Catharines 35 years ago.

About a year ago he was appointed secretary to Archbishop McNeil and also given the chancellorship of the archdiocese of Toronto, both of which positions he was forced to resign, owing to ill-health, in November last.

PORT STANLEY RED CROSS.

PORT STANLEY, Sept. 13.—The Red Cross committee shipped on Saturday 12 dozen rolled bandages, 8 day shirts, 11 pillow cases, 2 pairs of socks, 4 pairs of trousers, 1 pair of shoes, 1 pair of mittens, and one private parcel. The committee will meet again on Thursday at the home of Mrs. Cromwell. Forty jars of jam have already been donated.

WATCHING FOR ZEPPELINS IN LONDON

Building at Hyde Park corner, upon which a powerful searchlight has been mounted to sweep the sky in all directions for German air pirates.

GERMANS WAIT ON ROUMANIA BORDER

Report Says Relations Have Reached Critical Stage, Teutons Pressing.

BALKAN UNDERSTANDING

Greece, Roumania and Servia Taking Steps, Leaving Out Bulgaria.

[Canadian Press.]
London, Sept. 14.—A dispatch to the Times from Sofia says that the relations of Roumania with the central powers have reached a critical stage. The German Government, in a recent note, demanded permission for the passage of Austro-German troops through Roumanian territory and the fulfillment by Roumania of an undertaking to supply benzine and other supplies to a value of \$40,000,000. Over 2,000 German wagons laden with war material are waiting on the Roumanian frontier.

PREPARE FOR TROUBLE.

London, Sept. 14.—A partial mobilization of Roumanian troops has been ordered in preparation for eventualities following the concentration of Austrian forces in Transylvania, according to reports from Bucharest, says a Reuter dispatch from Athens.

NO IMMEDIATE MENACE.

Athens, Sept. 13, via Paris, Sept. 14.—The situation on the Roumanian frontier is not considered immediately menacing by persons in official circles here, especially in view of the fact that Roumania is not yet fully prepared for the emergency. The tenacity of the situation has prompted steps, however, for a closer understanding between Greece, Roumania and Servia, with a view to the formation of a Balkan understanding.

PLEA TO BULGARIA.

Sofia, Bulgaria, Sept. 11, via London, Sept. 14 (delayed in transmission).—The correspondent of the Associated Press was given the privilege today to read an interesting document addressed by Armenians to the Bulgarian Government, interceding with the Government in behalf of the Armenians in Asia Minor, whom it is asserted nearly 85,000 have been driven from their homes.

The Government is requested to use its good offices to ameliorate the condition of the Armenians. Of those who have been driven away to other parts of Asia Minor, the document says that a number of them have been killed or are missing. It does not, however, state their number.

Bishops Murdered.

The petition says that many of those deported had adopted the Moslem faith. The bishops molested are said to include one burned alive, three hanged, three murdered, seven interned and two arrested. The fate of some of the other bishops is declared to be unknown.

The document says the figures given in it show accurately the number of Armenians forcibly translated from their homes to other parts of Anatolia and Mesopotamia. The petition asserts that massacres took place at certain points and also that many of those who were forced to leave home for other places died as a result of hardships on the roads.

BISHOP OF POGIA DIES IN ST. THERESE HOSPITAL

Mgr. Racicot Was Also Rector of Laval University.

[Canadian Press.]
Montreal, Sept. 14.—Mgr. Racicot, Bishop of Pogia, died this morning, after a long illness at Hospice Drapeau, St. Therese.

Francois Theophile Racicot was born at Sault au Rocquet, Laval county, October 13, 1845. He was ordained to the priesthood in 1870. He became procurator of the archbishop's palace in 1871 and vicar-general of the archdiocese of Montreal in 1887. After being created apostolic protonotary, he was elected bishop of Pogia and auxiliary to Archbishop Bruchesi in 1905.

Mgr. Racicot was also rector of Laval University. He took part in the tercentenary of Champlain at Plattsburg, N. Y., in 1910. He retired soon afterwards, owing to nervous trouble.

SIR WILFRID MAKING WONDERFUL PROGRESS

[Special to The Advertiser.]
Ottawa, Sept. 14.—Sir Wilfrid Laurier is making wonderful progress toward recovering from the effects of the operation upon him last week. It is stated that he will leave the hospital and return to his home in the course of a few days.

THE DIARY OF MARS

Landings of additional large bodies of British and French troops on the Gallipoli Peninsula are reported from Mytilene.

Paris hears that the allied fleet has silenced Turkish batteries on the Asiatic coast in the Dardanelles, which were able to reach camps of the expeditionary force with their fire, and that steady progress is being made against the Turks on the peninsula.

The current official statement from Constantinople on the Dardanelles operations mentions only artillery firing through which the Turks claim to have driven off hostile warships and to have broken up infantry formations near Anafarta and Seddul Bahr.

Teutonic demands that supplies for the Turks be allowed to pass through Roumania and various moves made supposedly in connection with these demands attract attention to the Balkan situation.

CABINET DEBATES ON CONSCRIPTION

[Canadian Press.]
London, Sept. 14.—4:25 p.m.—Official admission that the cabinet is seriously debating the subject of conscription was made public for the first time in the House of Commons this afternoon.

SCHEME TOO BROAD FOR RUSSIAN GOVERNMENT

Duma's Demands Discussed by Premier and Czar Nicholas.

[Canadian Press.]
St. Petersburg, Sept. 14.—Premier Goremykin has returned from his visit to the headquarters of Emperor Nicholas, whither he went to discuss with the Emperor the program of reform legislation put forward by the new Liberal majority in the Duma. The viewpoint of the Government is that the presentation of such a broad scheme is unlikely.

DISCUSSION OF CHANGES IN THE MINISTRY HAS BEEN REVIVED.

Continued From Page One

LONDON'S DEFENCE

It would be improper to give any information in regard to what was being done.

Questions Asked.
The member who questioned Mr. MacNamara was anxious to know whether the Government at this late date was seriously considering, for the first time, the defence of London, and whether the admiralty had studied carefully the steps so successfully taken for the protection of Paris from air attacks. Beyond saying that he could not accept the proposition that the Government was not prepared to defend London and announcing that Admiral Sir Percy M. Scott had already assumed his duties in charge of the gunnery defences of London against aircraft, Mr. MacNamara declined to be drawn out.

TANGOING JITNEY.—A big jitney bus went through a number of gyrations on Dundas street this morning, backing onto the sidewalk near Wellington street and smashing the wheel of a bicycle. Apparently the driver lost control.

STANTON—MAHLER.

BOTHWELL, Sept. 13.—A pretty wedding was solemnized on Thursday in Grace Church when the eldest daughter of Mr. and Mrs. George Mahler, Mabel Margueretta, was united to Edward R. Stanton of Detroit. Rev. Tully of Thamesville performed the ceremony.

The bride was given away by her father. She wore a gown of white duchess satin trimmed in shadow lace and a flowing veil hemmed with pearls, and carried a shower bouquet of white roses and lilies of the valley. The bride was attended by Miss Josephine Mahler, gowned in a pale blue satin trimmed with chiffon overlace and carrying a shower bouquet of pink rosebuds. The groom was assisted by Mr. McKinley of Detroit. Miss Katharine Bidner of Alvinston played Mendelssohn's Wedding March. After the ceremony the wedding party motored to the bride's home, where a dinner was served. Immediately after the dinner the bride and groom motored to Thamesville, where they took the 7:20 train for Detroit and Winnipeg. The bride's traveling suit was of a dark blue serge and a black tulle hat mounted in paradise feathers and jet beads. The out-of-town guests were from Chicago, Detroit, Windsor, Chatham, Thamesville, Dresden, Rodney, Delaware, Alvinston and Granton. The couple will reside in Detroit.

NEW REGULATIONS FOR IMPORTS INTO GERMANY

[Canadian Press.]
London, Sept. 14.—Reuter's Amsterdam correspondent forwards a dispatch from Berlin concerning a decree promulgated yesterday by the German Federal Council. Under this ruling cereals and peas, beans and other leguminous articles imported from abroad must be delivered here to a central purchasing company in Berlin, on conditions fixed by the imperial chancellor. This ruling does not apply to imports from occupied territories.

TORTURED BY RHEUMATISM

Sunday School Supt. Tells How "Fruit-a-lives" Relieved.

Toronto, Ont., Oct. 1st, 1913.
"I have lived in this city for more than 12 years and am well known. I suffered from Rheumatism, especially in my hands. I spent a lot of money without any good results. I have taken 'Fruit-a-lives' for 18 months now and am pleased to tell you that I am well. All the enlargement has not left my hands, and perhaps never will, but the soreness is all gone, and I can do any kind of work. I have gained 35 pounds in eighteen months."

EXCHANGING NOTES TEUTON LONG SUIT

Delay in American Situation Exactly Suits Plans of Germany.

CONTINUING MURDERING Would Refer Everything to Hague and Keep on With Policy.

London, Sept. 14 (In Montreal Gazette).—The Daily Chronicle in an editorial on the German-American situation says:

"Germany is playing for delay, and it suits its game that the American cabinet should cling as long as possible to the idea that Von Tizpitz's piratical plan may be abandoned. The policy statesmen, who set more store than he does by their American friendship, the possibilities of a peaceful persuasion before resorting to any other. Unless he took this course, the President could not hope to have his country behind him. At the same time, to take it an infinitum would be to concede to Germany in substance all that she wants. She will be physically content to go on exchanging notes till Doomsday, provided she is able at the same time to go on murdering non-combatants at sea. She would be admirably suited by her suggested system of referring each case as it arose to The Hague, without disturbing her practice either during or after the trials.

"Sooner or later, and sooner later than later, the American cabinet, much as it naturally dislikes the prospect, will reach the stage when words will cease to be possible preliminary to deeds and become a palpable substitute for them. A good deal of discussion will turn on its choice between the alternatives."

IMPROVING RELATIONS.

[Canadian Press.]
Berlin, Sept. 13, via London, Sept. 14.—American Ambassador Gerard had long conversation last evening with Herr von Jagow, the German minister for foreign affairs. The discussion did not specifically concern the maritime question, nor was it evoked by any new developments in connection with the Dominion Bridge conference after the conference that both the imperial Chancellor and the Foreign Minister are endeavoring to improve German-American relations.

Work Under Difficulties.

Prominent and well-informed persons in Berlin express the belief that the relations between Germany and the United States are clouded thus far as possible the chances of turpiding ships under conditions to which the United States objects.

It is pointed out, however, that they are working under difficulties, particularly in view of the keenness and amplitude of the naval arms race and public opinion, which is proud of the submarine achievements, and is quick to protest against any open indication of a backdown.

Press Tone Changes.

The reflex of this attitude can be seen in the press, from which an abusive tone towards America of late has been conspicuously absent. This is shown particularly in the comment on the Dumba incident, almost all the papers which comment strikingly frankly and without bitterness that the United States is justified in the action it has taken, and pointing out that it need not affect Austro-American relations, although, at the same time, attempting to excuse Dr. Dumba through his patriotic interest in the Austro-Hungarian empire.

Furthermore, little is heard upon the munitions question, and some of the comment is in friendly tone.

STOP JEERING.

London, Sept. 14.—The Daily Sketch, a picture paper with an enormous circulation, under the caption "Don't Blame the President," prints an editorial which comments strikingly frankly and without bitterness that the United States is justified in the action it has taken, and pointing out that it need not affect Austro-American relations, although, at the same time, attempting to excuse Dr. Dumba through his patriotic interest in the Austro-Hungarian empire.

Reminding its readers that the population of the United States includes millions of Germans, the paper says: "Whatever his own private sympathies, it is the business of the President to consider the interests and sympathies of his whole people. It is an error to think that the President can maintain peace with honor if his bounden duty to do so. Let us mind our own business and leave the President to mind his."

BOURSE HEAD DEAD.

[Canadian Press.]
Paris, Sept. 14.—4:10 p.m.—The death was announced here today of Gaston Dreyfus, head of the governing committee of the Paris Bourse.

HOME GUARD DRILL TONIGHT.

SARNIA, Sept. 13.—The Sarnia home guard will hold its first drill at the armories Tuesday evening, and it is expected that a large number of married men and others will be out for the drill. It is planned to hold the drills on two nights each week, likely Tuesday and Thursday. On nights when the weather is disagreeable lectures on the blackboard will be given at the armories.

McCormick's Jersey Cream is the Finest Soda Biscuit in America!

COME AND SEE WHERE THEY ARE MADE!

Picture a gigantic building of pure dazzling white terra cotta that looms up like a great snow palace as you approach it. It is hard to realize that this is an industrial plant busy turning out tons and tons of biscuits and candy daily. Inside, the same white purity prevails. Walls, tables, floors, even the employees, are in the same spotless white.

A trip through this new million-dollar factory has been described as a journey through "a veritable palace of sweets." It is an experience of a lifetime for many. The plant is open to the public, just five minutes walk east of the exhibition grounds on Dundas street.

Don't miss seeing this 20th Century industry in full operation. Guides will be provided to explain everything to you.

The McCormick Mfg. Co., Limited, London, Canada

BIG JOB RECOVERING LOGS.

SARNIA, Sept. 13.—With over a million feet of pine logs strung out the whole length of the St. Clair River, the officials of the Cleveland-Sarnia sawmills have several months of hard work ahead of them to recover the property.

Last night shortly before 7 o'clock the level of the water in the river dropped four feet in about as many minutes, owing to a storm driving the water back into the lake. The outgoing rush of water from the bay which is only a couple of feet deep, carried the logs of the upper bay with great force against the boom logs, and these gave way, letting the logs loose into the river.

Flogs worked on the floating mass, and many were caught with another boom and taken back to the bay, but 50,000 pieces are between here and Algona, many on the shores of the Canadian side and on the islands, but a good number is still going towards the lake.

ADDITIONAL MARKETS

WINKESPORT MAN ROBBED.

SARNIA, Sept. 13.—It has been reported to the local authorities that Joseph Ward, an elderly man, of Wilkesport, about 30 miles from here, was robbed of \$165, while he was sleeping with a man by the name of William Clancy, in a hotel at that place, on Friday, and that Clancy disappeared the next morning.

Clancy was flush with cash, and paid an extra fare to be driven out to Sombra, where he crossed over to the American side at Marine City. From here he travelled to Port Huron and was followed by County Constable Purdy of Wilkesport. Purdy did not, however, endeavor to head the man off with the use of a phone, and he left for Detroit, doubling on his track, as it were.
