Foreign Exchange.

Rates of exchange, as reported by Maillius Jarvis & Oo., stock brokers, are as follows:

Reeve Hill of the Township of York, who is at the head of the movement for the abandonment of the York roads to the municipalities through which they run, interviewed vesterday afternoon in the matter, said that the bylaw providing for the same carried bylaw providing for the same carried in the county council by a vote of 29 to 17, would be submitted for the approval of the Lieutenant-Governor-in-Council about Sept. 1. Of the 13 municipalities interested, York, Scarboro, Etobicoke, Whitchurch, East Gwillimbury, North Toronto town and East Toronto village had declared in favor of the bylaw. That of King had given the bill the six month's hoist, and Markham had returned the copy of the bylaw sent it, with a refusal to comply. The township of Vaughan the towns of Richmond Hill and Aurora and the village of Holland Landing were yet to be heard from. Asked if Markham was not to hold a meeting to protest against the proposed disposal of the roads, the reeve replied that at the request of 60 ratepayers of the district, Markham, Vaughan and Richmond Hill had called a meeting at Woburn at 6 o'clock on the evening of Richmond Hill had called a meeting at Woburn at 6 o'clock on the evening of the 20th inst., to consider the action of the representative of Scarboro in the matter. Mr. Hill said that the deficit of \$22,000 last year in the funds set aside for road maintenance in the county had made the step advocated an absolute necessity. The question had been coming up now for 16 years, and with one exception, when its adoption was defeated by a difficulty between the city and the county with reference to the Lake Shore, had been lost on each occasion. It was only when he had dropped the principle of maintaining the roads by a general county tax and adopted that of maintenance by interested municipalities that county tax and adopted that of manner nance by interested municipalities that the present understanding had been arrived at. The reeve says he now has full faith in the ultimate success of the movement.
