

BOSANQUET COUNCIL

Council met on the 8th inst. All the members present. Minutes of last meeting read and confirmed.

A by-law for the construction of the Spearman drain was provisionally adopted. A by-law was passed for the repair of Golden Creek drain on Lot 40. L. R. E., and a by-law was passed appointing Wm. Brander tax collector in place of James Scott resigned.

The reeve and MacDonald were appointed commissioners on the Golden Creek drain.

The reeve was instructed to appeal against the engineer's report for the North Street drain by-law as the proposed work would make too wide a ditch along the towline.

A communication was received from Honeyford & Leash, Barristers, Toronto, claiming damages for injuries sustained

by Joseph, Lottie and Gladys Calvert from the alleged defective condition of sidewalk 27, and a communication was received from Fardee, Burnham & Gurd claiming damages for injuries sustained by Olga, Irene and Bertha Elliot at the same time and place; a communication was received from Mrs. Elsie Bailey, of Emskillen, claiming damages for injuries received on con. 14, and the clerk was instructed to notify the several parties the Bosanquet council is not responsible as the said roads are under the jurisdiction of the County Council.

The following orders were given:—S. Williamson \$35, Bosanquet's share of work on the Williamson Award drain; Simeon Kemp \$15.75, C. Willert \$15.75, and Wilfred McKellar \$21, work on Finchill bridge; C. Medcoff \$64, work on Grant drain and \$786 work on Mud Creek drain; W. N. Ironside \$129.10 cement, etc.; T. C. Fuller \$40.55, repair-

ing bridge con. 16; R. Tidball \$57.50 commission on bridges; J. Menhenick \$12 commission on large bridge; W. McDonald \$3 to pay commission on Grant drain; G. Sutherland \$15.50 postage, deeds, stamps, etc., salary \$100; Arthur Maidment \$27 work on Russell drain and \$5 work on Brooks-Nidderly drain outlet; Geo. Smith \$18 unloading tile for Hilborn drain, W. A. Crerar \$22.50 freight on tile; Forest Free Press \$2.70 and Forest Standard \$2 ads. re Judge's Voters List Court.

Council adjourned to meet on Monday, Oct. 7, at 10 a.m. as a Court of Revision on the Spearman Drain and for general business.

GEO. SUTHERLAND, Clerk.

The experiment of motion pictures at Sunday services is to be made by the Presbyterian church at Hallville, County of Dundas, Ontario.

CHILDHOOD CONSTIPATION

Constipated children can find prompt relief through the use of Baby's Own Tablets. The Tablets are a mild but thorough laxative which never fail to regulate the bowels and stomach, thus driving out constipation and indigestion; colds and simple fevers. Concerning them Mrs. Caspard Daigle, Demain, Que., writes: "Baby's Own Tablets have been of great benefit to my little boy who was suffering from constipation and indigestion. They quickly relieved him and now he is in the best of health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Williams' Medicine Co., Brockville, Ont.

Douglas McKellar who conducted a dry goods store in Strathroy for many years, died Sept. 11th.

KERWOOD

St. Paul's church, Kerwood, which has been closed for the past ten weeks for repairs, painting, decorating, arrangement of pews, etc., will be reopened on Sunday next, Sept. 28th, with three services, at 11 a.m., 3 p.m. and 7.30 p.m. The preacher at the morning and evening services will be Rev. Prof. T. G. A. Wright, B.A., of London. The afternoon service will be a Children's Rally, to which the adults are also invited to attend. The chief speaker in the afternoon will be Miss Armstrong, of Strathroy. Rev. Mr. Wright will also give a short address. The interior of the church now compares favorably with the best churches in the vicinity. The re-arrangement of the pews and furniture was done by Mr. Silas Cook and was accomplished in a satisfactory and workman-like manner. The painting and decorating is most pleasing and artistic and reflects great credit to the workmanship of Mr. V. M. Varley, of Parkhill, as a master artist in church decorating. A large attendance is anticipated at all the services. The offering will be for the church improvement fund.

Hanna Trophy Contest

The Lambton County Corn Growers' Association announce the following results for the Hanna Trophy Contest for the best four acres of corn grown in the county:—

- 1st—John McRae, Port Lambton, White Cap Yellow Dent.
- 2nd—George Trusler, Camlachie, Minnesota No. 13.
- 3rd—T. H. Lovell, Alvinston, Wisconsin No. 7.
- 4th—Stewart McDonald, Port Lambton, Bailey.
- 5th—L. G. Oke, Alvinston, Golden Glow.
- 6th—Royn Innis, Port Lambton, Bailey.
- 7th—Jos. Maw, Corunna, White Cap Yellow Dent.
- 8th—James Hand, Alvinston, Golden Glow.
- 9th—James McCallum, Alvinston, White Cap Yellow Dent.
- 10th—Joseph Hackett, Petrolia, White Cap Yellow Dent.

Mr. P. L. Faucher, Corn Specialist for the Province of Ontario, commenting on the quality of the fields of corn entered in the contest, was high in his praise of the corn grown in the county. The prospects of an entirely Winter Fair building giving greater space than is now available, Lambton Corn Exhibition will surpass all previous shows.

Detroit-Biltmore has been chosen as the name of the 23-story hotel it is proposed to erect on a site facing Grand Circus Park, in Detroit.

T. V. RIDLEY, Auctioneer.

DELCO LIGHT

The Complete Electric Light and Power Plant

Lights
the
Home

Pays for Itself

Pumps
the
Water

ANY one of over 75,000 users will tell you that Delco-Light pays for itself.

In money.

They will tell you that the pleasure and comfort of Delco-Light cost you nothing.

Delco-Light does work on the farm. Saves time for more productive things. Its electric power will, in most cases, save enough time to pay for the complete Delco-Light plant in three years.

The electric light you get free.

CHORES are non-productive work. Cut down chore time and you can do things worth money to you. Wm. Schneekloth says the electric power from his Delco-Light plant saves him 8½ hours a week on the churn, separator and washing machine alone—over 40 working days in a year. Think of the money he can make in those forty days.

On the Helms farm at Belleville they use Delco-Light power for the chores—in milking and feeding stock, in pumping water, in ironing and washing—and save 19 hours a week, or about three months of one man's work in the year. Here's a hired man's work for three months which Delco-Light does. The cost of operating Delco-Light is less than the cost of oil for oil lamps.

But operating the small machinery around the farm is only a part of the work which Delco-Light does for you. Take the question of pumping water; with Delco-Light you can have water under pressure at taps anywhere on the farm. You can water stock easily and quickly. You can have hot and cold water in the house. S. W. Cooke & Son, of Maysville, have a big herd of Holsteins. Delco-Light has pumped the water and done the milking for three years. They figure that their saving is not less than \$1,800. As Mr. Cooke says, they could pretty nearly afford a new Delco-Light plant every year. And remember this saving does not include the convenience and comfort and saving of electric lights.

J. H. Lackey raises Polled Jerseys and Poland China Hogs. He, also, needs a lot of water. His Delco-Light outfit enables him to get along without two men he formerly hired.

AROUND the house there is a great big saving of time and work for your wife—time she can very well use for her chickens or her garden or her dressmaking. A. F. Hinnenkamp tells us that Delco-Light saves his wife 416 hours of housework a year by operating an electric iron, a vacuum sweeper and a washing machine. Besides—no lamps to clean, no matches to use, no danger of fire, lots of light.

C. F. Tressin adds in the time saved from cleaning lamps and makes a total of 547 hours a year. Think of all the things your wife could do with that extra seven weeks. And then you have electric light. You can't know the joy and comfort of electric light till you have experienced it. Just press a button and release a flood of bright, clean, safe light. No matches. No lamps. No danger. Delco-Light gives four times as much light from a gallon of coal oil as a lamp gives.

DELCO-LIGHT is a complete electric light and power plant, easy to install and easy to care for. It will give twenty-four-hour-a-day electric light and power service.

Delco-Light is direct connected. There are no belts to slip, break or be replaced.

It is self-cranking. Pressing down a lever starts the engine.

It is air-cooled. There is no water to carry, to freeze, or to boil away.

There is only one place to put oil.

A simple mixing valve regulates the fuel supply. There is no complicated carburetor.

Ball and roller bearings cut down friction to a minimum.

Long-life batteries mean economy.

You need to know more about Delco-Light. We have fully illustrated literature showing Delco-Light in operation. Write your nearest distributor for it.

Throughout this advertisement we have quoted from letters received from Delco-Light users. Each of these letters is accompanied by an affidavit. We have prepared a folder reproducing some of these letters, and with photographs of some farms where Delco-Light is used. Your nearest distributor will be glad to send this book to you.
