THE MONITOR PRESS

A. C. R. A. Matches

Beautiful weather found the members of the Annapolis County Rifle Association on Friday the 25th inst. when they met on the Bridgetown range for their annual matches. The attendance was small owing to the fact that the Association receives no money grant as formerly from the government, and consequently there is nothing but love of the sport of shooting, and the cups held by the association to call the members together. The following is a list of the twelve highest scores made in each of the matches together with the four highest aggregate scores for the entire shoot:

The Pickup Cup Match.

Ranges 200, 300 and 400 yds. 7 shots each	
Capt. J. E. Morse (cup) 99 points	
Pte. B. M. Williams 98 "

Inglewood School Notes

Inglewood school was visited by Inspector Morse on June 22nd, who expressed himself well pleased with the progress made by the pupils, noting their tidy appearance, also cleanliness of schoolroom and surroundings. The public examination took place on the same day and was largely attended by parents and those interested in school work of their own race, trustees and secretary being present at some sacrifice to themselves. This school is an object lesson to many sections with far higher privileges, attendance being regular and no child is kept home without sufficient cause. Though somewhat handicapped by having school in session only half of the year the progress of pupils is apparent, proving, with equal privileges an education fitting for life's duties can be acquired by their race. It is to be hoped some lover of humanity will be induced to complete the work which has been begun. Any books suitable to the "child mind" would be thankfully received. During past year, grades stand respectively thus: Two in grade I, Four in grade II, Six in grade III, Five in grade V. There are seventeen pupils enrolled.

We must not go about as many do, masking our real selves behind a boisterous, throaty, mirthless laugh which is emitted when there is nothing to laugh about and which awakens no response in the breast of any who may hear it. The honest laugh—come from where it will—is contagious. The masking of self behind some personal peculiarity, cuts us off from the full confidence of discerning persons, warns people away and often defeats the very ends for which we are exerting our energies.

Subterranean Waters Undermining the Town of Antigonish

The Sydney Post says:—Great stretches of road are disappearing from the highway six miles from the town of Antigonish, and the people are greatly alarmed. The first cave-in occurred five weeks ago, when a section fifty feet long by twenty wide disappeared, carrying a telephone pole out of sight. No sooner had this opening been filled with brush, and stone than another cave-in took place, when a strip of road 100 feet long disappeared. The hole made on this occasion was forty feet deep and thirty feet wide. The cavity is now filled with water and is a small lake. The road commissioners went to the scene from Halifax, and while they were investigating, another portion of the road fifteen feet long by ten in width disappeared, and next day still another, 200 feet from the first cave-in sank from view. The Intercolonial railway track is also affected, the rails having settled over a foot in two places. The road commissioner says subterranean waters are dissolving the plaster far beneath the road, and that the district will eventually become a large lake. It has been decided to build 2,200 feet of new highway to the rear of what the people consider a death trap, and which is very dangerous.

Heaton Acetylene

Mr. Joseph E. Lloyd has installed in his store on Granville Street an Acetylene Gas Generator as a "flaming" which attracted great attention on Saturday night. The plant installed by Mr. Lloyd is a 30 light generator and its light-giving power is wonderfully brilliant and steady. Acetylene gas is rapidly coming into general use and is largely taking the place of the usual lighting methods—this light being (as demonstrated by the science department of Cornell University) the only artificial light approaching the exact rays of sunlight. Its superiority over all other lighting methods has been practically demonstrated in the United States and Canada, having been installed in hundreds of thousands of cases where it is giving unbounded satisfaction and people whose eyes soon tire from reading by ordinary lighting devices find the sun-like rays of acetylene enable them to read without fatigue to an extent unknown in any other artificial light.

The Heaton Generator installed by Mr. Lloyd is unquestionably the most compact, efficient and perfect generator on the market, being the result of long years of close scientific study and application; it is neat in design, simple in construction, perfect in workmanship, automatic in action and self-contained; it has no valves, chains, weights, tubes, stuffing boxes, rubber gaskets, triggers, or levers of any kind in its construction to get out of order and it can be changed and cleaned by any person in a few minutes.

Mr. Lloyd is to be complimented upon his business acumen in securing such a beautiful light to sell further attract patrons to his well-equipped and centrally located store.

BEHIND THE MASKS.

After all that which the world likes best in us is sincerity, especially in small things. Our friends like us best for that which we have sincerely done for ourselves in the master of character building, of developing our positives because the more and the better we develop the positives the more light we radiate.

June Weddings

MARSHALL—LEAMAN.

A quiet but very pretty wedding took place at the home of Mr. and Mrs. John Leaman, at Sydney, on Wednesday, the 16th inst., at 3 o'clock p. m., when their daughter, Miss Ethel R., became the bride of Mr. Eliza B. Marshall, of Sydney. The ceremony was performed at the simple but very pretty decorations of the parlors. The officiating clergyman was the Rev. O. H. Chipman, pastor of the Pitt Street Baptist Church, Sydney. The bride entered the parlor leaning on the arm of her father to the strains of Lohengrin's Wedding March, played by her sister, Miss Bertha Leaman. The bride wore a handsome and very becoming gown of cream silk chiffon over cream satin trimmed with Irish point lace, and carried a bouquet of roses and lily-of-the-valley. Both bride and groom were unattended. The ceremony was witnessed by a number of relatives and friends of both families, many being from Sydney. Among the out-of-town guests were Mrs. John Milton, Mrs. Archibald Leaman and son, and Miss Jeanette Leaman, of Moncton. A dainty luncheon was served during the evening and Mr. and Mrs. Marshall left on the 11.10 car for their future home in Sydney, attended by the wishes and congratulations of their friends. The bride received many presents, among which were beautiful gifts of cut glass and silver. She has been one of Glace Bay's most popular young ladies and has the best wishes of all her friends for much happiness in her wedded life. Mr. Marshall is a brother of Mr. Herbert Marshall, D. A. R. section foreman, of Bridgetown.

FLETT—GATES

A beautiful home wedding took place on the lawn of Mrs. W. Gates, Melvern Square, when her youngest daughter Emma V. was united in marriage to Ralph C. Flett of Malden, Mass., Tuesday morning June 22nd at 9 o'clock. The bride looked beautiful in a dress of white voile trimmed with silk and Irish lace. She was unattended, but her pathway was strewn with flowers by her little nieces, Catherine and Ellen Marshall and Edna and Belle Clark all of Bridgetown. She was given away by her uncle, Mr. Edward Woodworth of Perwick, N. S. The presents to the bride including cash, silver and cut glass, one very beautiful coming from London, England. The happy couple left Kingston Station on the express for their home in Malden, Mass. where they will reside. All wish them a long and happy life.—Outlook.

JONES—HALL.

An interesting occasion at Lawrencetown on Wednesday morning last was the marriage of Miss Una Grey, daughter of Mrs. E. L. Hall, to Mr. W. V. Jones, Agent of the D. A. R. at Bridgetown. The ceremony was performed on the lawn of the bride's home at nine o'clock, Rev. H. S. Basmal officiating. The bride made a charming appearance in cream messaline silk and carried a bouquet of bridal roses and maiden hair fern, and was attended by her sister, Miss Carrie Hall in a gown of cream Japanese silk with trimmings of lace. Miss Estella Saunders rendered the Wedding March. After a dainty luncheon the bride and groom left on the D. A. R. express upon a wedding trip which will include Montreal and Toronto, and Niagara Falls. The bride's travelling gown was of brown chiffon broadcloth with hat to match. The groom's gift to the bride was \$50 in gold. The parents of the groom presented them with a silver tea service and a substantial cheque was received from Dr. J. B. Hall, uncle of the bride. Other beautiful and appropriate gifts were received. Mr. and Mrs. Jones will return to Bridgetown to reside.

SLOCUMB—BANKS.

A very pretty wedding took place at the home of Mr. and Mrs. Israel Banks, on Wednesday evening, June 23rd, when their daughter, Miss Slocumb, was united in marriage to Mr. Banks. The ceremony was performed at the home of the bride's parents, and was attended by a number of relatives and friends. The bride wore a beautiful gown and carried a bouquet of flowers. The groom was in a handsome suit. The wedding was a quiet but very pretty affair.

Mr. Wales, the Boston agent, is to arrive that day with a party of twenty or thirty. The annual school meeting was held on Monday evening, 28th, and we think it was a record breaker for attendance, good order, good feeling, and brevity, the whole routine of business being put through in about thirty-five minutes, including accounts, auditors' reports, etc., all of which goes to prove the efficiency of the whole staff, trustees and secretary as well as teachers.

Kings County Farmer

In King's County, N. S., Mr. W. E. Baker has one of the largest and finest sheep raising farms in the province. Mr. Baker with his family, came to Nova Scotia from London about two years ago and bought several farms. He now has five farms and has spent over \$30,000 in operating and improving them. New buildings have been erected and large areas of land cultivated. He has just finished laying pipes to bring the water from springs in the near by hills to his farm. Besides sheep raising Mr. Baker does considerable general farming.

and reports the crops doing well in spite of the drought.

Mr. Baker is an up-to-date scientific farmer. He has lately been traveling in England and Scotland with his manager, Mr. J. H. Burgess.

On Saturday he and his manager visited our Government Farm, and were much impressed with what they saw.—Truro News.

AN OLD FRIEND.

"Maude was afraid the girls wouldn't notice her engagement ring." "Did they?" "Did they? Six of them recognized it at once."
