KINGSTON, ONT., CAN., DECEMBER, 1898.

50c Per Year.

CHAMPIONS of the WORLD!

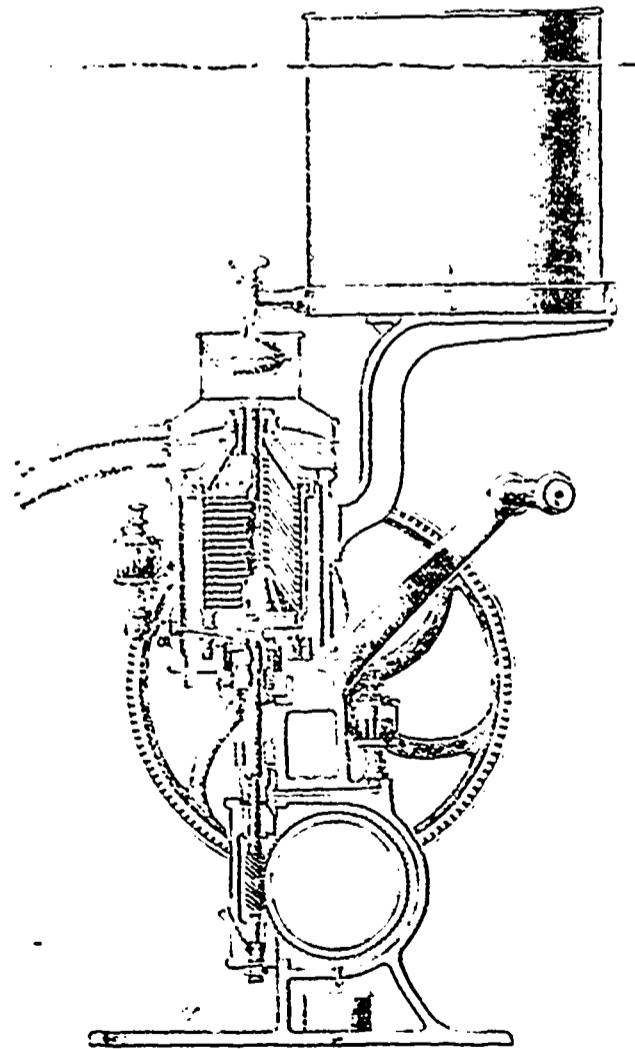

\*\*\*\*\*

"ALPHA" No. 1 STEAM TURBINE

The unqualified superiority of the "Alpha-De Laval" to all other cream separators in thoroughness of separation, actual capacity, necessary power, greater "churnability" of cream, and in all other essential respects, is the universal basis of its sale, and is subject to practical demonstration in actual test or otherwise.

Send for "Dairy" Catalogue No. 288, or "Factory" Catalogue No. 308.

"BABY," No. 3.
