CHICAGO MARKET.

GOVERMENT REPORT 67-4.—MARKET OPENS WITH A BOOM, BUT FAILS TO MAINTAIN ADVANCE.

The visible supply is expected to increase one and a half million bushels compared with a decrease of about three million for the corresponding week a year ago. There is no longer any doubt that the requirements of the present crop year have been and will be fulfilled for food, seed, exportation and the building up of reserves sufficiently to remove anxiety for the present. Russian and Roumanian advices continue most discouraging, with the latter crop practically destroyed. The easing of the home situation has left foreign news with little influence in the absence of crop failure in new quarters.

The following is the visible supply of grain in New York on the dates mentioned.

	June 12, 1899.	June 5, 1899.	June 13. 1898.
Wheat...	27,617,000	26,185,000	19,632,000

Barley...	1,264,000	1,342,000	497,000

The amount of wheat on passage to the United Kingdom shows a decrease of 800,000 bushels compared with a week ago, and an increase of 3,840,000 with a year ago.

The amount of wheat on passage to the Continent shows a decrease of 800,000 bushels compared with a week ago, and a decrease of 9,440,000 with a year ago.

The total amount of wheat in sight shows a decrease of 168,000 bushels compared with a week ago, and an increase of 2,385,000 with a year ago.
