THE BRADSTREET COMPANY gathers information that reflects the financial condition and the controlling circumstances of every seeker of mercantile credit. Its business may be defined as of the merchants, by the merchants, for the merchants. In prouring, verifying and promulgating information, no effort is spared, and no reasonable expense considered too great, that the results may justify its claim as an authority on all matters affecting commercial affairs and mercantile credit. Its offices and connections have been steadily extended, and it furnishes information concerning mercantile persons throughout the civilized world.

Subscriptions are based on the service furnished,

Subscriptions are based on the service furnished, and are available only by reputable wholesale, jobbing and manufacturing concerns, and by responsible and worthy financial, fiduciary and business corporations. Specific terms may be obtained by addressing the Company at any of its offices.

mainland by means of a submarine cable, and expects to be able to go on with the work in the spring.

The Ottawa city council telephone commitrecommended that a telephone franchise be granted to the Canadian Telegraph and Telephone Co., which was incorporated at the last session of the Dominion Parliament. The proposed agreement gives a 21-year franchise at \$2,500 a year, the charges to be \$36 for office telephones and \$22 for telephones in private houses.

The G.T.R. has in operation between Montreal and Brockville, a distance of 125 miles, a composite telephone and telegraph service. The instruments are installed on a no. 8 galvanized iron wire and used as a single line grounded system. There are instruments at Montreal, Vaudreuil, Cornwall and Brockville, and excellent results are being obtained. Although the system is yet in the experimental stage, it is expected that it will be installed quite generally over the G.T.R. lines. The installation was made under the directions of W. W. Ashald, Superintendent of Telegraphs.

The British Columbia Telephones (Ltd.) has not yet decided upon the plan for reorganizing and consolidating the several companies operated, and consequently there has not been a transfer of the head offices from Huddersfield, Eng., to Vancouver, B.C. The sub-sidiary companies owned by the Company are: the New Westminster and Burrard Inlet Telephone Co., with offices in Vancouver, operating the Victoria and Esquimalt Telephone Co., the Vernon and Nelson Telephone Co., the Kootenay Lake Telephone Co., Nanaimo Telephone Co., the Canada Western Telephone and Telegraph Co., and the Columbia Telephone and Telegraph Co., acquired in 1903.
