

THE FIRST FRUITS

Of Summer are cherries. Cool, sweet, and juicy,—few children are able to resist the temptation of plucking them, if anywhere within reach. The peculiar flavor of this delicious little fruit is found in

Ayer's Cherry Pectoral

and, no doubt, is one cause of the popularity of this well-known medicine. As a cure for the sudden throat and lung troubles, from which no child is ever secure,—croup, whooping cough, lung fever, etc.,—Ayer's Cherry Pectoral is unsurpassed, and well deserves to be called "a household blessing."

"Ayer's Cherry Pectoral is, to me, a household blessing, and for fully twenty years I have never been without it in my family. Traveling, as I do, hundreds of miles per week, amongst my different offices, from New York to the Gulf of Mexico, experiencing sudden changes of climate every few hours, I have found, when so exposed, Ayer's Cherry Pectoral a great relief. I would not be without it, if it cost five dollars per bottle, and only wish others were as well aware of its benefits as I am myself."—C. LEWIS DUNLAP, 113 W. Lombard st., Baltimore, Md.

"In raising a family, I have frequently had occasion to use remedies for colds, coughs, croup, etc., and am familiar with most of the preparations recommended for the cure of that class of complaints. Ayer's Cherry Pectoral easily takes the lead of them all. I use no other."—GEORGE W. MORIARTY, Opelousas, La.
