## Hard to Beat!

### A GOLD MINER WRITES :

Your Compound Side Crank Engine has been running day and  
night for 16 months, and during that time we have NEVER LOST A  
MINUTE through any defect in the engine. It is to-day running noise-  
lessly and without vibration.

I believe I am the first to apply a high speed engine to stamp mill  
work and I am well pleased at having done so. It has enabled me to  
maintain A CONSTANT SPEED under all conditions of load, and re-  
sulted in crushing upwards of 800 tons of hard rock each month with  
my 10-stamp mill, a record HARD TO BEAT.

Robb Engineering Co. Limited,  
AMHERST, N.S.
