Don't Experiment— Just buy a **FORD**

Ford cars have won the admiration and confidence of Automobile users by their reliability and efficiency under the most strenuous tests. Simplicity of construction and operation—power in abundance and light weight are distinguishing features which make the FORD the most satisfactory car you can buy. Before purchasing investigate **THE FORD**.

The FORD with detachable side entrance Tonneau, double opposed horizontal motor of 10 h.p. planetary transmission, chain drive, wheel base 78 inches, price	\$1,100
The same car without tonneau	\$1,000
The FORD TOURING CAR with side entrance Tonneau, 20 h.p. 4-cylinder vertical motor, direct drive with universal coupling, force feed oiling device, wheel base 92 inches, weight only 1,710 pounds. More power with less weight than any car sold at anywhere near this price	\$2,700

We want good live agents all over the Dominion. Write to-day for our catalogue and full particulars.
