

ADVERTISEMENT.

My

Apiary is now stocked entirely with young laying queens of this year's rearing. Some of them have been laying long enough so that they are tested I will sell the tested ones at \$1.00 each, or with Review one year for \$1.75. For \$2.00 the

Queen,

the Review and the book "Advanced Bee Culture" will be sent. I am yet receiving weekly shipments of young laying queens from the best breeders in the South. These untested queens I will sell at

75 cts.

each, or with the Review one year for \$1.50. For \$1.75 I will send the Review a year, one untested queen, and the book "Advanced Bee Culture." For

10 cts.

three late but different issues of the Review will be sent. The May Review contains an article from M. M. Baldrige in which he tells how to get rid of foul brood with the least possible labor — no shaking bees off the combs, they transfer themselves to a new hive at a time when their bodies are free from the spores of the disease. He also tells how to disinfect hives with one-fourth the labor of boiling. B. Taylor tells how to secure as much white comb honey as extracted.

W. Z. HUTCHINSON, Flint, Mich.

PROGRESSIVE.

The Progressive Bee-Keeper is the name of a journal for which you ought to subscribe. Though the price is only 50c., the journal is first-class in every respect. Dr. Miller calls it "the really progressive Progressive." During the past year it has received more favorable notices from the bee-keeping press than has any other journal. Its subscription list is six times what it was a year ago when taken in charge by Mr. Leachy.

We are also the largest manufacturers of apiarian supplies west of the Mississippi. Kindly send us your name and we will send you a sample copy of the Progressive Bee-Keeper.
