girls, has met with a very small response, and it is earnestly hoped that those who recognize how excellent a training school for mission workers this may prove, will not rest satisfied with giving only one donation, but resolve to become regular annual subscribers. Subscriptions and donation will be gladly received by Messrs. Honeyman & Drummond, 58 Bath Street, Glasgow.

[In the brief mention of "Missionary Training Schools," in our April issue (p. 300-2.) the one at Minneapolis was overlooked. We cheerfully supply the omission by giving the following statement from Rev. D. E. Wells, Secretary of the Board of Managers.—J. M. S.]

The Missionary Training Institute of Minneapolis. Fifteen ministers of

various evangelical denominations have given lectures or regular instruction to the students since it was opened, free of all charge. Two of the teachers are members of the senior class, who came from the London Institute, at the suggestion of Rev. Dr. Guinness, who is at the head of it. One of the lady teachers is a student who expects to return to India, where she was a missionary for some time. Another lady teacher is a teacher in the city high school. Three of the instructors are physicians; some of the pupils go out as medical missionaries.

The prospect of a large accession of students from all parts of the country is created by the correspondence with the president. The first Tuesday of each month is observed as a day of fasting and prayer at the Institute. A public service in the evening is conducted mainly by the students in some one of

the churches in the city.
