

OUR EXCHANGES.

The *Hamilton College Monthly*, edited by Miss Ella Ahrenbreak, of Texas, and Miss Mollie White, of Kentucky, has come to hand. It contains several good articles: "Taot," by Mary B. Robinson, and "Grandmothers," by Nannie Gastineau, are worthy of notice.

The *Classical*, of Hallowell, Maine, contains a good article, entitled, "October Woods," and also a short essay on "Cicero."

The *Sackville Argosy* publishes a very good essay on "Flowers." An article entitled, "A Canadian Student in London," is well written. We have received *The Sunbeam*, *The King's College Record*, *The Astrum Alberti*, *The Migma* and *The Philomathean Review*.

We are glad to welcome among our exchanges, the first number of the seventh volume of the *University Gazette*, an exceedingly fine paper published fortnightly by the students of McGill College, Montreal.

We have received the *Calendar* of the Massachusetts Institute of Technology. It contains a list of the names of past Graduates, courses of study pursued in the school etc., etc., and is well worthy of perusal.
