FRASER RIVER BASIN BOARD REPORT

Question No. 941—Mr. Laing:

1. Was a report presented to the government by the Fraser river basin board?
2. Did the report make recommendations for dike improvement, shore line protection and current direction to ensure safety under spring freshet conditions?
3. Since 1959 have representations been made to the government, accompanied by plans, toward implementing the recommendations of the board?
4. Have any consultations been held between the government and the province of British Columbia respecting division of costs under the plan and, if so, is the government prepared to proceed with these safety measures?

Mr. Dinsdale: 1. Yes.

2. For dike improvement, yes; for shore line protection and current direction, no.

3. No.

4. No. The two governments agreed to assign additional investigations to the board and these further studies are in progress.

DESTINATION OF CANADIAN EXPORTS

Question No. 942—Mr. Laing:

In each year since 1945, what was (a) destination by percentage of total exports (b) origin by percentage of total imports, of Canadian trade with (i) U.S.A. (ii) United Kingdom (iii) the present signatories to the treaty of Rome (together) (iv) all Latin America (v) all other countries?

Mr. Nesbitt: The distribution of Canadian exports and imports in the period 1945-1961 was as follows:
