

## Barker House

T. H. Monahan, Proprietor

Fredericton, N.B.

The Fishing has been good -  
The Hay crop excellent, - and  
Farming generally in excellent shape.  
Lumber is moving - Mining shows  
signs of improvement - In Cape Breton  
things are brighter than they have  
been for a long time - At Pampbellton  
I observed four vessels loading lumber,  
two four masted sailing vessels, and  
two Steam - Three Danish  
& one ex German -

Last year Fishing & Farming was bad  
This year Fishing & Farming is good.  
Prohibition is here in name only -  
Whiskey can be obtained almost  
anywhere - Very reasonable -
