

The University of Sydney.

Done on 14th 1919

My dear Adams, I have just been

taking the liberty of giving

a distinguished graduate of the

University - C.S. Tiller, a letter

of introduction to you, which

he will no doubt present to

you later on. He is just

waiting for Cambridge Univer-

sity on a travelling scholar-

-ship. He is working specially

at the Petrology and Sequence

The Australian Pre-Cambrian

rocks and has been extremely

interested in your papers dealing
