The Toronto World

TESDAY MORNING, AUGUST 4.

THE GOAL OF VICTORY.

Hague conference and made his for the establishment of a arbitration tribunal, he a new note in European afpon coldly by the powers which are seeking, by military force, to dothe rest of Europe. Should truggle triumphantly the czar will be be consistent enough to do so:

your blind career. Today. with the help of my allies, I am in a position to require you to consider the easonable and humane proposals which you formerly rejected. Our people and yours are weary of the burden of wars must learn to resolve our quarrels in Altho twentieth century conditions are ome other way than by shedding the not so favorable as they were before blood of our subjects. We have tried, the days of searchlights and wireless. and our fathers have tried, for centu- for a commerce destroyer, such as the now turn to the path of peace and try on the ocean, might do considerable if we cannot find the way to interna- damage and inflict much incidental tional co-operation, and the assured loss before its elimination. progress of the human race in every | For a hundred years the

We believe that the allies will be able to place the czar in a . ition to now called upon to undergo. It posspeak in this way, and we believe the sesses a large margin of fighting people, the people who toil and sweat and plan and bear the world's burdens, desire such an end as this beyond everything. It is this that kes the war justifiable.

MORATORIUM.

dence today, is little known for the a manner where it can be kept under simple reason that it has never close surveillance. That is the task hitherto been required. It is derived which has been set the imperial navy from the Latin and in law means a and its successful accomplishment will legal title to delay the making of a mean much for the empire and for the due payment-hence it has been ex- issue of the war. tended to include any act of a legislature which suspends payment of legal debts. Britain—really London—has been long the great international exchange, the clearing house where the Says Canada Must Support the debts and credits of world trade are balanced and settled.

This war leaves London in a position which prevents Germany, for example, from paying its accepted bills adian Northern offices yesterday. He of exchange, which usually amount to arrived from Ottawa at 9 a.m., having £70,000,000 or \$350,000,000. These represent imports, and are discounted in London and the course of trade requires

Spent Sunday afternoon and evening there. He has met several of the ministers.

To The World he said that England a regular and uninterrupted move-ment of credit which leaves only a clared war against Germany last comparatively small sum to be squared week, and he saw no valid reason why by actual gold remittances. But so intricate and interdependent is the course of trade that when any large avenue is closed it spells ruin to all in the direct line of movement. Hence the more to remain the direct line of movement. Hence the more to running which in effect is an experiment to the more to running the running that the the moratorium, which in effect is an extension of the days of grace for an indefinite period. No bills of exchange for Canada to do but first of all to go become payable and the result is relief to every one with the minimum amount of hardship to each and of

GOVERNMENT.

all time. Canada should grow more grain, produce more meat, raise more horses. the governor of Tasmania, one of the of state for the colonies, has set the collected and equipped, send them of state for the colonies, has set the across to Britain. A first contingent of the imperial government to of twenty thousand, then another, and trol. Up till now it has always been considered as within the discretion of a governor either price for 20 years; and it had delayed to grant or refuse a dissolution of the our progress, our financing, the development of our country. parliament or legislature asked for by parliament or legislature asked for by To greatly increase our production the Dominion or state government of should be the keynote of Canadians the day. As a matter of fact such henceforth. Take the case of pulp-wood: there would be an unusual requests have been frequently refused demand for paper from all over the in the past, and in this way the re- world, and we should shape our presentative of the crown really exer- policy to make our pulpwood into the cised a prerogative abandoned in the should encourage the unemployed to United Kingdom. There the prime go on the land, we should make prominister can advise a dissolution for duction our greatest object and with that many other things. But in the reasons that commend themselves to him and his cabinet, and the king, according to modern practice, accepts the advice tendered by his ministers. Under the constitution of the Com-

having been requested by the Libera remier to sanction a dissolution, rethe ministry resigned. The governo rm a cabinet, but imposed the con the legislature. Sir William Macart and from the Labor party because h had attached a string to the new vernment, Condemnation was not
