"For the purpose of showing, at one view, the money value of the Lake Commerce done through the Port of Cleveland, in 1846, I present it in the following form :

Exports to Foreign ports in British vessels, \$	463,237
Do. do. do. American do.	156,041
Imports from do. do. Am. & For. do.	10,189
Do. coastwise in American do.	5,045,495
Exports do. do. do.	7,040,402
	<u>\$12,715,364</u>

The arrivals and clearances to Foreign ports were—

Arrivals—British,.....	82 vessels.....	9,368 75 tons.
American,....	87 do.	6,141 60
Cleared—British,.....	80 do.	9,390 70
American,....	78 do.	6,113 11
Total,....	327 do.	15,504 16.95 tons.

"The arrivals and clearances coastwise have not been given, but that the number is very large, may be conjectured from the amount of exports and imports."
