

## Dineen's ..Furs..

We have received all our new Persian Lamb and Seal Skins which we bought in Europe before the recent advance in prices; we also have received the new styles and are making our new pattern jackets for the coming season. The end of the season finds our stock very much reduced, and we will further reduce it by offering specials from day to day, but our best offers are as follows: We will make to order from the new skins and assure the very best of choice in any garment desired, at special prices, which will be from 50 to 75 per cent. less than will be charged for these garments next season.

## DINEEN'S

Cor. Yonge and Temperance Streets.

### SUPPRESSION OF POOLROOMS

One of the Objects of Methodist Young Men's Work.

At an important meeting of the executive committee of the Methodist Young Men's Association representatives were present from 13 clubs and a paid-up membership of over one thousand was reported.

Among the work laid out for the young men this season was the enforcement of the license law, suppression of poolrooms and work among the Italians. The united clubs have decided to support the Italian Mission and subscriptions or donations will be received by Wallis T. Fisher, 145 Spadina-avenue, treasurer of this fund. The annual fraternal contest was arranged for April 24 at Trinity Methodist Church and the annual banquet for April 3, when the speaker will be Dr. George J. Fisher, international secretary, physical work, Y.M.C.A. of North America, who will address the Canadian Club the same day. The question of the opening of the churches each night was discussed and reported on favorably.

**Cheese Box Machine.**  
D. J. MacLean of Norwood is the inventor of another labor-saving device. This is a cheese-box making machine, on which he has been engaged for some months past steadily. It is a very complicated piece of mechanism, but it moves with great ease and does its work successfully. Five hundred boxes a day may readily be turned out with its aid by one man. The rolls are served at their proper intervals and driven home automatically, and the completed box is made during one revolution of the drum on which the box is bent.

**New Bank at Waterloo.**  
A branch of the Bank of Toronto has been opened at Waterloo, Ont.

### SCORE'S SHOWING OF SPRING WOOLENS

Our preparations have been in every way marked by the most liberal policy in the matter of generous variety.

There are soft finished woollens in plaids and check mixtures and a splendid variety of worsteds in plain and fancy patterns; also tweeds, serges and flannel cassimeres in abundance. Grays predominate, but blues will be a close rival in point of popularity for the coming season among men who lead in new fashions.

Special Price Spring Suit  
\$25.

### PLODS THRU ORDER PAPER MANY BILLS ADVANCED

#### Legislature Puts in Busy Afternoon With Nothing Particularly Exciting.

The legislature plodded thru the order paper yesterday afternoon, advancing several bills a stage, and deciding not to sit at night. To-day there will be another struggle with the estimates. Lieutenant-Governor Clark attended and assented to the act to amend the Unorganized Territories Act. This is the only act that has gone thru all the stages of the house.

Herb Lennox has given notice of a bill to wipe the Connex bill from the statute books. Several other measures aiming at the amendment of the bill have been spoken of.

**Replies to Queries.**  
In reply to Mr. Torrance, the attorney-general said that the province paid \$222.66 costs in the matter of the attorney-general v. Peters for malicious prosecution, and \$100 supreme court c.s.s. The government had not been asked to pay any further costs. Mr. Torrance was granted an order for all papers relating to the action.

Hon. Frank Cochrane informed Mr. Auld that the pine timber on lots 1 to 6 in the Township of Chesley, additional had been sold to Burton Bros. Barrie, at \$4.50 per 1000 feet board measure, and \$1.50 per 1000 cubic feet for timber. It was not by tender or public auction. Another application had been received, but it was after the timber had been sold.

Mr. May, for Mr. McDougall, was given an order showing all timber licenses granted, or timber or land covered by timber, sold by the present government without advertisement, with names of purchasers and other information. Cochrane agreed to it if the mover would consent to a record of the transactions of the past government since 1895 being included. Altho Mr. McDougall was not looking for this information, his deskmate could hardly refuse Mr. Cochrane's request.

**Waste of Gas.**  
To check the alleged waste of natural gas, Mr. Fraser introduced a bill to provide for a more effective plug to be used in abandoned wells, by having it cased in rubber.

**Amend the Municipal Act.**  
presented by Mr. Bradburn, would give power to townships to hold meetings in cities, towns or villages adjacent to townships, as well as within their limits.

**Exemption of Woodlands.**  
Mr. Downey urged the importance of his bill to exempt woodlands from taxation. If the forests had been preserved the people would not have been looking solely to Niagara Falls for water power; some of the rivers of the province would have been producing electricity. The purpose of the bill was to develop and protect wood lots. Ten acres in every 100, and not more than 25 acres in all, would be exempt. In France three-quarters of the woodlands were exempted for thirty years, and every state of the Union had done some-thing to develop woodlands.

Hon. Mr. Cochrane had no objection to the second reading, but he felt there was not sufficient time this session to go into the question fully.

Mr. Hislop thought there would be room for a good deal of trickery. Nevertheless he heartily endorsed any movement towards reforestation.

Mr. Duff and Mr. Kober also strongly supported the bill, the latter urging that there should be no limit to the number of 100-acre farms a man owned and reforested.

**Col. Munro had a woodlot which was so well fenced off that even the South Yorks could not get into it.**

The bill was read a second time.

Mr. Downey's bill, delegating to the council, and not to the mayor, the power to nominate a member of the parks commission, was read a second time.

The South Wellington member also moved the second reading of his bill to provide that water commissioners remain in office two years, a proportion of the commission to retire every year.

**Bill Withdrawn.**  
The protection of the lives of passengers and employees of street railways was the subject of an Electric Railway Act introduced by Mr. Downey and given a second reading.

Hon. Mr. Hendrie asked Mr. Downey to withdraw his bill, as well as an amendment to the Street Railway Act, in view of the fact that the provisions of the bill were included in the government railway bill. Mr. Downey then moved for the discharge of the order.

Mr. Little asked for protection to farmers assisting at barn raisings, in an amendment to the Municipal Act, read a second time. The bill provides for municipal inspection of barn-raising tackle.

Hon. Mr. Hanna said the bill ought not to pass. The members in charge of the erection of buildings were liable if accidents should occur.

The bill was withdrawn.

These bylaws were also read a second time: To amend Assessment Act (Munro); to amend Assessment Act (Smellie); to amend the Municipal Act (McDougall).

**Voting and Exuberance.**  
Mr. Labrosse, the French-Canadian representative of Prescott, made a good English speech in favor of polling on the Friday preceding New Year's Day, when it comes about that New Year's Day is the first Monday in the year.

Scotchmen and others who wish to celebrate on New Year's Day should not do their voting and celebrating on the same day. Second reading carried.

Mr. Macdonald asked for an amendment providing that arrears for heat and light might be secured by a lien against the land, as in the case of waterworks. Passed.

**Assessment Telephone.**  
Important to the welfare of independent telephone lines was the bill of Mr. Munro, which received its second reading. The bill, which has before been described, would have telephone lines assessed only upon the actual cost of construction.

**Two Years for Aldermen.**  
Mr. Thompson (East Simcoe), in moving the second reading of his bill to make the term of municipal office two years instead of one, pointed out the saving of trouble and expense there would be. Hon. Mr. Hanna remarked that Toronto was making a like request, and that other municipalities were asking for terms of two, three and four years. He moved that the bill be re-

ferred to the municipal committee, which was done.

Another bill by Mr. Thompson, to make it obligatory for nominees to municipal office in townships to file a declaration of qualification before 5 p.m. of the day following nomination, drew some discussion. Mr. Graham and Mr. McKay objected on the ground that eligible officeholders might be unable to file a declaration on such short notice, possibly thru ignorance of their having been nominated. The premier's opinion was that the right kind of men would take the trouble to be present. The second reading passed.

A second reading was also given Mr. Kidd's bill to provide that householders or ratepayers might have power to petition for the formation of police villages. Hospital Bill.

The houses went into committee. Mr. Cochrane's bill, to protect forests from fire, went thru without objection, and the Toronto General Hospital bill was then taken up. Mr. Graham asked if any consideration had been given to the objection that the Toronto members of the board should not be members of the city council. Hon. Mr. Hanna said after a consultation with the mayor it was deemed advisable to leave the bill as it is.

The premier replied to Mr. Ross's objection that those who were flying the danger signal weren't able to offer a good reason for so doing. There would be only five representatives on a board of twenty-five, and he didn't see what harm they could do. They were men who had been honored by the city in electing them to the city council, which body had voted \$200,000 for the hospital.

Mr. Harcourt took up the debate. It would be only a slight restriction to provide that council should name representatives without saying that they should belong to the council. Mr. Goldwin Smith, P. C. Larkin or J. W. Flavelle, for instance. He argued that municipal council members were not eligible for appointment as license commissioners, or kindred office.

**Will Keep Faith.**  
The provincial secretary said that the city had made its grant on an understanding as to representation, the mayor having been a member of the board for years. There could, in good faith, be no change made in the present arrangement, a practically unanimous assent of council, which would not be given.

When further funds were needed, application would be made to private subscribers, and, secondly, to the municipal council. It would be a matter of great importance when city council was asked for money that they were in the council men familiar with its needs. There couldn't be any better protection. The objectors were not entirely silenced, but the point was dropped after a few minutes of further discussion. The complete reading of the act was deferred for the making of some minor changes.

**Notices of Motion.**  
Mr. Thompson (Simcoe) - Bill to amend the Division Courts Act.  
Mr. Lums - Bill to amend the re. respecting the Devolution of Estates Act.  
Mr. Pattinson - Bill to amend the Municipal Act.

### OPERATE DURING FIRE.

While Maine Hospital Burns, Doctors Work With Patient.

Biddeford, Maine, March 14. - The Trull Hospital was burned to the ground to-day.

All the patients were removed to safety, including a woman who was undergoing an operation. In this case the doctors worked until it was not safe to remain longer in the building. The patient was removed to a nearby place, where the operation was completed.

### ANARCHISTS PLOT TO KILL.

New York, March 14. - A cable despatch to The Herald from Rome says: The Gazette Dei Tribunali says that a prisoner who is ill in the infirmary of a prison has confessed that he was present at a meeting of anarchists in which a plot was concocted to kill the King of Italy on the occasion of the inauguration of the Milan Exhibition on April 18.

**Detained by a Friend.**  
Detroit, March 14. - William Talbert, a resident of Harrow, Ont., who is wanted at Ypsilanti, Mich., on a charge of alleged forgery, was taken to this side last night by an acquaintance of his, who acted with an officer from Ypsilanti and the Detroit police.

Talbert was placed under arrest as soon as he landed from the ferryboat.

### Q. O. R. Sergeants' Excursion to Buffalo, March 17th.

The above have secured from the Canadian Pacific Railway the low rate of \$2.15 for the trip to Buffalo and return, for their St. Patrick's Day excursion. Extra train leaves Union Station 8:45 a.m. sharp. Tickets are good returning on all regular trains Sunday and Monday following.

### Pet Stock Association.

Hespeier, March 14. - An enthusiastic meeting of poultrymen and pet stock association, Mr. Terry, assistant to Prof. Graham, O.A.C., presided. Monthly meetings are to be held. Thomas Traplin was elected president; W. Rife, vice-president; E. Thorn, treasurer; and G. W. Tobbe, secretary. About thirty joined the association.

### His Life for His Property.

Utica, March 14. - By the burning of a farm house at Babcock Hill, in southern part of this county, last night Thomas Dugan was burned to death.

Dugan returned to save some property and was overcome by the flames.

### GLORY FOR LONGWORTHS.

London, March 14. - The Chronicle says that Mr. and Mrs. Nicholas Longworth, who visit London in June, will make a stay at Buckingham Palace as the guests of King Edward.

### Mariner Dead.

Detroit, March 14. - Capt. J. P. Correll, U. S. inspector of hulls at this port and formerly a well-known vessel-master on the great lakes, died to-day, aged 64 years.

### AT THE THEATRE TO-NIGHT.

Smoke a "Murad" Between the Acts.

"Murad" (plain type) Turkish Cigarettes are the latest and best achievement of Allan Ramsay, for sixteen years government expert of Turkey. During this period Mr. Ramsay's cigarettes, his alone - were the accepted brands of the dignitaries of the Turkish court - 15 cents per box.

### IMMENSE DAMAGE DONE BY STORM IN SOCIETY IS.

#### Huge Waves Swept Land Out of Existence, But Loss of Life Not Large.

Auckland, N. Z., March 14. - The steamer Tauranga, from the Samoa Islands, has arrived here, bringing additional details of the storm which swept over the society, Paumotu and Cook's Islands, on Feb. 7 and 8.

The first indications of the tempest discerned at Paape were the falling of the barometer on Feb. 6 and increasing sea on Feb. 7. The breaking of the waves on Foreshore caused the natives to evacuate their houses and move to higher ground. The morning of Feb. 8 the sea increased, many houses were shattered and trees were leveled by the tornado. At noon the worst of the storm had passed. The only white person who is known to have perished was a man named Lebolach, a caretaker, who was drowned.

The damage to the harbor at Paape is estimated at \$600,000 and on the whole island of Tahiti \$800,000. It is believed that three schooners were lost at sea.

The warship Zelee reports that Paumotu, a low archipelago, suffered more severely. The small islands of Vaoro and Hikuru are said to have disappeared. Heavy seas swept over many islands, natives seeking refuge by climbing cocoa palms. Six lives were lost on the island of Tahiti, including Father Paul, a Catholic missionary, who, after having sought refuge in a tree for several hours, fell into the waves.

Twenty-five persons were drowned on Anae Island, on which the once beautiful district of Tuirare, was reduced to a bare coral strand. There were six deaths on the island of Motutonga, where native divers saved the lives of many people who had been in the water 12 hours.

It will probably be some time before the damage to the Paumotu Islands is known.

### PUBLIC AMUSEMENTS.

The Four Mortons, for years headliners in vaudeville, will be seen in the Grand Opera House next week, in the latest musical comedy, "Brooklyn Into Society," which is all that its name implies, from the standpoint of mirth and melody. They are supported by a company of 50 people, including a chorus of 25 extremely pretty girls, whose ability at looking bewitching is something far beyond the ordinary. The usual matinees will be given on Wednesday and Saturday.

The popular melodrama, "Shadows of a Great City," will be given its engagement at the Majestic on Monday afternoon, when the stage of that popular theatre will get its annual ducking, and so will Little Nellie, also Tom Cooper, when he plunges into the river of real water, and saves the innocent one from a watery grave. This is one of the most thrilling yet natural scenes ever given.

The show at Shea's this week is one of the biggest Manager Shea have given his patrons in some time. The headliner, Paul Conchas, is doing marvellous feats of strength. The wonderful Ellipse has the most artistic act of its kind. Others who please are Barrows and Lancaster Co., in "Tactics"; Theresa Dorogval, Lew Hawkins, Rice and Elmer, Luigi Del Oro and Wormwood's dogs and monkeys.

For the week of March 19, Manager Shea has provided a splendid bill, headed by the Karamazovs, a troupe of bicyclists, who have been appearing all season at the New York Hippodrome. Others are Emma Francis and her whirlwind Arabes Calahan and Mack, Burton and Brooks, Harry Atkinson and Alfred Amesman.

When the "Kentucky Belles" come to the Star Theatre next week, local players will have an opportunity of judging for themselves just what a high-class burlesque company is. All the members are pretty and talented and know how to wear costly costumes that the management has provided for them. They possess excellent voices.

Madame Albani's concert this evening will be long remembered as being the last concert program in which this great prima donna will sing in Toronto. The feature is undoubtedly "Hear My Prayer," in which Madame Albani takes the soprano solo and the Toronto Festival Chorus of 150 voices, under Dr. Torrington, presents the choral part of this beautiful motet. The newly equipped organ will be played by Dr. Charles A. E. Harris, while Mr. Watkins and Miss Verne will play the piano. Madame Albani's other numbers are Mozart's aria "L'Amore"; (a) "Songs My Mother Taught Me" (Dvorak); (b) "Daffodils & Snowdrops" (German). She will sing as encores "Crossing the Bar," Lord Tennyson's last poem. Tosti's "Good-bye" and "Home, Sweet Home."

Henri Marteau, the great violinist, who comes here on Wednesday evening next to Massey Hall, in conjunction with Jean Gerardy, is considered by many to be the greatest master of the younger school. The plan opens to-morrow morning.

The plan for the America Jubilee Singers, who appear here on Monday evening next, will open at Massey Hall to-morrow morning.

The Dolmetsch Trio, composed of Mr. Arnold Dolmetsch, Mrs. Mabel Dolmetsch, and Miss Kathleen Salmon, will give a concert to-morrow evening in Conservatory Hall and will give an entirely altered program on Monday evening. The seats are on sale at Tyrrell's bookstore.

**Injunction Against Arcanum.**  
Chicago, March 14. - Frank Culver, an attorney, filed a bill to-day complaining of alleged excessive rates of insurance instituted last May by the supreme court of the royal arcana and asking that the order be prevented by an injunction from placing the rates in effect.

The suit is similar in character to actions that have been previously filed in other states.

### PICTURES FOR THE SCHOOLS.

Art reproduction from the greatest masterpieces in the world will decorate the walls of Toronto's schools. It is another of Inspector Hughes' ideas. He places great store by the mute influence good pictures have in moulding character and submitted a list of pictures to the advisory art committee, who chose the following: duplicates of which will be hung in each school:

"Mona Lisa," by Leonardo Da Vinci; "The Artist and Her Daughter," by Rene Le Brun; "William III, Prince of Orange-Nassau," by Van Dyke; "Old Woman Saying Grace," by Maes; "The Ash-Tree Avenue," by Haeckert; "A Fresh Breeze," by Rudolfs; "The Foster Sisters," by De Vos; "Virgin Infant Christ and St. John," by Botticelli; "Madonna in the Meadow," by Raphael; "A Young Bull," by Potter; "Portrait of Cassius," by Van Dyke; "The London Bridge," by St. Anthony and Children."

### Ready to Be Released.

Kington, March 14. - F. R. Rielly is to be liberated at Belleville this week after serving a year for his connection with the bogus ballot box scheme.

### IMMENSE DAMAGE DONE BY STORM IN SOCIETY IS.

#### Huge Waves Swept Land Out of Existence, But Loss of Life Not Large.

Auckland, N. Z., March 14. - The steamer Tauranga, from the Samoa Islands, has arrived here, bringing additional details of the storm which swept over the society, Paumotu and Cook's Islands, on Feb. 7 and 8.

The first indications of the tempest discerned at Paape were the falling of the barometer on Feb. 6 and increasing sea on Feb. 7.
