DAN GALLERY RULED OUT FOR THE NEXT SEVEN YEARS

Supreme Court Gives Decision in the St. Anne's Division Election Case.

Ottawa, Oct. 11.—The supreme court to-day confirmed the disqualification of Daniel Gallery, ex-M.P. for St. Anne's division of Montreal, for improper practices in the last general election. This upholds the pronouncement of the trial judge on the part that Mr. Gallery played in the matter, and forbids Mr. Gallery taking any part in federal affairs for seven years. The judgment to-day was delivered by Justice Groulx, who spoke, however, for the whole court. The judgment, which was written by Mr. Justice Davies, states that "the omission of the personal condemnation of the appellant from the disposition of the formal judgment can be rectified by this court, sufficient matter justifying such rectification."

In face of such evidence as we have here, to ask us to assume that the payments were bona fide and made for bona fide purposes is to ask us to abdicate our common sense. The irrebuttable inference is that these moneys were paid to the chairman of his several committees, colorably for the purpose of defraying the expenses of the appellant's party within the meaning of the statute. We do not concur in the view that particularly required to make a legal finding of the personal guilt of the candidate of corrupt practices, and so disqualify him in the ordinary penal actions. Therefore, the appeal is dismissed with costs.

THE LEVY AVE. PARK QUESTION

Editor World: There is one thing that the agitation re Levy-avenue park must fortunately do, whatever the end may be, and that is, rouse the city council and the ratepayers to realize the fact that the whole of the lake front east of Bathurst-street available for the purposes of a public playground is being taken up by private owners who may, if they think fit, shut out the public from the beach, and so in time exclude the thousands of children who are here to-day and the millions who are to come, from one of Toronto's natural health resorts.

Altho the east end is no longer a summer resort in the sense it was a year or two ago, it will soon have a dense permanent population, yet there are few houses within reach of the beach which do not have their capacity taxed to the limit during the hot summer months by visitors from less favored parts of the city. There is no better means of preventing the ravages of tuberculosis and other diseases than the outdoor life the children are able to lead on the beach all the summer long, and I should like to ask the opinion of our medical health officer on the policy of spending thousands of dollars upon Lakeside Homes, Muskoka hospitals, and all the means we are employing to cure the sick, and at the same time allowing the whole of the lake beach, with its infinite possibilities of prevention, to fall into private hands.

\$600,000 FOR FRISCO RELIEF

STILL IN COMMITTEE'S HANDS

Boston, Oct. 11.—Col. William D. Schler and J. Furth, special agents of the Massachusetts Association for the relief of California, submitted their report to-day at a meeting of the association and referred to the expenditure of the \$600,000 in the hands of the executive committee. They recommended first that \$100,000 be transferred to the committee having in charge the rehabilitation of the city. The rest of the money they recommend should be carried until such time as it is needed.

A WOMAN'S WORLD.

FANTASY.

The night is black with a threat of storm.
And the streets are mired and drear;
But the street to me is a place of stars,
And a bird in my heart sings clear.

For bright in the athen sea, of years
An island of wonder lies—
A dream hour filled with a silver speech
And a magic of shining eyes.

And all the dead years, narrow and bleak,
And the void grey years that wait
Shall be hid in veils of golden mist
When we open the charmed gate.

Women's Canadian Historical Society.

The monthly meeting of the Canadian Women's Historical Society at Vanier Y.M.C.A. hall, on Tuesday, Oct. 10, was attended by about thirty members being present. Mrs. Forsyth Grant presided. The main theme of interest was the effort of the society to prevent the destruction of the old fort as a way to the exhibition grounds. Miss Fitzgibbon, secretary, told of a deputation to the mayor for the purpose and cited him as follows: "What have the historical societies been doing when the old fort has not been taken better care of? Provide us with any scheme for an eastern entrance to the exhibition grounds without destroying the old fort, and we will gladly accept it." Miss Fitzgibbon then told of a plan by which entrance could be made by the waterfront. But on going to the city hall with it the mayor was found to be ill and so the matter stands. The moving of the society to afford entrance as one of the aldermen suggested, it was brought out, would mean also the moving of bodies, which could not be tolerated. The matter is cut in 5 sizes—32, 34, 36, 38 and 40 bust measure. For 36 bust, 3 yards of material 36 inches wide is required.

THE SLATER SHOE

is the guide post to good shoes. It is the sign that never misleads—that never points the way to doubtful shoes.

"The Sign of the Slate" marks the home of "Slater" Shoes. It tells the passer-by that this is the place of honestly made shoes—comfortable shoes—stylish shoes—and shoes that are vouched for by a Canadian company that lives up to every word of its guarantee.

The man who takes the "Sign of the Slate" as his guidepost, is on the straight road to foot comfort, shoe satisfaction, and economy.

Every pair of "SLATER" Shoes has this trade mark label sewn on the lining. Whenever you buy—look for it. Any shoe that has not this label in it, IS NOT a "Slater" Shoe.

You will see the "Sign of the Slate" at

Mr. Robert Morrow, brother of the bride, and Mr. Morris West acted as best men. Ernest Mackenzie and George Williams were ushers. She is a daughter of Col. Gwyn of Dundas, and a niece of E. B. Osler, M. P., and has but lately returned from London where she was a pupil of some of the leading vocal teachers. Her voice is a sweet soprano, and was heard to advantage in a select program. A veritable shower of beautiful bouquets was her reward.
