ARIZONA COWBOYS AND MINERS

Have Organized to Avenge the Killing and Will Now Fight for Yaqui Independence.

El Paso, Texas, Jan. 28.-Friends by Gen. Torres, at the recent round-up of Yaqui Indians, to-day made formal application to U.S. Consul Charles W. Kindrick co, for a full investigation Gault, Hanson, Doull and Other Mor of the affair. Consul Kindrick notified the State Department, and telegraphed the Consular Agent at Guayamas, Mexico, for a complete report. Reports from Naco, Artzona, received to-day, contirm the killing of the six Americans. H. J. Corbum, now here from Bisbee, Arizona, says the cowboys and miners in Southern Arizona and Mexico have organized, and are now preparing to invade Sonora, and avenge the murder of the six prospectors. They will fight against the Mexican troops for the independence of Sonora and the Yaqui nation, and he is of the opinion that the contemplated movement will be crowned with success.

and Other Residences Are to Be Shifted. London, Jan. 28.—The death of the Duke of Westminster causes a general shift round of family residences. The widowed Duchess leaves Eton Hall the late Duke's principal mansion, this week, to stay at Latimer Bucks, Lord Chesham's place, until the Duke's affairs are arranged. Her place will be taken at Iston Hall by the Countess Grosvenor, mother of the present Duke, who heretofore has resided at the comparatively insignificant Salghton Towers, in Chester. By the death of the Duke she gets an addition of \$50,000 a year to her income until the youngest Duke marries, when it will be reduced by a half.

Seeing that the young Duke is reported to be coming home to marry Miss Sheelagh West immediately, the Countess Grosvenor will scarcely draw a quarter's allowance on the higher scale. nster causes a general shift

St. John's, Nfid., Jan. 28.—The continuance of the storm makes it impossible to obtain definite knowledge as to the identity of the vessel which went ashore on Jan. 17 on Foxtail Point. Another Big Concession.

But this is not all. The Cuba Electric Company, of which Mr. A. F. Gault, the Canadian cotton king, is president, and Mr. W. M. Doull secretary-treasurer, have got hold of the ferry system between Havana and Regla, on the opposite side of the harbor, the latter having 12,000 people, and from this they have secured the right of way to Guanabaca, three miles distant, and said to be Havana's most healthy suburb. This line will be running by March, and great things are expected from it. He says American capitalists appear to be holding back, not knowing what their Government is going to do with the island and the Canadians are catching the best plums.

Spaniards Are Flocking in. Than To Do Well." This might properly read, "It costs more to BE ill than to BE well." The source of all health is rich, strong blood. It is to the body what the mighty streams are to the earth. If the blood is Spaniards Are Flocking in.

The returned Montrealers also make the surprising statement that 12,000 people weekly are arriving from Spain and they are a fine class of settlers. The tobacco crop, they declare, will be the best for years and the sugar crop is estimated to reach not less than 750,000 tons. Mr. Doull concluded by saying that the Canadians were treated just as well by the American authorities in Havana as if they had been from the United States. pure, the body thrives; if the blood is weak or impoverished, then every pulse-beat carries weakness instead of strength.

At the Princess To-Day.

A play that will live forever in the popular fancy of all theatregoers is Tom Taylor's famous English melodrama, "The lor's famous English melodrama, "The ricket-of-Leave Man," which will be given as artistic production by the Cummings Stock Company at the Princess Theatre yevery afternoon and evening this week. Great pains have been taken to stage the production, and all the scenery is entirely new. The Bellevus Tea Gardens, the Bridgewater Arms, the St. Nicholas Church yard have been prepared in such a way as to make them the most natural scenes ever particularly well suited to the characters they will portray. He mentioned one fact that caused a great deal of surprise, namely, that a man had called at his own house with a book representing himself to be a collector for the Canadian Patriotic Fund.
