CAPITAL AND LABOR
MUST CO-OPERATE
TO WIN THE WAR
Boston, Nov. 6.—The necessity of co-operation between capital and labor in this country during the war, was emphasized by members of the British Munitions Commission in addresses at the City Club yesterday.
"If England had had during the war any part of the industrial disturbances now existing in the United States," said H. W. Garrod, "we would have been obliged some time ago to conclude a disgraceful peace with Germany."
Sir Stephenson Kent, director general of labor supply department of the ministry of munitions, said that "an everlasting stream of munitions" was necessary to win the war and that the United States must provide sufficient raw materials.

NEWFOUNDLAND FACES
SEVERE SUGAR SHORTAGE
St. John's, Nfld., Nov. 6.—Newfoundland is suffering from a severe shortage of sugar, with little hope of relief for several months.
The food control board is doing everything possible to procure supplies, but the shortage in Canada and the United States has resulted in a cutting down of allotments for this colony. In addition there is great difficulty in obtaining vessels for the importation of sugar as well as other foodstuffs.
It is feared that before the winter is over the supply will be practically exhausted. In the "outposts," the fishing settlements along the coast which are cut off from communication with the outside world by ice floes from January to June.

POLICE COURT
Two Cases Disposed of—Raid in North End House Last Night
In the police court this morning the Hallowe'en case, referred to yesterday, was disposed of. The man was fined \$20 for a technical offence. L. P. D. Tilley appeared for the woman and E. P. Raymond for the man.
A charge against J. Boyd Coggins against Rawleigh Myers for assault was disposed of and plaintiff and defendant were fined \$20. His Honor said that the police court was no place for respectable people to bring their private disputes to and he let the fines in both cases stand.
Fred L. Roderick was fined for driving his car without a N. B. license, operated under a U. S. license.
A truck driver was fined \$10 for driving faster than twelve miles an hour along the waterfront.
Euna Phillips was charged with keeping a disorderly house at 164 Adelaide road. She pleaded not guilty. Sergeant Banning swore that last night he and another policeman went to the house about midnight. There was no light the second floor, which the defendant inhabited. After some trouble they struck a light and found defendant and a man named Sullivan in different rooms and both had been drinking. Eight full bottles of whiskey were found in a pantry and several empty ones were lying around. As he went up the stair the down-stairs neighbors called out to him: "Hurry up or he'll be in the kitchen." Sergeant Banning said that there had been several reports about this house and that it was in consequence of these that the raid was made. The woman told the court that her husband was at the front and that the man was a boarder at her house. The case was postponed. Edward J. Henneberry appeared for the defence.

THAT INJUNCTION
The following letter speaks for itself:
Nov. 6, 1917.
H. R. McLellan, Esq.,
St. John, N. B.
Dear Sir:—You having called my attention to the report published in this morning's Standard, respecting the matter of the injunction in your action against the municipality regarding the \$8,000 I beg to say that the report is, in several respects, both inaccurate and misleading.
The matter was never argued on the merits, and Mr. Justice Grimmer did not dismiss the application for the injunction, neither did he state that, as the time for sending the comforts for this Christmas had been spent, there was no purpose in continuing the injunction.
What occurred was this:—I expressly stated that before any decision was given, I desired to present an argument, which His Honor stated he would hear. Being then in the midst of an argument before Mr. Justice Chandler, I could not attend at the time. Counsel for the municipality then stated that as it was impossible now, owing to the lapse of time, to use the money for the proposed Christmas comforts this season, even if they were entitled to do so the question would be only an academic one, and that it was purpose in wasting time in arguing the interlocutory injunction. Therefore he, on behalf of the municipality, I think very properly and reasonably, undertook that the moneys would not be used or voted for those purposes for this season, which would give ample time to try the matter on the merits before another season, or to that effect.
As this served every purpose you sought, it was satisfactory to me, and on that undertaking of counsel, I consented on your behalf that the motion for the interlocutory injunction should be dropped, and, His Honor concurring, it was dropped accordingly—the action to be tried on the merits on the merits in the usual way.
Yours truly,
M. G. TEED.
