Pastors of St. David's and St. Andrew's Begin Series of Addresses

Large congregations attended the services in St. Andrew's Kirk yester-day and notable sermons were delivered by the minister, Rev. J. S. Bonnell. In the evening the Main street Baptist choir repeated its Christmas isic in St. Andrews' church and the glorious renderings were greatly ap-

The Heart of Protestantism was the subject of the evening sermon which is the first of a series of Sunday night sermons on the subject "Fundamentals of Protestantism," The text was 1 Timothy, 2: 5, "For there is one God and one Mediator be-tween God and men, and the Man Christ Jesus," Mr. Bonnel pointed out that one of the priceless privileges of Canada was its religious freedom. Every man was allowed to worship God as he chose, he declared that this privilege must be perpetuated and guarded for future genera-

realize how great this privilege was unless they reflected on the fact that non-Anglo-Saxon country of Spain this freedom was not granted until the middle of the 19th century. He said that tolerance of each other's view-points in religion should be promoted, but ignorance of our own religion generally produced intoler-ence. He thought that one of the weaknesses of the Protestant church was the lack of teaching from the pulpits. It was in order to remed; series of sermons, he said, and on Sunday afternoon the Young Men's 'lub would discuss the sermon of the

revious Sunday.

The heart of Protestantism he stated was that every human soul could directly approach God through Yesus Christ. He showed that was the heart of the Gospel preached by Peter and Paul and the other Apos-tles. In speaking of what Protestant-ism had accomplished he stated that he saw no danger of either its disruption or disappearance but great evidences of strength and he felt that it had yet a tremendous contri-bution to make to the future of civili-

Next Sunday night the subject of Mr. Bonnell's sermon will be Protestantism and Progress.

AT ST. DAVID'S. Rev. Hugh Miller, pastor of St. David's church, presented his first New Year message, "Facing the Unknown," to his congregation yesterday morning, and was assisted by the choir, which repeated part of the Christmas music. At the Sunday evening service, the first in the series "The Protestant Religion," he dealt with "What Protestants Believe." Rev. Mr. Miller defined the term "protesant," related fined the term "protesant," related when and how it same to be applied, and pointed out that it only partly defined the Church, as we are part of the Catholic, as the Creed states.

He also dwelt on the beliefs common

to all branches of the Christian, as God, Christ and Holy Spirit. Proceeding, he related the origin of the present rm of the Protestant Church. Reformation was the spiritual rebirth of the general Renaissance, which ended the middle ages and ushered in modern civilization. It was accompanied by the revival of learning, discovery of new lands, the rising of modern science and much more. The Reformation

Don't dope YOUR Cough

IT is not wise to use remedies which depend upon "dope" such as narcotics, chloroform, canna bisortar products. They may stop your cough temporarily by numbing the tissues, as most cough mixtures do, but this is not enough.

The inflamed air passages must be soothed naturally, the germladen mucus loosened and expelled in order to effect a lasting recovery.

Mr. Braithwaite would have been 87 years old on January 12 and since the age of 13 years he had been actively identified with the big game life of the province, was a veteran woodsman, with an intimate knowledge of woodcraft, and had, also for some years been engaged in the lumber business. He was noted far and wide as a guide and hunter and maintained large sporting camps at the Little Southwest and Dungarvon Rivers, branches of the famed Miramichi, in which camps many noted men in public affairs and finances of this country and of the United States and England had been entertained.

Mr. Braithwaite had considerable standing as a writer of articles on the great outdoor life and especially about the hunting and fishing resources of New Brunswick which he knew probably better than any other guide in the province. His articles were frequently sought and he was a frequent contributor to sporting magazines. On several occasions his splendid descriptions of the sporting possibilities of this province appeared in the Tourist and Sportsmen's issue of the Telegraph-Journal. He was Canada's oldest guide.

of the business.

In the last forty years Uncle Henry had guided many notable English and American sportsmen in the woods of the Miramichi and always gave satisfactory service. He never had but one shooting accident, and in that case was himself the victim, and he never started a forest fire. The shooting accident referred to happened only a few years ago when he tripped over a windfall when carrying an encased gun belonging to one of his assistants. The price was discharged, and the load of buckshot carried away the forefinger of Nova Scetia coal industries manu-

was its culmination.

Mr. Miller said, "We believe in the sufficiency of Christ and that we are taved by faith in Him. He is the soul's Mediator, the Door, the Shepherd of the souls of men. We believe that in virtue of Christ's mediatorship and sacrifice that every soul may directly approach God, confess his sins and receive forgiveness. We believe in the Church composed of all true believers of which Christ is the head. We believe in the Bible as the inspired word of God, the infallible rule of faith and conduct."

Next Sunday evening the subject will be Christ and the Virgin Mary.

A VETERAN WOODSMAN.

Uncle Henry had been earning his living in the woods since he was compelled to make his bed in a snowbank for three nights in succession, with the mercury hovering that he has been on the job for seventy-one years. He shot his first carlbou when thirteen years old, and he has been in at the death of a good many hundreds of game and fur bearing animals since that time. His first care after his arrival home, but made a complete recovery.

River Thaws Out

At Edmundston

EDMUNDSTON, Jan. 2—This vicinity was favored with beautiful weather during the yuletide and with the roads in excellent condition, parties motored to all parts of the county, and some went even as far as Riviere du Loup, some 90 miles from here, also to Grand Falls, Van Buren and all surjouding districts.

The thermometer, so far, has barely registered below the freezing point, a quite unusual condition for this part of the province and the rivers which had frozen over in the last cold spell have again thawed out.
