CAUSE TO CURE

CAUSE TO CURE
A CAUSE MUST BE ADJUSTED, MADE LIGHT
CHIROPRACTIC is based on fundamental, natural laws. The organs of the body are the motors, the nerves are power lines which carry vital energy or life to all parts of the body. Impingement or pinching of the nerves interferes with their life-giving power and disease is the result. The Chiropractor adjusts vertebrae and the impinged nerves are freed. The flow of life enters the part diseased, normal functions are resumed and health restored. The Chiropractic way is Nature's way.
