

THE EVENING TIMES-STAR, ST. JOHN, N. B., WEDNESDAY, JANUARY 23, 1924

3

Y. M. C. A. AUXILIARY OFFICERS ELECTED

Plans For Future Events and Names Delegates to Women's Council

Mrs. G. Wilford Campbell was unanimously re-elected president of the ladies' auxiliary of the Y. M. C. A. for a third consecutive term at the annual meeting last night. Reports of the year were most gratifying. The election of officers resulted as follows: President, Mrs. G. Wilford Campbell; vice-presidents, Mrs. D. R. Willet; second, Mrs. Ralph Fowler; third, Mrs. John Bond; secretary, Mrs. John McKinnon; treasurer, Mrs. Leonard Lingley; convener of the house committee, Mrs. H. D. Fritz. As its next big undertaking the auxiliary planned for the annual Father and Son banquet to be held Feb. 11. Plans were also made for the business men's supper on Feb. 22. At the annual meeting of the territorial committee of the National Council of the Y. M. C. A. for the Maritime Provinces as well as the Maritime Province employed officers conference will be in session in the city on that date it was agreed that the supper should be given for the members of these two conferences, also. The delegates appointed to represent the auxiliary at the Women's Council were as follows: Mrs. G. B. Taylor, Mrs. F. A. Dykeman, Mrs. Leonard Lingley, Mrs. J. S. Frost and Mrs. R. E. Plumptre. Last night's meeting was largely attended and marked by general enthusiasm.

MORE HOPEFUL IN THE COAL STRIKE

Both Sides Negotiating in Effort to Reach a Settlement

Sydney, N. S., Jan. 22.—Negotiations with a view to agreement upon a wage contract were resumed this afternoon between representatives of the United Mine Workers and British Empire Steel Corporation. Both sides expressed their sincere desire and intention to reach an agreement. A sub-committee was appointed with instructions to continue in session until a basis of agreement is arrived at and it was mutually agreed that adjournment of the conference should take place only by joint desire. The said committee is composed of Messrs. Barrett, Baxter, Dalrymple and Johnston, representing the United Mine Workers of America, and Messrs. McLurg, McCann, McNeill and Gray, representing the corporation. The committee went into session immediately by Ottawa.

Ottawa, Jan. 22.—Intervention by the Federal authorities in the dispute between Cape Breton miners and their employers will depend on developments of the next few days. The ministry of labor has invited both sides to submit their views on the proposal to call a truce during which a government investigation of conditions and the merits of the strike can be made.

CAN SEE THE FISH IN LAKE WITH THESE SPECS.

Here's good news for fishermen. Professor W. T. C. Oton, an English scientist, has designed a pair of spectacles which will allow a person standing on the bank of a brook or lake to see clear to the bottom if not too deep. With these spectacles an angler can spot the fish and also see what approach the hook and take hold.

GIVES CONCERT AT ASYLUM.

The City Cornet Band, under the direction of Bandmaster Frank Wadington, gave an excellent musical program at the Provincial Hospital last night and was heartily thanked. Besides the band selections there were vocal solos by David Higgins and Mrs. C. Morris. The accompanist for the singing was Miss McKenna. The program was heartily enjoyed and the kindness of the band was well appreciated.

R. T. HAYES IS ON EXECUTIVE

Montreal, Jan. 22.—"Present demand for shoes in Canada provides consumption for only two-thirds and three-fourths of the output of Canadian factories," said J. A. MacLaren, Toronto, president of the Shoe Manufacturers' Association of Canada, tonight at the annual convention of the Shoe Trades now in session here. Officers elected by the wholesalers were: Alfred Congdon, Winnipeg, first vice-president; George Brown, Quebec, second vice-president; R. T. Hayes, M.L.A., St. John and C. S. Sutherland, Amherst, were named as Maritime Province executives.

MOVIE MEN CONTRIBUTE.

Leaders of the motion picture industry contributed \$10,000 at a luncheon toward the Harding Memorial Fund. The host was Adolph Zukor, president of the Famous Players-Lasky Corporation, who gave the luncheon in honor of Charles M. Schwab, who is head of the campaign to raise money for the memorial. Courtland Smith, executive secretary of the Motion Picture Producers and Distributors of America, Inc., presided, and brief talks were made by Mr. Zukor, Mr. Schwab, Arthur Brisbane, among others present were Marcus Loew, Carl Laemmle, Joseph Danenberg, S. L. Roth, Harry Reichbach and Gabriel Hess.

C. P. Contracts For Vessels Placed

John Brown and Company, of Clydebank, Scotland, have been awarded the contracts for the construction of the 5,000-ton steamers to be operated in the Canadian Pacific, British Columbia coastal service. The addition of the two new steamers which the Canadian Pacific Railway have ordered for the coast service, will give the company a British Columbia coastal fleet of 22 ships, including tow-boats and other small craft. The two new steamers are said to cost approximately \$200,000, and are to be ready in the spring of 1924. Among the ships built by Messrs. John Brown & Co. for the C. P. S. S. Limited, are the S. S. Montclair and Montclare, the two popular moon-class cabin ships on the Liverpool service.

YOUNG MEN OF ST. ANDREW'S DEBATE

Decision for Side Denying Municipal Employees Right to Strike.

An excellent debate was held at the regular weekly meeting of the St. Andrew's Young Men's Club last night. Having as its subject, "Resolved that municipal employees should be denied the right to strike." The affirmative side was represented by Fred Cerry, G. Woodworth and Gordon Wilson, while the negative arguments were presented by Fred Smith, Stewart Trentowsky and James Cerry.

Mr. Cerry, first speaker for the affirmative, argued that strikes were immoral. He cited the great suffering caused among the cotton workers of England during the recent coal strike, the strike reacting on the workers who were in no way responsible for it. He also said the strikes of sanitation workers caused much suffering on the part of soldiers in the trenches. He suggested as an alternative, arbitration. Fred Smith, speaking for the negative, argued that denial of the right to strike would destroy co-operation among workers, giving them the impression that they were down-trodden, and would take from them their only instrument of justice.

G. Woodworth, affirmative, said there was special immorality of strikes as applying to municipal employees, police, firemen, water workers, etc., giving as examples the police strike in Boston with its police, rioting, and the Winnipeg strike of municipal employees with its heavy financial losses and risks to the strike of Montreal water workers when patients in many of hospitals deprived of water for the heating system, died from effects of chill and exposure. S. Trentowsky maintained the results of strikes in increased wages, better working hours with consequent improved living conditions and greater contentment. That workers having the privilege of striking would not abuse it but would be more ready to use arbitration.

Gordon Wilson, affirmative, said that strikes were recognized as dangerous by many countries—arbitration being compulsory in New Zealand, and in Kansas, also in Germany, Belgium, France—countries which have made tremendous advancement in trade because manufacturing was not interfered with by strikes. He quoted President Coolidge: "There is no right to strike against the public safety by anybody, anywhere, anytime."

James Cerry, negative, argued that it would be unfair discrimination to deny municipal workers the right to strike when railway workers, coal miners and many other workers might be considered to toil for the public were allowed to strike at will. This being a free country, all men should be allowed equal privileges. He said employers were protected against unskilled labor by organized labor unions, in which members must come up to qualifications before getting a union card.

Rebuttal.

Mr. Smith, in rebuttal, said that the right to strike was labor's only instrument of justice. If graft should enter into the arbitration there would be no relief for labor. He called for the authority for statement that other foreign countries were beating Great Britain in trade.

Mr. Cerry gave as his authority that 10 per cent. of small articles of hardware in Canadian stores were imported from foreign countries other than Great Britain. He also said that there was no necessity for municipal workers to strike as they were working for the public and if proper publicity be given to their grievances the public itself would look after them by force. This being a free country, all men should be allowed equal privileges.

OFFICERS CHOSEN

At the monthly meeting of Maritime Fanthia, No. 46, Nomads of Altradaka, held last evening in Temple Hall, Main street, Mrs. O. S. Dykeman in the chair, officers were installed for the coming term by Mrs. Anna T. Perry, imperial deputy, who was assisted by Mrs. A. Brown as marshal. At the conclusion of the installation a social hour was spent and refreshments were served. The Nomads are the ladies branch of the "Dokers" and have a large membership in this city. The officers installed were—Mrs. Evelyn Black, Rani; B. Smith, Rajah; Mrs. Ada Colwell, Princess; Mrs. Gladys Totten, Tundita; Mrs. Mary Robinson, Purloina; C. T. Green, Treasurer; Mary Reed, Seer; Mrs. Mary Lennon, Director of Work; Mrs. Ruth Westrup, Rishi; Mrs. Clara Kincaide, First Warden; Mrs. Maad Brown, Second Warden; Miss Hilda Dykeman, Sanan.

A very pleasant feature of the evening was the presentation of a past regent's pin to Mrs. O. S. Dykeman. Labor being cheaper than gas or electricity in some parts of China, the method of drawing water by foot is still practiced.

Shine the Surface and Save the Shoe USE

Gives a jet black waterproof polish, softens and preserves the leather. Easily applied. Patent opener.

BOSTON BLACKING CO. MONTREAL

BUSINESS LOCALS

Good ice, tonight—East End Rink. 1-21 tf

INFORMATION WANTED. Regarding Keith Conrad, formerly of Halifax, where he was employed as ice haulage agent, left for St. John, N. B., about a year ago. Any information leading to his present address will be gladly received by his old employer, T. H. Peckles, Redden Bldg., Halifax. 5504-1-24

INDIANS LOOKING FOR BIG WAMPUM. Syracuse, N. Y., Jan. 22.—Canadian chiefs are taking part in a conference in the long house of the Six Nations of the Iroquois Confederacy at which claims of the confederacy to billions of dollars worth of land are being discussed.

FAVOR FLYING BOAT FOR FOREST FIRES. Montreal, Jan. 22.—Resolved, that the Canadian Society of Forest Engineers recommend to the Dominion Government, having in view the value of aircraft in forest conservation work, that steps be taken to hasten the design and construction of aircraft specially suitable for such work in Canada.

This resolution was adopted at the annual conference of the Canadian Society of Forest Engineers held here today. The resolution called for a flying boat and a float type airplane for the work. G. H. Prince, provincial forester, of Fredericton, was elected vice-president.

\$5,000 PLEDGED FOR BUILDING. The building committee of the Natural History Society held a short meeting yesterday afternoon to discuss ways of raising funds. Already \$5,000 has been given or promised and it was the impression of the committee that the general public would be behind the campaign for funds to provide a fire-proof building to house the society's treasures. The members had found that they were being urged to go forward with the scheme rather than harangue to make a plea for support.

213 Union Street. Tel. Main 889

RETURNS FROM EUROPE

Among the passengers who arrived at St. John on Saturday on the S.S. Montclair from Liverpool was Mrs. Gertrude Cunningham, of Truro, N. S.

Mrs. Cunningham was formerly Mrs. Gertrude O'Brien, of Fredericton, school teacher. For some time she has been traveling in the interests of a Nova Scotia concern and spent the last six months in England. She will spend a few days in St. John and then go to Fredericton to renew old acquaintances for some days. She has also traveled in China and Japan and has visited almost all the European countries since leaving Fredericton some years ago.

HOLD CONGREGATION SOCIAL. A congregation social was held in the Church of the Good Shepherd in Painesville last night when the members of the Y. P. A., gave the entertainment. Hudson Cheeseman, president, was chairman, and welcomed the guests.

The programme included a recitation "First Notions" by William Sumner, and Fred Pitts, and chorus by the young ladies of the association with Miss Hildreth Humphrey, accompanist. The remainder of the evening was pleasantly spent in games and at the close refreshments were served by the young ladies of the Y. P. A.

TO SPEAK ON FRENCH. "It is possible to learn how to speak French" is the question that will be answered by Rev. F. J. LeRoy this evening when he speaks at the Natural History assembly hall. He will speak under the auspices of the French club, which has done much to promote the study of this fascinating language.
