over the camp for a week.

THE SAD, SAD STORY
OF A TRUSTFUL MAN

Who Thought the South End
Wanted a Real Playground
for Its Young People.

Frank White had hoped to have some
sports on the south end playground a
week from today. To that end he ar-
ranged to have a few men and some boys
on the grounds Wednesday evening. With
the help of a few men and some boys
some work was done. For Thursday
evening two cars were provided, and
with the aid of the teamsters and some
boys some more work was done. Last
night the teams were there again. Mr.
White worked as long as he could, but
had to go to Carleton to arrange for
Monday evening's boat race. A news-
paper man and the two teamsters, with
some small boys, manned the cars for
two hours, and did what they could.
Occasionally another man would come
a shovelful for a few minutes, and then re-
member a pressing engagement. Eight
men who were expected to be there to
man the cars failed to arrive. Perhaps
200 able-bodied men watched a ball
game on the adjoining diamond. At in-
tervals they also watched the teams, the
teamsters, the newspaper man and the
small boys.
The trouble with Mr. White is that he
started to make a running track and
athletic field for use this summer. He
should have started a skating rink for
next winter. Then, his strength failed,
he might have got it done by the time
the sport began.
But the men of the south end are not
quite fair to Mr. White. When only a
couple of hundred men assemble to see
another man work he is apt to be dis-
couraged. There should be a thousand,
each with his hands in his pockets, for
the honor and glory of the south end,
and to stimulate Mr. White and the
teamsters to work harder for the boys
and girls.
There was a rumor last evening that
a group of ladies had offered to give
Mr. White some assistance next week,
and that benches would be provided for
the gentlemen.

MONCTON BUILDING RECORD.
Transcript:—The building permits for
the month of June past totalled \$148,
210, comparing very favorably with the
amount of building permits issued in
June 1919. July permits to date total
\$68,605, one of these permits being taken
out on the 6th inst. by the Eastern
Amusement Company for \$50,000 for the
erection of a theatre in Oak street.
Speaking to city hall officials this morn-
ing it was learned that the permits for
this year compared favorably in amount
of monies to be expended in building op-
erations with that of last year. Aside
from the T. Eaton building permit in
1919 the ordinary building permits this
year to date are greater than those of
last year.

BABE RUTH NOW
SECOND IN THE
LIST OF BATTERS

Only 38 Points Behind
George Sisler

No Home Runs in Last Week
—How They Stand—The
Fredericton Races—Other
Sport.

Chicago, July 10.—With a new world's
record within his grasp, "Babe" Ruth,
the New York slugger, today is driving
towards the batting championship of
the American League.

Reporting a fourth place a week ago,
the home run king is now second in the
list of batters with an average of .366,
thirty-three points behind George Sisler,
the St. Louis star, who is leading the
league. Ruth passed the veteran Tris
Speaker of Cleveland, and Joe Jackson,
of Chicago, who are tied for the third
place honors with .358. Sisler, in first
place, is batting .419.
Although Ruth failed to fatten his
home run record during the week, he
connected with thirteen hits in nine
games. In addition he pulled away
from Speaker for scoring honors. He has
crossed the plate seventy times, while
the Clevelander is two runs behind him.
Ries, Washington, continues to burn
the paths and is far out in front among
the base stealers, with thirty-five thefts.

Today's Grand Circuit.
Cleveland, July 10.—The opening
meeting of the 1920 Grand Circuit sea-
son came to a close at North Randall
today with a card of five races, con-
sidered by horsemen to be one of the
best of the week.
The free-for-all pace, with seven of
the greatest side wheels in training
named to start, was the feature. Son-
ardo, Single G, Verlie Patchen, Grace
Direct, Goldie Todd, Louis Gratton and
Gladys B, all with records of 2:02½ or
better, composed the field.
Another event that attracted attention
was the 2:06 class pace, in which five
were entered. Among them were Hal
Mahone and Esther R.
Six were named in the 2:10 class trot,
nine in the 2:20 and ten in the 2:18
class pace.

FREDERICTON RACES
Fredericton, N. B., July 10.—Fred-
erickton's midsummer meeting on the
maritime and Maine harness racing cir-
cuit the last week in July will have as
its feature a free-for-all pace for the
Barker House purse of \$1,000. The offer-
ing of this race to bring the fast re-
cord pacers of the east together was an
important factor in negotiations which
have resulted in the Aroostook circuit's
meeting at Presque Isle, Maine, for the
same dates being called off. The Fred-
erickton meeting will therefore have the
horses from both the maritime and
Maine and Aroostook circuits. The pro-
gramme includes: Free-for-all pacing;
2:14, 2:16, 2:18, 2:20 and 2:27 trotting and
pacing; free-for-all, 2:19, 2:22 and 2:27
trotting. For the full meeting here Sep-
tember 21st, 22nd, 23rd and 24th the
same programme is being offered with a
2:22 trot and pace added.
There are eighty-six nominations for
six early closing stakes for the fall
meeting, including the Potvin stable of
Montreal. Seventy-four horses are en-
tered for the seven events on the pro-
gramme for the Woodstock Driving
Club's races next Monday and Tuesday,
including most of the big stables of both
the M. & M. and the Aroostook stables.

Darkness and
Water Famine at
Glac Bay Threaten

Sydney, N. S., July 10.—A serious
situation has again arisen at Glac Bay.
Once more the town is threatened with
darkness and a water famine. The em-
ployees at the electric light plant and at
the pumping station have protested
against the action of the town council,
who refused to ratify an appointment
meeting by Superintendent Fritzel, of an
engineer at the pumping station. In-
stead a new man was appointed and now
the talk of the central union is that
they will refuse to work with the new
appointee.
