

PAY \$400 A MONTH ALIMONY

Suit for Separation Brought Against Millionaire — A Counter-Claim.

New York, Sept. 11—Robert H. McCarter Potter, a retired carpet manufacturer, noted as a sportsman and breeder of race horses, who is a cousin of Uzal H. McCarter, President of the Fidelity Trust Company of Newark, and said to be worth more than \$1,000,000, agreed this week to pay his wife, Mrs. Mabel Lawrence Potter, \$400 a month alimony pending a suit for separation on the ground of abandonment.

Mrs. Potter had asked for \$1,000 a month and the case came before Justice Guy for a hearing when the agreement as to alimony was made. Mr. Potter denied that he left his wife, and makes a counterclaim for separation on the ground that she had left him.

Mr. and Mrs. Potter were married at Lake Forest, Ill., in 1897, and have two children. In her affidavit, Mrs. Potter stated that four years after their marriage she and her husband came East from Chicago and he built a factory on property worth \$1,000,000 which he owns in Holoken. They spent part of their time at his country place and stock farm at Andover, N. J. She alleges that in 1912 he bought an elaborately furnished yacht and entertained men and women friends over week ends.

The plaintiff alleges that on one occasion she found her husband entertaining another woman at the Waldorf-Astoria and at another time she found a bill from the Lexington Hotel at Lake-wood, N. J., for "Mr. and Mrs. R. H. McCarter Potter," but that she was never there. She says she had to move into an apartment at 372 West 141st Street because her husband cut down her allowance, and that once when she went there unexpectedly she found a woman wearing her negligee. She alleges that she investigated and found that the woman lived in a house at Ridgewood, N. J., which she says Potter aided her to buy. She asserts that she knows of no relationship between her husband and the woman, but learned that he had been represented to be her wealthy uncle.

Mrs. Potter said that her husband owned many race horses, and paid as high as \$50,000 for one. She mentioned Tantalus, Bow Belle, Clarence, Queen of the Hills, Edna Marie and Luminous.

MYSTERY IN FALL OF MAN TO DEATH

Suicide Say Police; Accident Declare Relatives of New York Silk Dealer.

Adolph L. Unger, a silk manufacturer, either plunged or fell down the elevator shaft from the thirteenth floor of a loft building at 432 Fourth avenue, in which his plant was situated one day this week, and was killed. He was recorded as a "suicide" on the blotter of the West Thirtieth Street Police Station. The police assert Mr. Unger told a man over the telephone a little while before his fall, "I'll be dead when you arrive," when this person promised to go to Mr. Unger's office and pay a sum of money he owed him. This man arrived at the building just as the silk manufacturer's mutilated body was being removed, the police assert.

Chief Medical Examiner Norris, on the other hand, while declaring it a suicide, said he did not make a careful investigation, but on the ground that there has been a great decline in the silk market recently, considered that Mr. Unger might have suffered losses which made him despondent.

Members of the office force denied that their employer had committed suicide and disclaimed knowledge of the telephone message which the police say had been received. Mr. Unger was financially solvent, having met with no great losses in spite of the slump in silks, it was said at his office. His rating last week was between \$50,000 and \$75,000, according to Dun's. His health

was good, his mind normal, and his spirits high it was said. A few minutes before his death he telephoned to Joseph P. Berger of the Shirley Silk Company making an appointment with him for later in the afternoon. Furthermore, Mr. Unger was said to have lived happily with his wife, Mollie and their two children, Sylvia, 7 years old, and Harold, 5 years old. They spent the summer at the Edgemere Club, Edgemere, L. I., returning to a newly furnished apartment at 218 West Eighty-ninth street last Thursday.

Mr. Unger left his office on the thirteenth floor, at about 2:30 and rang for the elevator. When he entered the car he told Peter Merz of 218 East Twenty-fifth street, the conductor, that he had lost a valuable diamond ring, and requested Merz to aid him in searching the floor of the elevator, according to the story of the police. With the car still at the thirteenth floor, Mr. Unger and Merz searched the floor on their knees, but failed to find the ring.

The silk manufacturer then asked Merz to raise the elevator so he could feel along the ledge under the door, the police said. Still on his knees and with his arms outstretched, Mr. Unger reached the end of the car. Whether he lost his balance and fell through the opening between the thirteenth floor and the bottom of the elevator, as his friends and relatives believe, or whether he made the plunge deliberately, as the police say, is the question which the finding of his mangled body at the bottom of the shaft, presented.

Mr. Unger was born in Germany thirty-five years ago. For the last eighteen years he had been in the silk business.

A model of the Hindenburg line, which has been exhibited in Washington by the Department of History of the State of Tennessee is an accurate miniature of his mangled body at the bottom of the shaft, presented.

New York, Sept. 11—Two detectives garbed in the uniform of restaurant waiters, arrested James Moralo, twenty, alias "Jim the Butch" of 104 Jackson street, Brooklyn, as he entered a Broadway restaurant in Brooklyn, on a charge of assault and battery. The detectives had been serving in the restaurant nightly for several weeks in an endeavor to

Are Your Funds Waiting Investment?

Close to \$1,000,000,000 is now being distributed from coast to coast in connection with our crops. This will shortly result in a freer circulation of funds throughout Canada's industrial, mercantile and financial world.

Our foreign trade is running 25 p. c. over the previous year. Our domestic trade, as shown by bank clearings, is over 28 p. c. above the previous year, and bank deposits are over \$150,000,000 higher than the record year ending June, 1919.

At this time, during the past few years, Canadians have had an opportunity, through great public loans, of purchasing Victory Bonds, and over one million Canadians evidenced their approval of Canada's Premier Security by purchasing in the aggregate over \$2,000,000,000 worth.

Beyond doubt Canadians are financially able to make further substantial investment records. We cannot conceive of any better form of investment for the large funds now accumulated than Victory Bonds, which undoubtedly will be bought up freely.

NOW IS NO TIME FOR IDLE FUNDS

The new prices for Victory Bonds make them the greatest investment bargain in Canada. There will be no public loan this year. The present supply is not large. Do not let your funds lie idle and "rust." If you have funds available we cannot too strongly recommend that you purchase Victory Bonds to the limit.

Your orders will receive our best attention.

PREPARE FOR VISIT OF BRAMWELL BOOTH

St. John Army Official at Meeting in Toronto.

(Toronto Globe) Plans for the visit of General Bramwell Booth to Toronto from October 29 to November 4 were discussed yesterday at a meeting of the Salvation Army Council. His arrival will be celebrated by a monster parade from the station to the City Hall where an official welcome will be given him.

Among the delegates to the meeting yesterday were Commissioner Richards, Territorial Commander of Eastern Canada, Colonel Rawling of London, Colonel Hargrave of Hamilton, Colonel Bettridge of Montreal, Brigadier Moore of St. John, N. B., Major Walton of Halifax and Staff Captain Burton of Sydney, Cape Breton.

DETECTIVES WORK 3 MONTHS AS WAITERS

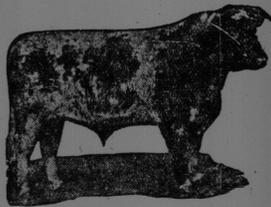

Then They Arrest "Jim the Butch" in Connection with an \$8,000 Payroll Robbery.

New York, Sept. 11—Two detectives garbed in the uniform of restaurant waiters, arrested James Moralo, twenty, alias "Jim the Butch" of 104 Jackson street, Brooklyn, as he entered a Broadway restaurant in Brooklyn, on a charge of assault and battery. The detectives had been serving in the restaurant nightly for several weeks in an endeavor to

trace Moralo's alleged connection with the robbery of an \$8,000 payroll from Joseph Bassett, cashier of the European Skin and Dyeing Co., 11 Anthony street, Brooklyn, on Dec. 19, 1919.

Three men took part in the robbery, two of whom have been convicted and sentenced. The police believe Moralo is the third man.

When arrested Moralo developed an aggravated case of acute indigestion and had to be removed to the Williamsburg Hospital. He was arraigned before Magistrate Short in the Bridge Plaza court and held in \$5,000 bail for a hearing.

It Pays to Feed Empire Feeds!

Cattlemen, farmers and dairymen have learned that it is profitable to buy stock feeds by proteins and that the feed containing the proper amount of proteins is the feed that brings results.

Another consideration steps in, however, and that is, that beyond a certain point, protein ingredients may be present in too great quantity for the animal to use, and there is waste.

EMPIRE FEEDS are rightly balanced

Empire Dairy and Hog Feeds contain not less than 16% proteins (guaranteed), which will be used for the nourishment of the animal, without waste.

We aim to put up feeds that will pay the user. Only good sound grains and other ingredients are used, and certainly no filler or other useless stuff will ever enter into EMPIRE FEEDS. Try a quantity for a fair testing time. We will abide by the resulting improvement in your stock. Ask your dealer for the honest feeds—EMPIRE BRANDS.

"Costs More, but—It's Worth More."

EMPIRE DAIRY FEED

DAIRY FEED and HOG FEED.

What Republicans Offer In Place of the League

Senator Harding's mention of putting "teeth" in his proposed reconstructed Hague Tribunal evokes only jeers from the Democratic friends of the League of Nations. "Political dentists," observes the New York World (Dem.), "will tell him that without a League only false teeth are possible now," and the Richmond Journal's (Dem.) title for an editorial on the subject is "Harding's False-Teeth Proposal." On the other hand prominent Republican newspapers are enthusiastic over the Republican candidate's plan, the New York Tribune declaring that while the Harding program "promises no millenium, it is definite and affirmative, whereas the Cox program is vague and negative."

So that the public may more fully understand just what is offered by both parties, THE LITERARY DIGEST in its issue of September 11th, publishes an enlightening article, drawn from editorial statements by American newspapers, comprehensive, unbiased, and deeply interesting. Read it and you will be able to vote more intelligently at the coming election.
