

### AMENDMENTS TO COAL ORDER

(Canadian Press Despatch.)  
Ottawa, Sept. 27.—On the recommendation of the board of railway commissioners, an order-in-council has been passed amending the order adopted several weeks ago forbidding the export of coal from Atlantic ports excepting to the United States and Newfoundland. The amending order-in-council provides that in the case of each shipment by water to the United States an export permit must first be secured from the railway board. It is explained that the purpose of the railway board in providing for the issuance of permits to exporters is not to restrict exports across the border but to make consignees satisfy the board that the coal is for United States consumption. The issuance of permits will also make it easier to keep track of export movements of coal.

In regard to Newfoundland an arrangement has also been made which prevents Canadian coal sent to Newfoundland being again shipped out of that colony.

**DON'T BELIEVE IT A NEW VOLCANO**  
**Scientists' View of Phenomenon in Italian Earthquake Zone.**

Rome, Sept. 15.—(Associated Press Correspondence).—Scientists say they do not believe that a new volcano was created on Mount Pisanino, near Spezia, during the earthquake which began on Sept. 7, and continued until Sept. 9, causing the loss of 600 lives. Tongues of flame and smoke or dust were seen to be emitted from what is popularly supposed to have been a new crater opened near the mountain top.

Frank A. Perrett, American volcanologist for the Carnegie Institution, who occupies a station at Mt. Vesuvius to observe its operations, has expressed to The Associated Press the opinion that no new volcano has been formed but that the earthquakes caused displacements of subterranean strata causing a fissure in the earth's crust and that gas escaping therefrom was mistaken by the lookers as the opening of a new crater. The phenomenon was not a new one. Mr. Perrett said the seismical instruments showed a towering of the earth level in the earthquake district previous to the tremors. This had been observed on other occasions when earthquakes occurred.

This view is shared by Senator Capellini, a prominent geologist who has been interviewed by the Messaggero and who says there have been an eruption of gas through a fissure on Mount Pisanino and the supposed column of smoke above the mountain may have been caused by clouds of dust from falling earth.

The tongues of flame, in Senator Capellini's opinion, may possibly have been inflammable gas from underground wells of oil. He said, however, that volcanoes appear independently of the structure of the earth's crust and that the greatest catastrophes have occurred from the appearance of volcanoes where nobody expected them.

For example, the geologist continued, Mount Etna rises out of post-pliocene strata while the volcanoes of the Andes mountains in South America arise from the granitic rocks. Therefore the nature of the Apuan mountains did not exclude the possibility of a volcano appearing on Mount Pisanino.

**LIGHTER VEIN.**  
Montreal Herald.—A St. John, N. B., man boasted to a Halifax, N. S., man that his city never built castles in the air. The Halifax man said he supposed that was because they would have difficulty in finding them in the fog. How these people crackle at each other.

### OPPOSITION TO HOUSING SCHEME

(Canadian Press Despatch.)  
Montreal, Sept. 27.—Commissioner Verville, who is a member of the Housing Committee of this city, stating this morning that he had requested Chairman DeCary of the administration commission to dissolve the former body as it was useless for it to continue its work under the present circumstances. "I doubt if there will be any building done this year under the scheme," he said, referring to the million dollar grant made to Montreal by the government, "owing to the disapproval of the Federal Government of the provincial law regarding two storey houses. There is no working man who can afford to pay \$4,500 for building a house and use it only for himself. The Federal law says that the house may be for two or two and a half storeys in height, but the builder must reside in it himself. They cannot afford to do that. All the cities are protesting to Ottawa against this restriction and the only thing to do is to have the law amended next session at Ottawa."

**GERMAN CUNNING**

**Wireless Set Found Concealed in Water Tank on Former Hun Liner.**

New York, Sept. 28.—An aftermath of the war showing the cunning and resourcefulness of the Germans, was revealed when the Peruvian steamship Eien, formerly the interned German ship Rajha Kootis, arrived here from Cape Town, South Africa, recently.

Several days before the vessel arrived a complete wireless receiving apparatus was discovered secreted in the water tank of one of the cabins. It is thought the German crew concealed the outfit before their ship's wireless was dismantled by the Peruvian government, and was to be used in receiving messages from the German wireless stations, supposed to have existed in Mexico and along the South American coast. The Rajha Kootis was interned with her crew in a Peruvian port when Peru declared war on Germany.

The discovery was accidental. A passenger complained that the water tank in his stateroom was out of order, and when it was taken apart for repairs, the wireless set was discovered in a secret compartment. It was in good condition, the ship's officers said, and was turned over to the United States government.

**METHODICAL BURGLARS.**  
Rochester, N. Y., Sept. 28.—Methodical burglars stole a horse and wagon here recently, broke into the second story apartment of F. Kugler and stole his watch and then descended into his butcher store on the ground floor and carried away a 500-pound safe containing jewelry and currency valued at \$40,000. The horse and wagon came back later without a driver, but no trace of the safe has been found.

### CEREMONY OF THE KEYS

**Quaint Practice That Has Taken Place Nightly for Centuries.**

London, Sept. 10.—(Associated Press Correspondence).—At the Tower of London the ceremony of the keys has taken place nightly for many centuries. The yeoman porter, with an escort of guards, still nightly locks the gates. Behind him still walks "a variety of two pence a night to carry the keys," and, broad daylight or no, follows the bugler with the lantern.

"Halt, who comes there?" demands the sentry.

"The keys," replies the yeoman porter.

"Whose keys?" asks the sentry.

"King George's keys," is the answer.

At the end of the ceremony the yeoman porter takes off his hat and says "God preserve King George," and guard and escort reply "Amen." Then the band of drums and fifes play "God Save the King" and buglers sound the "Last Post."

**OLIVE THOMAS' FUNERAL.**  
Services for Film Star in St. Thomas' Church This Morning.

New York, Sept. 28.—Funeral services for Olive Thomas, motion picture star and wife of Jack Pickford, who died in Paris, Sept. 10, of mercurial poisoning, were held this morning in St. Thomas' church, Fifth avenue and Fifty-third street, New York. The pastor, the Rev. Dr. Ernest M. Stires, officiated.

The honorary pall-bearers were Eugene O'Brien, Owen Moore, Thomas Meighan, Harrison Fisher, Gene Buck, Myron Selznick, Allan Crossland and William Skelton. There were sixteen others, including Irving Berlin, Montague Love, Vincent Serrano and William Collier, Jr. The interment, at Woodlawn cemetery, was private.

The advertisement on page 5 will tell you all about it.

**RALLY AND SOCIAL.**  
A rally and social was held last night by the Young People's Association of the Carleton Methodist church, in the church school room, J. L. Robertson presiding.

An address was given by Rev. J. Heaney, pastor of the church, who welcomed the members and outlined the factors that stood for the success of the association during the coming year. Instrumental solos were given by Miss Marion Smith, Clarence Beattie, William Beattie and Miss M. Beattie, various games were indulged in and refreshments were served during the social hour that followed.

This is to certify that I have used MINARD'S LINIMENT in my family for years and consider it the best liniment on the market. I have found it excellent for horse flesh.

"Woodlands," Middleton, N. S.

**Y. P. S. MEETING.**  
The Young People's Society of the Ludlow street Baptist church, West St. John, had a successful rally last evening. There were about a hundred present. H. B. Clark of Portland street Methodist church, addressed the gathering, urging greater efforts on the part of the young people in church work. J. G. Spencehouse and R. J. Rupert rendered excellent solos. The rally was preparatory to the commencement of the winter's activities. A programme of meetings is being carried out on the plan of the Baptist Young People's Union and the society is well organized under the leadership of Mrs. Hazen Hamilton.

**Minard's Liniment for sale everywhere.**

**COX AND BRYAN.**  
Omaha, Sept. 28.—Governor Cox, Democratic presidential candidate, last night gave out a statement that he would have supported William J. Bryan for the presidency had the former secretary of state been nominated, and added that he was fostering progressive ideas gained under Mr. Bryan's leadership.

This statement was in response to an inquiry regarding the position in the campaign of Mr. Bryan, who has withheld support from Governor Cox.

### FACTORIES ARE BEING RETURNED TO EMPLOYERS

(Canadian Press Despatch.)  
Milan, Sept. 27.—The delivery of all the works and factories to the employers is proceeding almost without incident. Red flags have disappeared and the Red Guard has disbanded. Commissions representing the men are making an inventory of the work done during the occupation and a statement showing the materials used whether belonging to the works or received from the outside.

The clerks of the technical staff of the Pirelli Rubber Works have gone on strike as a protest against the return to work of those men who attacked and insulted them and called them "black-legs." The strikers declare that they will not return to work until the offenders are punished. Reports from Turin and Genoa and the greater part of the provinces state that the delivery of the works to the owners is taking place peacefully.

### BIG RAILWAY EXPENDITURES IN GREAT BRITAIN

London, Sept. 28.—(Canadian Press).—New railway construction in Great Britain includes the bridging and barring of the river Severn at Beaulieu by the Great Western railway, at a cost of between 6,000,000 and 7,000,000 pounds sterling; the construction of a three-arch bridge at Newport, to cost 800,000 pounds sterling; and the building of an experimental section of the Kearney High Speed railway between Brighton and Rottingdean. It is intended to extend the line later on to New-haven Harbor.

The section of Edinburgh from Pilgrimage to Liberton is to be electrified at a cost of 600,000 pounds sterling.

The street railway tracks in Blackpool will be relaid at a cost of 250,000 pounds sterling, work to begin next month.

**The Economical Covering for Your Furniture is Craftsman Fabrikoid**

ARE you the mother of kiddies whose romping about the house has played havoc with the furniture? Upholstery torn, cut, stained? Frames good, but coverings in a horrible state? Craftsman Fabrikoid will replace the old coverings and make the furniture good as new—in fact it will probably outlast the furniture itself.

Half the furniture you have seen covered with what you believed to be leather was Fabrikoid. It is difficult to distinguish between the two as far as appearance is concerned, for Fabrikoid is grained, pebbled and colored the same as leather. But it has advantages that leather does not possess. Leather must be accepted as it comes from the cow—Fabrikoid is built up to a fixed standard. Leather is hard in some spots, soft in others, absorbs grease and water, becomes stained and frequently rots and tears. Fabrikoid is uniformly the same, yard after yard—pliable, tough and absolutely impervious to water or grease—and above all, costs far less.

Make your furniture upholstery permanent with Fabrikoid. Save money and make the chairs, cushions, lounges and couches kiddie-proof with this attractive covering. Your furniture dealer can supply it—he can do the work. Write us for further information about Fabrikoid and what can be done with it in your home.

**Canadian Fabrikoid Limited**  
Head Office, Montreal  
Halifax Toronto Sudbury Winnipeg Vancouver  
Most of the motor cars in Canada today are upholstered or topped with Fabrikoid.
