BASEBALL

Ban on Betting
Disturbances which arose among the crowd standing behind the ropes at the ball game yesterday on the Marathon grounds were attributed to ill feeling on the part of backers of the St. Croix team, it being believed that a considerable amount of money was wagered on the game.

Takes Dedrick's Place

McKee a strong pitcher from the New York State League will join the Marathons at Bangor today. He is taking the place of Dedrick who was released last evening.

East End League

The Alerts defeated the Glenwoods in the East End League game last evening by a score of 12 to 0. Parlee of the Alerts struck out eleven men and did not allow his opponents a hit.

Baseball Notes

It is an old saying that a pitcher cannot win ball games unless his team makes runs, no matter how good his own work in the box. In that case it must be a great comfort to pitch for a team like the Athletics. They are "there" with the hits and the action that makes runs, and they frequently make double figures in runs, as well as hits.

"wildfire" hitting in the past week or two.

Speaker made 11 hits with a total of 18 last week and has made hits without a break for the past two weeks. In nine games in that time he made two hits in each. This also boosted his run column last week with nine tallies. This is on his toes.

"Stuffy" McInnis, the Gloucester lad, made a big haul on hits in seven games last week. He batted safely 14 times, and Baker, the lusty hitter ahead of him in the batting order, had 18 hits for his week's work.

George Stovall's advent in the .300 list is accounted for. He made 22 hits in the 12 games prior to Sunday and averaged a run a game at the same time.

Walter Johnson got into the first game in the present series with Boston all right, and he will probably get into others in the same way should a similar condition arise. He can generally be depended upon to hold all that is turned over to him.

the most improved ball player he has seen in a year's time. "In a couple of seasons I believe he will be the leading second baseman in the league," says Lajoie.

The side of McGraw's face was badly cut.

White Sox Get Lathrop

Cincinnati, July 3—Chairman August Herrmann of the National Baseball Commission has handed down a finding today, in which he awarded the services of player W. G. Lathrop, a student at Notre Dame University, to the Chicago American League club.

The Boston Braves

"Every power a manager should have in leading a big league club, I have vested in George Stallings," said President James Gaffney, of the Boston Braves, in a New York interview. "I do not interfere with his work, and do not want anyone else to tell him how the team should be run. I think that is the best plan. If money can get the players we will have them. I think Stallings has done wonders with the team in the short time he has been with it. It takes a great deal of time to build up a ball club, but I think Stallings will have one sooner than I expected."

Brennan and McGraw

Here is another account of the trouble between Addie Brennan and John McGraw. It is a Philadelphia despatch. "After the game today between the Phillies and New York was over, there was a fight between Addie Brennan, the Phillies' southpaw twirler, and Manager McGraw of the New York team. There had been some bad feeling between the two men all during the game. Brennan was on the bench and McGraw occupied the coacher's box at third, directly opposite."

Martyr to His Work

New York, July 2—Gerhard Otto Tilden, for nearly twenty years baseball color of the World, is dead. The end came after a lingering illness.

Robert to Quit Backstops

Philadelphia, July 2—John B. Robert, third baseman of the Philadelphia National League Baseball Club, has taken out a license to marry Miss Rachel S. Campbell of this city.

Callahan or Fryor?

Frederick Gleason—"Hank" Callahan was on the bench yesterday. It is not settled whether he or Fryor will have the regular post in the infield. Fryor's work in some respects is not up to last year.

Callahan or Fryor?

The Pets have made twenty-three errors in the last four games, which is rather too large a number. Until the infield is skinned back almost twenty feet farther it will be impossible to play good ball at Scully's Grove.
