

Citizens' Candidates' Thanks

To the Electors—

We, the members of the Citizens' Ticket, feel deeply thankful for the magnificent support accorded us in the primary election on Tuesday last.

We now respectfully ask you to support our whole ticket in the final election on the 22nd inst., believing as we have claimed many times that this is the best way to make the Civic Government by Commission a success.

Sincerely Yours,

H. E. SCHOFIELD

FOR YOUR HAIR

Here Are Facts I Want You to Prove at My Risk

When the roots of the hair are entirely dead and the pores of the scalp are glazed over, I do not believe that anything can restore hair growth.

But, when the hair roots retain any life, I believe there is nothing that will so surely promote hair growth as will Rexall's "88" Hair Tonic. To prove that statement, I promise to promptly return all the money you pay me for Rexall's "88" Hair Tonic, should it not please you.

Rexall's "88" Hair Tonic destroys the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and, by promoting circulation, nourishing them.

Rexall's "88" Hair Tonic helps to relieve scalp irritation, to remove dandruff, to prevent the hair from falling out, and to promote an increased growth of hair. It comes in two sizes, prices 50 cents and \$1.00. Remember, you can obtain it only at my store—The Rexall Store, Washington—100 King Street.

PORTLAND Y. M. A. BANQUET

The members of the Portland Y. M. A. held a banquet in their room in Portland street last night. A very enjoyable evening was spent with songs, readings, speeches, etc. At the beginning of the banquet all those present sang the blessing, after which an excellent literary and musical programme was carried out. During the evening presentations were made, acknowledging the success of the different teams competing in the basketball league.

The programme arranged was as follows: Presentation of contest; songs; reading, Stanley Irvine; speech, H. Cunningham; presentation of basketball ribbons, by A. C. Powers; speech, R. T. Hayes; speech from the captain of the Y. M. C. A. basketball team, R. Robinson; presentation of shields, R. H. D. Marr; speech from the president of the intermediate Y. M. A. basketball team, W. Kirk. An account of the basketball team was read by F. Thomas, after which he was presented with a handsome card case by the members of the association.

The gathering broke up about midnight with the singing of God Save the King.

62nd RIFLE ASSOCIATION

The annual meeting of the 62nd Rifle Association was held last evening in the drill shed. The reports from the secretary and treasurer were read and showed that the association is in a flourishing condition.

It was decided at the meeting that a series of rifle matches would be carried out commencing on May 24 and continuing on every Saturday throughout the remainder of the summer. The latest models of rifles have been procured and will be distributed to the members for use during the summer.

The officers elected for the coming year were: Captain, Major Parley; secretary, Color Sergeant, S. Day; treasurer, Major Frost. These together with Captain Dunfield and Corporal Gladwin, form the managing committee.

WAS ALL RUN DOWN.

Doctors and Medicine Failed To Cure Him.

Many people become run down, but don't know just exactly what their trouble is. As a rule it is improper circulation of the blood, owing to not just taking proper care of themselves. All they want is a good tonic to build up the system and put their blood in proper shape, and for this purpose there is nothing to equal Burdock Blood Bitters. It regulates the stomach, liver and bowels, purifies the blood and tones up the entire system. Mr. Murdoch A. Morrison, Tarnot, N.S., writes:—"I am now writing to tell you what Burdock Blood Bitters has done for me. Last Summer I was all run down, and doctors and medicine failed to cure me. At last I decided to try a bottle of Burdock Blood Bitters, and after taking one bottle I began feeling better, and after I had taken the remedy for two months I was completely cured. I can safely recommend your remedy to anyone."

HALIFAX AND THE C. P. R.

Halifax, April 11—Sir Thomas Shaughnessy arrived in Halifax this afternoon. He came to meet Lady Shaughnessy, who is a passenger on the steamship Empress of Ireland, due tomorrow evening.

The president of the C.P.R., Mr. J. H. McCreary, and other officials of the railway were on hand to meet the party.

Some time ago he intimated that he wanted to have time when in Halifax on this occasion to take over with the board of trade the question of the entrance of his railway into Halifax.

Sir Thomas was entertained at dinner at the Halifax Club tonight by several members of the council of the board of trade, including F. B. McCurdy, M. P., and W. A. Black, after which a conference was to be held on the subject.

The consideration of the matter will be continued tomorrow.

The Halifax Canadian Club are offering two prizes of \$80 and \$40 and invite Nova Scotia writers, whether resident or non-resident, to submit a poem not to exceed 300 words, suggested by the completion of the parliamentary memorial tower at Halifax and its dedication by the Duke of Connaught.

The poems, signed by a non de plume and accompanied by the author's name in a sealed envelope, must be in the hands of the honorary secretary by July 15, and will be examined by a competent committee, whose decision will be finally submitted to the professor of English literature in the University of Toronto.

The two successful poems will become the property of the Halifax Canadian Club.

TERRIBLE RESULT OF BLOOD POISON

After Three Operations Zam-Buk Was Tried and Proved Successful

If people would only use Zam-Buk for chronic sores, blood-poison, etc., before permitting operation, scores of limbs would be saved.

Mr. Robt. Patterson of North Pelham, Wollaston Co., Ont., writes:—"My daughter, Annie, had blood-poison in her finger. The doctor operated twice on the finger, but did not obtain the desired result, and a third operation was considered necessary."

"Three doctors were present at this operation, but after it had been performed the wound did not heal. Try as we would we could not get anything to close the wound."

"We at last tried Zam-Buk, and it was really wonderful to watch how this balm healed the wound. Each day there was a marked improvement. King the wound in the palm of the hand closed and then the finger which had been bad so long began to heal. The diseased flesh seemed to rise out of the finger and the finger off, and new healthy flesh formed from below, pushing out the diseased tissue. In a short time the wound was completely healed. Had we applied Zam-Buk at first we might have saved the finger."

"We had another proof of Zam-Buk's power in the case of my son. When two years old he had his hand badly mangled. One finger had to be amputated and it left a running sore for some months. This wound, also, was finally healed by Zam-Buk."

"For chronic sores, blood-poison, ulcers, abscesses, scalp sores, piles, eruptions, inflamed patches, eczema, warts, burns, bruises, and all skin injuries and diseases Zam-Buk is without equal. See box all druggists and stores, or just see Free Zam-Buk Co., Toronto, for price. Have you tried Zam-Buk Soap? 25c. tablet."

ANNAPOLIS VALLEY APPLE TREES 150 YEARS OLD

The life of an apple tree in Nova Scotia is from sixty to more than 100 years, whereas in more trying climates from twenty to thirty years are all that can be counted on. There are trees in the Annapolis Valley which are known to have been planted by the French, and which cannot be less than 150 or 200 years old. These trees are still bearing fruit.

DR. EMERY IS PRESIDENT

The annual meeting of the Council of Physicians and Surgeons of New Brunswick was held last night in the Queen hotel, Fredericton.

Apart from the election of officers, practically nothing but routine business was transacted. Officers for the ensuing year are: President, Dr. A. E. Emery, St. John; registrar, Dr. S. S. Skinner, St. John; those present at the meeting were Dr. A. P. Emery, Dr. Thos. Walker, Dr. S. S. Skinner, Dr. Murray MacLean, Dr. George G. Corbett, St. John; Dr. J. D. Lawson, St. Stephen; Dr. C. T. Purdy, Moncton; Dr. G. C. Vanwert, Dr. A. H. Atherton, Fredericton.

The St. John Dental Society has been organized with Dr. W. P. Broderick as president, Dr. J. Lee Day vice-president and Dr. Otto Basse secretary-treasurer.

MOVES A VOTE OF CENSURE

Mr. Copp Ends His Able Criticism of the Provincial Government

TELLING ARRANGEMENT

Extravagance and Poor Management—Hon. Mr. Morrissey's Speech—A Bill Looking to Winter Export Business at Oak Bay, Charlotte County

Fredericton, April 11—Mr. Copp, the opposition leader, finished his able and lengthy address upon the budget this afternoon and moved an amendment that the "house views with alarm the growing evil of using taxpayers' money to pay tribute to a political party, thereby causing waste and extravagance, and further desiring to place on record its disapproval of the very large and unaccountable increase in the public debt of the province."

His criticism of the government and the stability of the government to prudently administer the provincial finances so as to keep the ordinary expenditure within the ordinary revenue, notwithstanding the large increase in the subsidy from the dominion government and other large increases in revenue.

The amendment seemed to come as a surprise to the government benches and there was a hurried consultation over what course to adopt. The result was that Hon. Mr. Morrissey began his speech in reply at a few minutes to 6 o'clock and continued after adjournment.

Because of house routine interfering Mr. Copp's speech has continued from day to day beginning just before the Easter adjournment. His criticism of the government policy and the receipts and expenditures has been most comprehensive and represents much research in the financial and other reports of the administration.

The promises and pledges of the government, when in opposition and their acts since they assumed power were all taken up in detail and exposed with all the eloquence of the opposition leader.

That the people have been following his speech with keen interest is evident from the many messages of congratulation he has received.

Today, in resuming his remarks, he punctuated the overcast statement of government members that the illustration of the policy of the old government was a failure by reading from the report of Dr. Landry, the commissioner for agriculture in 1908, when he spoke highly of the condition of nearly all of those orchards.

Shatters Tory Claims.

Like the "honest collection of stampage" the agricultural argument against the old government has gone to the wall. The continued decrease of the daily products under this government was also exposed. He denounced many of their agricultural policies as party organizations, and severely criticized the enormous expenditure of nearly \$2,000,000 for "conservation of agriculture," calling attention to the enormous charges of the St. John Standard for reading notices, etc., as standing in hindrance of dollars in connection with the exhibition display, which other newspapers published for nothing.

He dealt with the audit act and showed how farcical were its provisions when three members of the government had been appointed as party organizations, and severely criticized the enormous expenditure of nearly \$2,000,000 for "conservation of agriculture," calling attention to the enormous charges of the St. John Standard for reading notices, etc., as standing in hindrance of dollars in connection with the exhibition display, which other newspapers published for nothing.

Premier Fleming tried to explain that all the minutes of the treasury board passed the government-in-council, so he could not see where their much vaunted independence came in.

He dealt explicitly with the government promise that all public works should be put up to public tender, and showed from the auditor's report how few tenders were called for. This and other planks in their famous platform of 1907 were all exposed as untruths and unfulfilled.

Touching upon the Valley railway, he spoke of the great necessity of safeguarding the interests of the province in this great undertaking and hoped that greater business acumen would be shown in guaranteeing some bonds than had been done with the Southampton railway, which the government had assisted March 28 last to the extent of a \$80,000 guarantee for account, without knowledge of the cost of the road or any other detailed information.

The necessity of a colonization policy and of the survey of the public domain were dwelt upon. That the administration of the public works department, the concealment of expenditures, the waste and extravagance in connection with the government-in-council, so he could not see where their much vaunted independence came in.

NOT ONE WOMAN IN TWENTY HAS A STRONG BACK.

THE KIDNEYS ARE TO BLAME NINE TIMES OUT OF TEN.

Women are coming to understand that weak, lame and aching backs from which they suffer are due to wrong action of the kidneys.

The poisons that ought to be carried off are sent back into the blood, taking with them a multitude of aches and pains. There is no use of expecting relief until the kidneys are restored to health.

Doan's Kidney Pills are the quickest and most reliable remedy. Mrs. Ed. Baxter, Upham, N.B., writes:—"I take a good deal of pleasure in telling you what Doan's Kidney Pills have done for me. I was troubled with my kidneys for a number of years, and my back was so lame I could not sweep the floor. A friend of mine advised me to try a box of Doan's Kidney Pills, which I did, and after using three boxes I am as well as ever. I highly recommend them to anyone suffering from lame back or kidney trouble."

Doan's Kidney Pills are 50 cents per box, or three boxes for \$1.25, at all druggists, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

Morrissey's "Tactics" Position.

When Hon. John Morrissey rose to reply he was evidently smarting under the criticisms of the day. He well as the Liberal newspapers for at once began to attack the letter, which he said was not a political effect but he characterized the Tory references to political and personal reasons.

He spoke of his position as unique, which no doubt everyone agreed with. He took up much time in reading old-time letters addressed by former Chief Ministers. He alluded to his department head regarding expenditures in St. John county and by James Lowell to Mr. LaBelle.

As he read he commented most unfairly, particularly with reference to an addition in Mr. LaBelle's letter notifying the secretary of a small draft. He did not explain that it was for expenses in connection with the department, but left the impression that it was a personal accommodation.

Similar comments accompanied his reading of Mr. Lowell's letter, which was courteously addressed: "My Dear Mr. LaBelle."

"How very affectionate they were!" commented Morrissey, and a laugh arose from the benches behind him. That gives an idea of the character of his speech. He was not quite so ready, however, when he replied to a remark of Mr. Bentley's reference to wages six years ago, as indicated by James Lowell to Mr. LaBelle.

Morrissey stopped and hesitated. "There has been altogether too much said about reciprocity in this house," he thundered. "I did not come here to discuss that subject, but to discuss the business of the country," and all of the Conservatives, who had rallied against the trade treaty and had spoken of its defeat as the salvation of the country, meekly applauded.

Just fresh from assisting in the Tory ministry, Mr. Haas, last evening Hon. John was in no mood to be tolerant of Liberal criticism and he threatened that if it continued it would be the worse for the Liberal party. Premier Fleming's coalition link was nearly broken at that moment and there is no knowing what may happen if the Liberals continue to point out the inconsistency of Mr. Morrissey's position.

Hon. Mr. Morrissey is a master of innuendo and his speech abounded in this tonight, which led Dr. Sornany, in reply, to say that such methods were less manly but far more dangerous than direct charges were much to the point. It is his first speech this session and the members regret that because of his removal to Shediac he is not likely to be with them again next session.

Mr. McLaughlin, of Northumberland, continued the debate and was speaking at midnight. Several bills will be given a third reading before adjournment.

Fredericton, N. B., April 11—The house met at 3 o'clock.

Mr. Munro introduced a bill to amend the act incorporating the Eel River Light, Heat & Power Co., Ltd.

Mr. Allan introduced a bill to incorporate the Miramichi Valley Railway Co. He explained that the company desired to build a line of railway from St. Stephen to Oak Point to develop Oak Bay as a winter port.

Hon. Mr. Maxwell introduced a bill to amend the acts relating to the Imperial Dry Dock Co., St. John.

Hon. Mr. Grimmer, on behalf of Mr. Pinder, introduced a bill to authorize Christ church, Fredericton, to sell and convey certain lands and premises.

Mr. Copp gave notice of inquiry regarding the Washademoak bridge on the Central railway.

Also a bill to amend the act incorporating the Buctouche Railway Company, which was agreed to with amendments.

Also a bill to authorize the town of Woodstock to donate lands to the St. John & Quebec Railway Company, for parks and workshop purposes, and which was agreed to.

Also the Woodstock bill to change the name of their hospital to the J. P. Fisher Memorial Hospital, which was agreed to with amendments.

Also two Merton bills, that relating to the assessment of rates and taxes, and that authorizing the city to fix valuations of certain properties for assessment purposes, which were amended and agreed to.

With Mr. Wilson in the chair the committee considered and agreed to a bill to amend the act of incorporation of the St. John Law Society and relating to Fitch's cemetery, St. John.

Mr. Shipps presented a petition in favor of a bill to incorporate the Nerepis & Long Island Railway Company.

The house adjourned at 1 a.m.

Any Edison dealer will demonstrate to you how Thomas A. Edison doubled the entertaining capacity of

The Edison Phonograph

when he invented

Edison Amberol Records

—the records which play twice as long

Then you will understand why so many good songs, so much good music of every character never appeared in record form until the Amberol Record was perfected.

Then you will understand how, when you own an Edison Phonograph, you can now have all of the very best entertainment of every kind.

Then you will understand how this one advantage alone makes the Edison Phonograph the greatest sound-reproducing instrument as well as the greatest musical instrument—even if it had no other advantages. But it has: the sapphire reproducing-point, that does not scratch or wear the record and lasts forever—no changing needles; exactly the right volume of sound for your home; home recording—the ability

to make and reproduce your own records in your own home.

Any Edison dealer will demonstrate these great Edison advantages to you.
