ADVENTURES OF THE TWINS

By Olive Roberts Barton

THE TWINS VISIT HANSEL AND GRETEL.

So the three travelers parked their car. "Let's go to see Hansel and Gretel," said Mister Mugs. "Oh, yes, let's," cried Nancy and Nick. "Do you suppose they will be the fairyman. After the mean way

the old lady in the woods treated them when they were lost! She built herself a cake house just to get them to come that way. And when they got there she was horrid to them. But the best way to find out all about it is to go and see. I'm sure Hansel and Gretel will be ever so glad to see a little boy and girl like themselves." So they all got into the nice little car and rode and rode and rode past seven times seven duck ponds and seven times seven barnyards, and came at last to a beautiful house. And over the door it said, "Hansel and Gretel's House. Welcome!" So the three travelers park their car under an apple tree and went up the steps and tapped on the front door. It flew open at once and out rushed the children. "Oh, we are so glad to see you!" cried Hansel and Gretel. "Now we can play."

Why You Need a Tonic In the Springtime

NO SEASON of the year is welcomed like the Spring. The winter is always too long. The warm weather is always too slow in coming. Gradually the heat of the sun increases, the buds swell and burst and all Nature is aroused to new life and vigor. But we do not often feel our best in the Spring. It is in fact the season of greatest mortality. The accumulation of poisons in the system as the result of sedentary, indoor life and artificial foods of winter; the undermining effects of winter colds; the strain of sudden changing temperature; all these effect a climax in the Spring. Hence the tired feelings, the brain fog, the lack of energy and the nervous troubles which weigh us down at the very season of the year when all Nature out of doors is arousing to new life. In the spring as at no other time does the human system require assistance. Then it is that Dr. Chase's Nerve Food proves a friend indeed. The blood has become thin and watery. The nerves are starved. The whole vital machinery of the body has become slowed down. But a few weeks use of Dr. Chase's Nerve Food will work wonders. Not in any miraculous way. Put simply and naturally by supplying to the human system the elements from which rich, red, life-giving blood is created. Many thousands have found out how to avoid the fatigue and discomfort of Spring by using Dr. Chase's Nerve Food. 60 pills 60 cents at all dealers or Edmanson, Bates & Co., Ltd., Toronto.

and after that the woman is coming to. "Oh, bother!" cried Gretel. "I don't want to do these things. I want to play." "You are rich now and your father says you must do as I say." And a man who looked as though he had been dipped in stiff starch all over, came and said to Hansel, "And you cannot play either, sir! You have even more things to do than Miss Gretel."

"I'd rather be poor and not have anything to eat, like the Twins when father was a poor wood-cutter. I wish we hadn't found the old woman's treasure and become so rich." "So do I," said Gretel. "I'd rather be poor and wear rags again." "A pretty kettle of fish!" said poor Mister Mugs, not knowing what else to say. Suddenly right before their eyes the fine house melted away, and there stood a poor little cottage with a thatched roof. Away in the distance they could hear the blows of an ax. The poor woodcutter was at work again. Their riches had gone. "The Fairy Queen must have heard you," said Mister Mugs. "You have your wish." "And now we'll be happy," cried the children. "Come on, Twins, and play." (To Be Continued)

RHEUMATICS

It may please readers of this paper to know that without cost, they may obtain a copy of The Inner Mysteries of Rheumatism, now being distributed FREE by H. P. Clearwater, Ph. D., 225 W. St., Hallowell, Maine. If sender will mention the name of this paper, they will receive The Inner Mysteries of Rheumatism is a book that should be in the hands of every sufferer. The cost of national defense for the next fiscal year is placed at \$44,531,238. The total output of coal for the world in 1922 was 1,332,000,000 short tons.

Doctor Tells How to Strengthen Eyesight 50 Per Cent. In One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home. Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "It was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow it to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time. NOTE: Another prominent physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family." It is sold in this city by all good druggists.
