HEAVY BUYING OF FOREIGN SHARES IN WALL STREET

New High Levels Reached as Result of Crude Oil Increases.

ADVANCES MADE IN SOUTHWESTERN RAILS

Trading is Brierly in Some Issues on Montreal Exchange Today.

NEW YORK, Feb. 2.—Responding to further increases in crude oil prices, the market continued to work into new high ground at the opening of today's market. Large buying orders were executed for such issues as Maryland, Pacific, Pan-American, Phillips and Union of California. Frisco, Missouri, and "Katy" led an advance in southwestern rails. Shipping stocks were also active. General Electric, the ex-distribution of its electric bond and share holdings was quoted at 24 1/2.

Belt in Montreal.
MONTREAL, Feb. 2.—Trading was brisk at the opening of this week's stock market, with Consolidated Smelters and Atlantic Sugar the most active. The former of these issues sold unchanged at 41 1/2, while the latter was at 23 1/2. Industrial Alcohol was also in good demand but it, too, was the same at 19 1/2. Canadian Car referred was up 1/4 to 89, as was like Laurentide at 81 1/2. The balance of the list was neglected.
