Minimation. Yearly, or season, advertisements are taken at the te of Five Dollars an inch per year. The matter space secured by the year, or season, may be anged under arrangement made therefor with the asion distributed principally in the Counties of Kent Northumberiand, Gloucester and Restigouche (New Brunswick), and in Bonaventure and Gaspe (Que-ce), among communities engaged in Lumbering, lishing and Agricultural pursuits, offers superior iducements to advertisers. Address veeds. Address Editor " Miramichi Advance," Chatham N. B. After the disastrous effects worked by the late storm have been considered. and before they are entirely forgotten. it might be in order to say something about the kind of bridges we have had and the style of bridge we ought to at times, gone so far as to say he had a poses building new structures. The may be, it is quite clear that his news-near Escuminac Plain justly complain of controlling authorities must become paper efforts are not appreciated by that the neglect with which that highway has alive to the fact that ginger-bread and other journals which, having dis-been treated and especially of being told twenty eighth day of October and resulted bridges will not suit on the rivers of the covered the object of his writings, have that had they supported the candidate of as follows :-North Shore. It is building "a house of sand on sand" to stick up a spider- there is a well-defined impression last year the road would have been attenweb of scantling called trusswork, on abroad that the hon. gentleman has been ded to. They know the Dominion Govhalf decayed and unstable blocks, and, engaged by the St. Paul and Pacific Rail- ernment has nothing whatever to do with with a flourish, open the fabric to the way (American) combination to write it, but they have to bear the taunts of public as a highway for traffic. We up their scheme for obtaining the have paid dearly for such short-lived Pembina Branch Railway from the ornaments. The first gale comes, the Canadian Government, and, in due time, tide swells in a little more than com- assist in lobbying it through Parliamon, and the graceful structure floats ment at Ottawa. Of course all loyal galantly away on the waves and dances papers turn their backs upon the hon. Government who will not trade on their itself out of joint on the nearest shore. Then we are without any means of them for a purpose which they cancrossing the rivers for some days, until not approve, and if some of the Ameri-

Government-paid lubbers, more lazy can papers are induced to publish his than Venetian gondoliers, run a heavy views they are doubtless induced to do scow from shore to shore, and, as a so for pay. In declining to publish Mr. canvass for the "powers that be," stick Mitchell any further the Montreal last week, that we were obliged to hold up the placard-" Free Ferry." Some Gazette of last Thursday, 6th inst., the following over: well-paid and fussy official, swollen bigger than the occasion, posts up a Peter Mitchell in which he says that he bigger than the occasion, posts up a demand for tenders for the building of the new bridge, and, shielded behind the stereotyped condition that the Government is not bound to accept the lowest or any tender, the authorities give out the contract to some jobber "with a part interest" and in due course another gosamer toy, resplend-ant with maint, spans the stream like a course another gossamer toy, resplend-ant with paint, spans the stream like a rainbow. It may be prety—it is very dear, and like all prized things dies early. Without being generally won-dered at, it appears, on observation, strangely marvellous that the builder, working under the sharp surveillance and "accustomed economy" of the Government, should quickly pass from Government, should quickly pass from the humble state of a bridge contractor Mr. Mitchell, himself, that he is so un- declare to the meeting who the Candidates situated was purchased from Charles work. I went up that day as usual and to the opulent position of a Railroad fortunate in his alliances. Even if he were that had complied with the law. Carter and comprises about eight acres of could not avoid passing by the school fax. King. Yet we are blessed in our gen-eration, for we have seen such things. of the St. Paul and Paulic, it is rather is not in the employ of the monopolists thaw, and said that as Mr. Woods had not building, sixty feet long by thirty five building, sixty feet long by thirty five This has been the state of affairs for significant that the journal which has been his staunchest friend and cham-complied therewith, by submitting his wide. On the ground fat there is a large wide. On the ground fat there is a large dining any offer to add a the world as L passed, not complied therewith, by submitting his wide. On the ground fat there is a large dining any offer to add as L passed, not This has been the state of affairs for years past, and it is to be hoped that a pleasant change will presently ensue. Public opinion would advocate open competition for the Government contracts, and oppose that false economy which, in the matter of bridges, considers paint cheaper than ballast, while it cannot fully appreciate the new order 1. That no license for hag nets be issued the expected that his friends have done has good as any man's it cannot fully appreciate the new order 1. That no license for hag nets be issued before the list 1. That no license for hag nets be issued that the joint in a standing on the road as I passed, not meaning any offence to Mr. John Young political history—he denies everything, just as he and his friends have done here sould advocate open for make money at the expense of the goal flatter is a male side neares the new order it cannot fully appreciate the new order is constructed for the Government out of a railway! Yet, his political friends in the county. it cannot fully appreciate the new order of engineering which sets new stringers on old piers at a height which any unon old piers at a height which any un-common tide may conveniently reach. "Correspondence" which some of his friends hereabouts are telling each who nominated him was heard to declare of the other parishes wishing to join. I now challenge "A Subscriber" to come out over his own signature and name surging against the covering of the span time."-The fact is that even Sir John that lifts the pier from its place. This lays no pretentious to the importance and don't want them longer—at the lays no pretentious to the importance of a government engineer's report, nor price. is it intended as a specification for the ideal bridge, but it would simply point Customs and Excise Receipts. The amount of revenue collected

amount to \$40.000. They said that the Kingston bridge would be commenced without delay. the magnetic start of the solution provided and the proceeds used for \$8. This work was sold by the Super-visor, simply under the engineer's "in-Kingston bridge would be commenced rithout delay. Mr. Valentine Landry the School In-pector for Kent and Gloucester, under he new reviewe he are reviewed and intenda without delay.

Mr. Valentine Landry the School In-spector for Kent and Gloucester, under the new regime, has arrived and intends residing in Richibucto. Mr. Thos. Wood, the ex-Inspector for Kent, left Richibucto on Tuesday evening en route makes no secret of declaring his intention Total, or Boston where he intends spending to do the job at his leisure. He is perthe remainder of his days. Happiness | fectly right, no doubt, if those entrusted | Dunn (old) and Buckerfield (new) elected. of his declining years is the hearty wish with the public interests manage them so loosely as to admft of such triffing. of his many friends in the County. The institutions are prospering. Bad The Eel River Bridge was advertised in

cock to meet the Sarmatian and returned shortly before 5 o'clock. For a considerable time the landing stage and pier heads were crowded with people anxious to see the Princess, as was also the street in front of the Adelphi Hotel, whither it was expected she would proceed from the river side. But the Stormcock did not bring back her Royal Highness, who ad hered to her resolve to stay on board the Sarmatian util next morning—a compli-ment to the ship. The Hon. Mr. and Mrs. Moreton, of the Princess' aut, how-ever came ashore in the Stormcock, and among the passengers landed was Gen. Sir William Fenwick Williams, of Kars. The other members of the suit were Lady Sophia Macnamara and Miss Moretor, The tender met with the Sarmatian at 2 o'clock, 14 miles outside the bar. The being opened for some time, the Trustees Markets the tender the storm of the storm the storm the store is no hope of said school being opened for some time, the Trustees and as quite formidable from the small arenal of knives, daigers, and horse to sore the markets and the storm of the same take Markets the storm of the same taket Markets the storm of the same takets the storm of the same taket modation of the people living on this road being opened for some time, the Trustees and was quite formidable from the small arenal of knives, dagers, and hours, few dishes being where lasted an hour, few dishes being to see the Princess, as was also the street

Sophia Macnamara and Miss Moreton. The tender met with the Sarmatian at 2 o'clock, 14 miles outside the bar. The passage, it appeared had been stormy The Sarmatian was detained 16 hours before reaching Father Point in the St. Lawrence, and 19 hours on Anti-costi by snowstorms and heavy gales. Princess Louise, however, did not appear to have suffered more than the ordinary fatigue, but she only went on deck three
