Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Vapo-Cresolene tablets, ten cents per box. All druggists.

Organized laborers to the number of 1,000 are employed by the diamond dealers and jewelers of Amsterdam.

THIS ST. JOHN STAR is published by THE SUN PRINTING COMPANY (LTD.), at St. John, New Brunswick, every afternoon (except Sunday) at \$3 a year.

## ST. JOHN STAR.

ST. JOHN, N. B., FEBRUARY 17, 1902

### CANADIAN MUNICIPAL UNION.

The Star has received through Aid. Macrae, who attended the convention and is one of the officers of the union, a printed copy of the resolutions and constitution of the Canadian Municipal Union. The convention at which the union was organized was held in Toronto, in August last, on invitation of Mayor Howland, of that city, and delegates were present from over fifty municipalities, including St. John and Halifax. In his circular calling the convention Mayor Howland said that the primary object of the conference would be "to arrange for a municipal union for common action in defence of municipal rights and the interests of citizens against the encroachments of great corporations, through parliament, the legislature and otherwise."

The union was duly organized, and adopted a constitution and elected officers. It also adopted a series of resolutions, of which the following was the most important:

"That municipalities should have full and exclusive control of their streets, and that no legislation should be passed infringing on such control unless the same be subject to consent of the municipality concerned; and that the members of this union will resolutely resist each and every invasion of these rights; and that the executive committee be charged with the duty of assisting to prevent such invasion of the rights of any municipality."

A petition along the lines of the above resolution has been prepared by the executive of the union, and sent forward to the house of commons and senate. Doubtless it will have a good effect in provoking a keener security of all bills affecting the rights of any municipality. The organization of the union was an excellent move, and it deserves the support of municipal bodies generally, since under the constitution the various members of the union are expected to work together whenever the interests of any one of them are threatened by injurious legislation.

### NEWSPAPER READING.

The superintendent of the public schools of Reading, Pa., has requested all the teachers to read the newspapers. He takes the ground that they cannot be well-informed unless they know what is going on in the world from day to day. One can hardly conceive that any such request on his part would be necessary. In St. John the school teachers are close and intelligent readers of the daily press, and doubtless counsel the older ones among their pupils to keep themselves informed on notable current events from the same source. Reference to current history is a wonderful stimulus to the young in connection with the study of the earlier history of the same country or people. Of course all reading should be judicious, the more so on the part of the young. There is a class of cheap literature, issued both in newspaper and magazine form, which is not good for the youthful mind. The teacher can do a great deal by directing the young folk along the lines of reading most likely to be beneficial, and awakening an interest in the actual affairs of life as described in the press, rather than in the cheap fiction which, if in a sense harmless, is certainly lacking in real human interest and healthful inspiration.

The Sun this morning published in full the speech delivered by J. D. Hazen, M. P. P., at Kingston on Saturday evening. Mr. Hazen replies to the recent letter of Hon. Dr. Pugsley, dealing exhaustively with the matter of the forged Rothery list and with the record of the Tweedie administration. It is a severe arraignment of the government, and should be read by every intelligent voter in the province.

The diamond industry appears to be assuming some proportions in Demerara. The Fortnightly Market Report of Jan. 29th, says:—"The interest taken in the expansion of this industry continues on the increase. Several new expeditions have been fitted up to prospect more ground. As however the working for the year has only just commenced, shipments to arrive in town will be small for some time to come. Exports to date, \$195,838 carats, valued at \$10,224. Exports to same date last year 187 carats, valued at \$2,640." The output of gold in Demerara last year was valued at over \$2,000,000.

Speaking to the Winnipeg Telegram, while on his way from Indian Head to Ottawa, Senator Perley stated that the prospects in his district were the brightest he had ever seen. The senator is a New Brunswick man, who has achieved a notable success in the far west.

The labor party in Winnipeg at a recent meeting adopted the following resolution:—"That this party is opposed entirely to the action of certain interested parties in agitating for the transfer of the intercolonial railway to the C. P. R., believing it to be contrary to the trend of public opinion and adverse to public interest that this railway should pass from the hands of the government."

### J. D. HAZEN, M. P. P.

States in Brief the Policy of the Provincial Opposition.

Speaking at Kingston on Saturday evening J. D. Hazen, M. P. P., stated the opposition policy to be as follows:—To make such amendments in the Election Act as will secure a secret ballot so that employees may vote according to the dictates of their conscience without fear of intimidation or coercion.

To provide that no contract for the construction of any public work shall be entered into unless tenders for the same are first publicly advertised in the Royal Gazette and in such other ways as are desirable, and that all public work shall be performed by tender and contract.

That a change shall be made in the system of auditing the public accounts and of appointing the auditor general so that he shall, as near as may be, be invested with power similar to those of the auditor general of Canada and be made as far as possible an independent officer.

The immediate abolition of the office of solicitor general, having in view the further reduction of salaries of members of the executive.

The preservation and conservation of our fishery and forest wealth.

The encouragement and promotion by every legitimate means of the agricultural and dairy interests, and such encouragement to include aid to pork packing industries, the establishment of cold storage depots and the encouragement of exports of farm produce to Great Britain.

A reduction of the cost of government and of the controllable expenditure of the province, and to the government power to appoint the third revisor and to restore the power to the county councils.

In a word, to give the province honest, economical and progressive government.

### HOUSES MUST BE NUMBERED.

Police Will Notify Dweller in Unmarked Houses This Week.

For the first time in several years active action is being taken by the civic officials to improve the numbering of the houses in St. John. And soon too soon, for in some districts of the city almost whole blocks exist without a single figure to assist a stranger to the locality and on the best of streets the houses are numbered every irregularly.

Beginning this week the policemen, acting under instructions from the chief, will visit every unmarked house and notify the owner or tenant that if within ten days the proper figures are not plainly placed he will be liable to a fine of a dollar for every day the house remains unnumbered after that time.

There is apt to be some trouble in carrying this out, however, for some of the householders who will be waited upon have already signified their willingness to number their places of residence if they only knew the correct figures to affix. The by-law under which the action is to be taken says that each number shall be notified to the owner or occupier by the city engineer or other authorized officer. Now this has not been done and many inhabitants of unnumbered houses are ignorant of their correct number. The policemen who will convey to them the demand of the city have not the necessary information, so it would appear that if the city is to be improved in this direction some other measures must be taken than the mere notification as proposed.

To cure a Headache in ten minutes use KUMFORT Headache Powders.

### ANNIVERSARY SERVICES.

Missionary anniversary services were held in the Carmarthen Street Methodist Church yesterday. The Rev. Jas. L. Batt of Halifax preached at 11 a. m. and at 7 p. m. Rev. H. Penna took part in the morning service, and the pastor was assisted in the evening. This evening Rev. Mr. Batt will deliver a lecture under the auspices of the Ladies' Aid Society of the church on California and the Great Epworth League convention. The lecture will be illustrated with lantern colored pictures of California scenery loaned by the Southern Pacific and Canadiana scenes specially loaned by the C. P. R. The choir will be taken at 8 p. m.

### TO CURE A COLD IN ONE DAY.

Take Laxative Broom Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box.

### OTTAWA NEWS.

OTTAWA, Feb. 16.—The period for small bag net fishing has been extended until 28th February owing to poor season.

There will be lively times at the government caucus on Tuesday. Many members have grievances to air. Especially are the maritime province members sore on the subject of L. C. R. patronage. It is said Messrs. Emerson, Logan and others will speak out in no uncertain tones.

### GOES TO MONCTON.

HALIFAX, Feb. 16.—Rev. D. McDorm of Mira, C. B., has accepted the call to the Moncton Presbyterian church. He leaves Mira at the end of March.

### Do You See It?

Look carefully at this little picture. There's a great deal to it. There's a lamp, that makes the heat. Right over it is the vaporizer that holds the Vapo-Cresolene. This Cresolene is a wonderful medicine. It kills most kinds of disease germs, and is a most remarkable healing agent. You simply breathe-in the vapor of it, that's all; it goes all through your bronchial tubes, curing asthma, croup, coughs, catarrh, whooping-cough.

Vapo-Cresolene is sold by druggists everywhere. The Vaporizer and Lamp, which should last a lifetime, and a bottle of Cresolene complete, \$1.95; extra supply of Cresolene 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials upon request. Vapo-Cresolene Co., 120 Fulton St., New York, U.S.A.

### FOR ALEX. DUNCAN.

Recovered F. C. R. Foreman Presented With Pledge and Address by Fellow Workmen.

Alex. Duncan, the I. C. R. section foreman who with several members of his family have recently recovered from smallpox, which caused the death of his son William, was on Saturday night informed of the good wishes and sympathies of his fellow workers in a very substantial form. At 8 o'clock that evening he was present at a meeting in the old offices of the freight shed. About 25 of the men attended and terminal superintendent Robert Ross, on their behalf, presented Mr. Duncan with a purse containing \$15 in gold, accompanied by an address to which was signed the names of nearly 500 I. C. R. employees. The address expressed the pleasure of the signers at Mr. Duncan's recovery, mingled with deep sorrow at the loss he had sustained, and referred feelingly to the tender care with which Mrs. Duncan had alone looked after all the sick in the household. It stated that Mr. Duncan himself had always been ready to assist any of his fellow men in trouble and in turn begged him to accept the accompanying gift as a token of their esteem and sympathy in his time of financial loss and sad bereavement.

### A NORTH END PROTEST.

Against the Assessment for the Proposed Carnegie Library.

Complaint in the north end against the acceptance by the city of Andrew Carnegie's library offer under the conditions imposed has taken the form of a petition which is being circulated and largely signed requesting the common council to withhold its endorsement from the bill proposed to be sent to the legislature authorizing the city to make the assessment of \$5,000 annually necessary for the support of the new library. The petitioners claim that the proposed library, which is one of its principal resources, they state that a library in the central part of the city will be very inconvenient for north end citizens, and formally protest against the acceptance of the millionaire's offer under those conditions. The petition will be presented at the next sitting of the council.

### NEPTUNE CLUB DRIVE.

It was a jolly crowd of members of the Neptune Rowing Club that on Saturday evening started in Hamm's four-horse Victoria for their annual drive. The objective place was New-combe's and after arriving there a li sat down to an excellent dinner, when everything was prepared and served as only "Billy" knows how. After full justice had been done to the good things, there was a round of toasts, during which addresses were made by Geo. Collinson, F. Young, Macrae, Geo. Croon, Mackay, Kinnear, Fowler, Hamilton, Frith, Ritchie and Merrill, and there was also several musical selections, etc., in which R. S. Ritchie, J. Roy Thomson, J. W. Rodgers and H. S. Delay took part. It was close on midnight when the return to the city was made, everyone voting the evening a great success.

### INQUIRY INTO HARBOR ACCIDENT.

Acting under instructions from the attorney general of the province, Coroner Berryman will this evening begin an inquiry at the police court into the matter of the collision in the harbor on the 6th day between the D. A. R. str. Prince Rupert and the Grand Marman schooner Princess Louise. A score of witnesses will be examined, including Capt. Potter and a number of men belonging to the Rupert, two of the International line pilots, two St. John pilots, Henry Spear and Joseph Doherty and Lloyd Zwicker, who was rescued after having been knocked from the schooner. The inquiry begins at seven o'clock this evening.

### BODY OF S. E. MITCHELL RECOVERED.

The body of Stanley E. Mitchell of this city, who was drowned off Long Island about two weeks ago, was only recovered last week and after identification was sent from New York to St. John, where it will arrive today. Interment will be made tomorrow. The body has been sent in care of the American Express Co., which is now in disagreement with the Dominion Press Co., and refuses to send freight over the lines when any other course is possible. So the body instead of coming in at noon today over the C. P. R., will be sent from McAdam over the Shore Line and will not reach the city until evening.

### MEMORIAL TABLET.

At the morning service in Tabernacle Baptist church yesterday Rev. H. H. Roach informed his congregation of the donation which had been made to the church in the form of a fund for the erection of a memorial tablet for those who died of smallpox. The ladies to whose kindness and zeal the church is so indebted are Miss Tabitha and Miss Mabel Humphrey. A committee will be appointed this week to arrange details regarding the memorial.

### REV. MR. STEEN RE-INSTALLED.

MONCTON, Feb. 16.—Rev. F. J. Steen, who was dropped from the ministry of Christ church, was installed May, for being re-occupied the pulpit of the church today. Speaking of his return he said he had not modified his doctrinal views. He would teach a doctrine loyal to the prayer-book and with neither fear of, nor hostility to modern thought. Prof. Steen, it will be remembered, instituted a civil suit against Arch-Bishop Bond for his dismissal.

### STEAMERS IN COLLISION.

LIVERPOOL, Feb. 16.—The Furness-Alton liner, Daltonhall, Capt. Gordon, bound to St. John, N.B., and Halifax, N. S., from this port, was in collision at the mouth of the Mersey with the steamers Marpesa and Sutherland, both of this port. The Daltonhall was cut down to her bows on the starboard side and had to be braced off Starboard. The damage to the other steamers has not yet been ascertained.

LONDON, Feb. 16.—The critical illness of the Earl of Kimberley is announced.
