company is mancing Di. Webb's con-terprises in Canada, and that the stock has advanced from \$50 to \$120 a share since the concessions and subsidies that have been granted or promised by the dominion and Nova Scotia govern-ments. The Dominion Securities Com-pany has recently issued a prospectus, which has circulated very widely in the United States, and especially in New York. The prospectus points out that the Securities Company has ac-quired the franchises, rights of way, concessions and subsidies, which the Dominion of Canada and also the prov-ince of Nova Scotia grant upon fulfi-ment of its undertaking to extend the Nova Scotia system of railways; un-der which it is estimated that six hun-dred to eight hundred miles of railway will be built within the next four years. The cash subsidies granted by the Dominion of Canada and the prov-ince of Nova Scotia are \$5,400 cash per mile. Land grants and other induce-ments of the governments increase this about \$1,600 additional per mile. The prospectus goes into the details of other concessions it will obtain from the governments, which amount to a total of \$23,900 a mile, and, mark this, the prospectus affirms that the maxi-mum cost of building the railways ac-cording to best experts and engineers, will not exceed, including equipment, fifteen thousand dollars a mile, leav-ing net profits for minimum of six hundred miles of \$3,540,000. This is the most unblushing confession in this connection that we have hitherto seen, and it desrves to be studied by a long-suffering public." RECENT DEATHS. Miss Eliza Montgomery died at her home at Oromocto, Sunbury county. Wednasday, aged 87 years. The funer-al took place yesterday afternoon. Father D. F. McDonald of Souris, P. E. I., died suddenly Wednesday even-ing. He was priest there for 20 years. Reference to his death was made in the Island legislature yesterday. He was for some time a professor in St. Dunstan's college. The death occurred at Vancouver. April 10, of Mrs. Margaret A. Sentell, widow of Edward Sentell, and a daugh-ter of the late John Jordan, Jr., of St. John. Deceased lived for the greater part of her life in New Brunswick. At Doyle's Mill, Rose Bank, Mirami-chi, on Wednesday, while Thos. Mc-Kenzle was removing a staging from a chinney a brick fell, struck him on the head and killed him instantly. He was 38 years old and leaves a wife and two young children. BOARD OF WORKS.

OPINION IN TORONTO.

ENGLISH OPINION.

LOCAL George Robertson, M. P. F., and John H. Thomson have presented the claims of the St. John dry dock before the government at Ottawa, and it is ex-pected Mr. Robertson will get his answer on Saturday. Captain Neil MacKellar of Carle-ton, has resigned the command of the new schooner on which he recently sailed from Bath. Me., and with Mrs. MacKellar, will return to St. John. The captain is reported III. In a notice to the Star yesterday re-garding an entertainment in Zion church, an error was made in stating that it was to be held Thursday even-ing. The correct date is Tuesday evening, April 22, when all who endoy good music gapt election should be present in Zion church. The officers of the Boys' Brigade met in St. Stephen's church school room last night to discus the summer camp. There was a good attendance and the proposition was enthusiastically en-companies was appointed commandant of the camp and Rev. R. Mathers quar-MOINTIREAL, April 16 .- Speaking of he effects of the new British duties a ading miller remarked that they practically amounted to a protective duty for the British miller of eight cents per sack as against his Canadian competitor. He himself would be de-lighted any day to start a mill with an assured profit of eight cents a sack.

OPINION IN TORONTO. TORONTO, April 16.—Toronto grain men are anything but pleased with the new British tax on grain. Cables were received yesterday announcing a cut of three and five-eighths per bushel on grain, which will effect all grain OD passage and not sold. The usual cus-tom is to sell C. I. F., and on all grain no sold the buyer will have to pay the tax, while on the remainder the sellers expect to be forced to make good the duty. Grain and flour men on the Board of Companies was appointed commands of the camp and Rev. R. Mathers qu

duty. Grain and flour men on the Board of Trade rotunda were very free in ex-pressing their dissatisfaction, and many remarks not complimentary to Canada's preferential tariff were to be heard from some who have been ardent supporters of imperial ideas. Grain men recognize that Canada's prefer-eace has raised up a discriminatory tariff in Germany, shutting them out of that market, and hold that Britain should in return give Canada a prefer-ence. The opinion was advanced by some that such concession will be an-nounced at the time of the coronation. Flour exporters are more disturbed than the grain men as the new Brit-ish tariff gives a direct preference to the British miller in addition to the duty on grain. As figured by local flour men, the new duty means 20 cents per barrel on Canadian flour, while the duty on would amount to but about six-teen cents, giving a preference of four cents to the British miller. of the camp and Rev. R. Mathers quar-termaster. Since the warm weather set in, work has been begun on the beautifying of the memorial park on Douglas av-enue, where the proposed monumegt will be located. Roads and pathways are being extended, and yesterday Captain Richard Rawlings planted there the first tree of the many that will before long adorn the grounds. It was placed there in honor of his son, now serving in South Africa. His scr-ample will be followed by a number of others.

PROVINCIAL

PROVINCIAL. A new three-story hotel will be built at Hillsboro, chiefly for the accomoda-tion of summer tourists. The Halifax board of trade yester-day adopted resolutions recommending that the government of Canada pass a measure granting assistance to steel shipbuilding. The steamer Tiber, as she lies sub-merged off Canso, has been sold for \$390 to William McFatridge of Halifax.

GENERAL GENERAL A despatch from St. Petersburg says that the assassination of the minister of the interior by a student has been hailed with joy is radical circles. Discussing Boston's possibilities as a great world port, Thomas F. Ander-son, of the Boston Globe said, the other evening, in an address in Tremont Temple, that Boston should have a great dry dock of its own, big enough to accommodate the largest steamship afloat. The London Dally Mail claims to have authority to announce that bases of peace have been practically agreed upon at Pretoria, but that some time will be required to arrange the details. Another American officer is on trial at Manila, charged with shooting Fill-pino prisoners without a trial. The Canadian society for the pre-vention of tuberciosis is in session at Ottawa. The governor general pre-sided at the opening yesterday. John E. Muhifield, superintendent of machinery for the I, C. R. and Miss Mary Murphy, who has gained a con-siderable reputation as an actress, were married this week in Chicugo. A delegation waited upon Hon. Mr. Biar at Ottawa yesterday, asking for special rates on live stock for the pro-vincial exhibitions. ONTARIO LORD'S DAY ACT. GENERAL

ONTARIO LORD'S DAY ACT. TORONTO, April 17.—The court of appeals today gave judgment in the case respecting the constitutionality of the Lord's Day Act of Ontario. The decision, Chief Justice Armorer dis-senting, on the Ontario law in regard to the prohibition of Sunday sales. Run-day labor, excursions and street cars, holds the provincial act does not apply to the corporations operating exclu-sively under a dominion franchise, nor to individual employes of corporations. The latfer exception will probably greatly nullify the working of the act. ONTARIO LORD'S DAY ACT.

PASTOR AND BRIDE WELCOMED. At Presbyterian Hall, Fairville, last night, a reception was tendered Rev. A. M. Hill and bride by the members of Fairville Presbyterian church. The hall was artistically decorated with the national colors, emblems of welcome and flowers. Over the reading desk was a large shield with a motto "Wel-come." The attendance was very large and the presiding officer was Dr. Mat-thew Macfarland. After devotional exercises an address was read by the chairman and presen-tations made. The presentation com-prised a valuable roller top desk and chair to Mr. Hill, and to Mrs. Hill a serwicable and handsome lamp, given-on behalf of the women of the congre-gation. From the Girls' Mission Band was presenfed to Rev. Mr. Hill a foun-tain pen, and to his bride, a beautiful brass vase. During the evening there were musical selections by the church choir and a clarinet solo was given by Ernest Williams, while speeches were made by visiting chergymen. All pres-ent were formally introduced to the PASTOR AND BRIDE WELCOMED.

of preferential tariff be adopted by the home government. Some colonies may be willing to agree upon a common in-crease of five or ten per cent. in tariff duties, and to set apart the sum thus raised for defensive purposes if the Mother Country be disposed to adopt the preferential system in dealing with the colonies. Mr. Chambarlain has lit-tle margin for negotiations in the new corn duties, but a revenue tariff based on a similar principle will enable him to take up imperial federaton on the business side. There is an opening for Zollverein talk with a chance of drag-ging Sir Michael Hicks-Beach into it another year.

cents to the British miller. ENGLISH OPINION. NEW YORK, N. Y. April 16.—A spe-cial cable to the Tribune from London says:—Despite all efforts to minimize the importance of the revival of regis-traiton dulies on grain and flour, it is evident that a new departure has been made in the direction of a revenue tar-iff. The duties may be small, and bak-ers may be unable to raise the price of the loaf, but Cobdenism has been struck at a most vital point. If small dudies can be placed on foodstuffs they can also be levied on many commodi-ties for revenue purposes. Sir Michael Hicks-Beach has reluctantly opened the way for the transformation of the has secured ground for discussing com-mercial and tariff questions at the con-ference of the colonial premiers and ministers after the coronation. Sir Wilfrid Laufier, Messrs. Fielding, Mu-lock, Paterson and Borden are expect-ed to be present from Canada, and Mr. Barton, Mr. Seddon, and many other inguential men will represent Austra-lia, Nex Zealand and other self-governing doites and postal service will come up, but the main topics will be imperial de-ference and trade. Whe the colonies will be reluctant to surrender their self-governing rights, it is probable that some basis for financial contribution to imperial defence may be reached if some form of preferential tariff be adopted by the home government. Some colonies may be willing to agree upon a common in-

CHINESE REVOLT. HONG KONG, April 17.-A Chineso banker, who fied from the province of Kwang Si and has arrived here, says the robels in that province held over thirty towns and villages and that they are well armed with Mauser rifies and revolvers, which were smug-gied into Kwang Si from the French protectorate of Annam by contraband-ists disguised as opium merchants. The rebels have adopted the name of Hung Siu Chuen, the famous lead-er of the Tai Ping rebellion. They have placarded the country with an-nouncements that the present dynasty has sold parts of China to foreign powers. These posters urge the peo-ple to resist the collection of taxes for the payment of the international in-demnity. of a retaining wall on Union street, where they are constructing a factory, was heard. It was decided to allow the company \$250 towards the cost of the wall. the wall. It was decided to provide an office in the shed of No. 2 berth, the Allan line to pay haif. The tenders of Hilyard Bros. and Murray & Gregory to supply 2,000 and 3,000 yards of spruce blocks at 50 cents, were accepted. Ald. Maxwell endeavored to get something done to improve the D. A. R. terminal facilities, but no action was taken.
