Teachers Beware. OROMOCTO, Jan. 5, 1900.

To the Editor of the Sun: Sir-Can you inform me if there is a

publishing house "C. S. Morrison & Co., Toronto?" In the latter part of October H. C.

Adams, general agent for above firm, called upon me and stated that his house was about to offer the public an edition of the Encyclopaedia Britannica, and were adventising the same through the teachers. My having already a set would not, he said, prevent their offer being extended to me. He was successful, and left the following receipt:

"Received from ——(Teacher) Two Dol-lars, boxing and express charges on one Set of Britannica, revised, with case; this is in full payment as the set is charged to advertising.

H. C. Adams, Gen. Agent.

The non-arrival of the books and the return of a letter of enquiry stamped "not known" makes me feel that possibly other teachers are being similarly duped.

Very respectfully yours, WM. N. PARLEE,

LETTERS FROM THE PEOPLE.

Sir-Canada can never feel sufficiently grateful to Hon. Edward Blake

for his patriotic offer to "take up his rifle" for her in case of an invasion by his "brother home rulers" or their representatives on this side of the Atlantic. For many reasons we must hope that the day may never come when it will be found necessary to expose so valuable and venerable a form as a target for their fratricidal bullets. To do so would be to risk a large and heavy loss for the chance of a very small and uncertain profit. For, to say nothing of the hon gentleman's past history and present occupation, his advanced years, his defective eyesight, and his total unacquaintance with either end of a rifle

would render him a far less efficient soldier than many an undistinguished man of half his age, three-fifths of his weight, and not one-hundredth part of his eloquence and learning. There is, however, a way in which, if a really means his Canadian patriotism far more convincingly than by idle vaporings which are, moreover, in flat contradiction of his public position and partnerships. He is said to be a wealthy man and known to be an eloquent man. A handsome pecuniary subscription to one of the contingent funds and a hearty speech or two in their favor would both popularize himself and assist Canada far more than any services that he will ever be able to render her with sword or ANTI-HUMBUG. 'The original understanding was that the artillery quota for New Brunswick would consist of eighteen men and twelve horses from Woodstock, and eighteen men and fourteen horses from Newcastle. After a few days the officer commanding E battery at Quebec, Major Ogilvie, was notified that the men had been enrolled. A tele-gram was then received from Major Ogilvie that fourteen horses would be required from Woodstock, the same as from Newcastle. On January 9th.

knowing that eighteen men and fourteen horses had been enrolled at both Woodstock and Newcastle, Major Ogilvie wired that E battery was complete, but that they wanted in addition two shoeing smiths, thirtyone men and twenty-five horses, Woodstock and Newcastle to furnish the men and horses. This message was not quite clear, and before anything was done it was repeated to Quebec with a request for further particulars. The answer received, as developed by the word that reached Newcastle and Woodstock, was to the

A Letter from H. B. Hetherington. To the Editor of the Sun:

Sir-When we recollect that A. G. Blair removed from York county because that constituency considered it to be in the removed from York county because that constituency considered it to be in the public interest to elect other men to repre-sent them in the provincial legislature, we are not surprised that his subsidized or-gans are slandlering the intelligence and Le-lying the character of the Queens county people by amouncing that the recent poli-tical change in that county is due to a race and religious agitation. But we are sur-prised that Senator King or L. P. Farris should by their silence give sanction to this crusade of slander against the voters of their native constituency. Since the Bruns-wick affidavits were forced from government officials by the map of that whip which if not regarded, is always followed by ot-ficial decapitation, I have been patiently awaiting for those gentlemen to take some action in the interest of public justice and place their constituents right before the recople of this dominion. It may be that I am a little impatient as the government supporters in Queens are boasting that those Brunswick affidavits. Will stamped the Acedia vote of Westmorkand and Kent into the government rauks. Perhaps after the next election Senator King and L. P. Farris will be heard from. The people of Queens hext election senator king and L. P. Farris will be heard from. The people of Queens certainly deserve at least gentlemanly treatment from these parties and up to date I am sorry to say they have not received such treatment. Otherwise the false state-ment published by the government press all over the dominion would not remain until this date uncontradicted. These gen-

H. B. HETHERINGTON. RED CROSS WORK. What the Ladies of the Province Have

Done for "Our Boys."

Sunday evening Lady Tilley received a telegram Dr. Sterling Ryerson, Toronto, head of the Red Cross scciety in Canada, stating that he intended taking passage on the Laurentian en route for South Africa, where he will look after the wants of the Canadian contingent, and asking that the boxes prepared by the society here be sent to Halifax in his care. In a letter received from him yesterday he expressed much pleasure with the energetic efforts of the branch in helping the sick and wounded and the Canadian contingent, and said that he did not know how anything could be better suited for the purpose than the boxes already sent.

The telegram of course necessitated a great deal of work for the ladies. For over a fortnight Lady Tilley's corps of assistants have been untiring in their efforts to get everything completed, and the boxes as they stood packed yesterday spoke volumes for their industry and thoughtfulness. Through the kindness of J. R. Ruel a room at the custom house was again put at their disposal, and two experienced packers, who voluntereed their services, rapidly filled the three large tin lined cases that are to carry the comforts to the men in South Africa. In two of the cases the following goods are packed: 34 grey flannel shirts, 33 pyjema suits; 21 shaker flannel hospital dressing gowns; package bandages from Miss Parks; 50 Florence Nightingale bed jackets, 27

shaker flannel shirts, 60 hospital shirts, 31 housewives, medical cases, 6 down Union Jack pillows, 1601-2 dozen handkerchiefs, 112 flannel cholera bandages, 25 tum o' shanters and 12 caps. 15 bath towels, 50 yards grey cotton, 50 yards canton flannel for bandages, 32 pairs hospital felt slippers.

In the third case there were 3 dozen bottles Gibson lime fruit tablets, 26 hot water bottles, 24 rubber air pillows, 4 rubber bed pans, 2 dozen pair brushes, 2 dozen carbolic soap, 21 lbs. castile soap, 1; dozen atomizers, 1 dozen bottles toilet water, 1 dozen tooth powder, 1 dozen Florida water, 12 yards rubber sheeting, 1 dozen boxes nustard leaves, 3 dozen vaseline, 6 dozen Fullers' earth, 86 packages of stationery, in each package 2 pads, 2 pack envelopes, pencil and pencil sharponer, marked stationery for one; large quantities of toilet soap.

The Fredericton branch supplied some of these articles.

Supplementary to this the Rothesay ladies' branch of the Red Cross sent 28 Florence Nightingale jackets, 14 while hospital shirts, 12 flannel dressing gowns, 9 pyjama suits, 19 tam o'shanters, 36 Esmack bandages, donated by Mrs. L. J. Almon; 6 jars beef essence, 2 hot water bottles, 1 invalid cushions, 6 boxes jujubes, donated by Mrs. S. Armstrong.

The Fredericton Red Cross Ladies Society sent a box containing: 22 hospital night shirts, 7 flannelette shirts 38 flannelette night shirts, 10 white cotton night shirts, 15 pyjama suits, 12 Plorence Nightingale suits, 12 pers, Indian slippers, 2 pairs wool slippers, 2 pairs men's drawers, 2 undershirts, 1 pairs bed

The ladies of the St. Stephen Red Cross Society sent a box containing: 14 flannel dressing gowns, 2 dressing jackets, 12 flannel night shirts, 20 twill cotton hospital shirts: 14 fleecy night shirts, 17 sets of pyjamas, 29 pairs of slippers, 13 Florence Nightingale bed jackets, 7 down pillows, 12 hot water bottles, 2 cases lime juice, 5 bottles bay rum, 9 lbs. castile soap, box Sea Foam soap, and 1 and 1-2 doz. invalid cups, 6 quarts cranberry jam for drinks, 4 bottles raspberry shrub, 9 lbs. tobacco, 42 doz. safety pins, 1 gross pins, 2 doz. packages toilet paper, 3 and 1-2 doz. bath towels, 21-2 doz. handkerchiefs, 11-2 doz. testaments, headache and comfort powders, stationery.
