SUCCESSFUL PERFORMANCE OF SEMINARY STUDENTS.

Lady Dead at Age of 104-News of

Wolfville.

WOLFVILLE, March 20 .- The pupils of Acadia Seminary gave their annual vocal recital on Saturday evening in College Hall before a large and appreciative audience. Miss Ursula Archer, the director of this department. has had during the winter an unusually large number of students, and their progress in this delightful accomplishment has been most marked. The performance was in every way most gratifying, not only to the hearers, but to the performers and the friends of the school, as showing the results of painstaking work.

A chorus of about twenty girls' voices sang Now the Twilight Softly Stealing, and the Gipsies, with a fine blending of tone and voice, giving a very pleasing effect. Several of the performers, though still pupils of this department, have already earned an enviable reputation as vocalists, and were therefore warmly welcomed. They were: Miss Hamilton, in Say Yes; Mrs. O. D. Harris, in Come to Me; Miss Gertrude Heales, in Rose Softly Blooming: Jack S. Heales, in Tell Her I Love Her So; Frank Adams, The Courier of Moscow, and Miss Frances Burditt, in L'Ete. Their singing was exceptionally good and elicited warm

Miss McLean, who gave Love's Madrigal, and Miss Grace Burgess in Bobolink, made decided hits. They have clear musical voices and the sprightly airs they rendered were quite taking The Bobolink was so well received that Miss Burgess was forced to respond to insistent encores

Miss Treva Mitchell is an effective reader, and gave Old Mistis in a most realistic manner. A lively gavotte on the violin by Miss Hilda Vaughan and a sprightly selection from Bendel on piano by Miss Mary Woodman, made a pleasing variety to the entertainment, which was brought to a close by Misses Burditt and Johnson and Messrs. Adams and Heales in part song.

Miss Lillian Morse was a very effi-

Special meetings are being held in connection with the Baptist church. On Sunday evening the rite of baptism was administered to 12 candidates by the Rev. L. D. Morse. Three of these are from the college-Miss Haley daughter of Rupert Haley, St. John; Walter P. Copp, Sackville, N. B., and Miss Bertie McKinley, P. E. I., and Miss Hunt, from the Seminary. The meetings will be continued next week. The Acadia Senior class was most

pleasantly entertained on Saturday evening at the house of Prof. A. Chute. Miss Margaret Higgins of Victoria, Oregon, who has been spending the winter here, has gone to Truro, where she will be the guest of her friends, Miss Cora Archibald and Mrs. Ryland Archibald (nee Miss Grace Hamm, formerly of St. John). She will visit friends in Pictou before her return. Miss Georgia Heales has returned to New York, where she will engage in

case nursing. Miss Susie Little, College Y. W. C. A. secretary for Canada, after a fem days at Acadia has returned to Hali-

Miss Mabel Archibald, Acadia, '95, who went as missionary to India shortly after graduation, will leave for this country in May with the La Flammes, for a well earned furlough. Rev. A. Martell and Mrs. Martell of Aylesford are spending a few weeks

Miss Edith Barss of Dartmouth is the guest of her friend, Miss Portia Starr, and other friends. Captain Rodman, Bath, has gone to

Florida and other points fof a few Dr. Reid, Halifax, health inspector, visited Kentville and pronounced two cases there to be walking smallpox. No spread of the disease is anticipated as strict quarantine is enforced.

John Wall of Keswick, N. B., has been visiting his father, the Rev. E. C. Wall, at Kingsport. James Sealey of Kentville, spent a few days in St. John this week.
It is said that hundreds of partridges on the North Mountain were killed under the immense weight of snow and

frozen sleet. Two liquor sellers of Bridgetown, were convicted and sent to the county jail for failing to pay their fine. The well known ship builder, J. B North, of Hantsport, is in poor health and Dr. DeWitt of this town, was called in consultation.

A very successful dinner was given at the Acadia Hotel here on Friday evening by the Liberal Conservative Club, organized on the night of the last federal election. The membership embraces representatives from adjacent towns as well as Wolfville. C. E. Tanner of Halifax, leader of the opposition, was present, and gave a strong address, winning the admiration and esteem of the large number present. Those who had not before had the opportunity of meeting him were convinced that the advocacy of the conservatives in the house is in good hands. After the elaborate dinner was fully discussed Dr. DeWitt, president of the club, welcomed the guests in a neat speech. He was followed by Mr. Tamner, W. F. Parker and others. These dealt with the great questions of the conservative party and were full of loyalty to the grand dominion and its institutions. The meeting broke up at a late hour with the National

Rev. J. H. Nichols who has been Visiting friends in the county, has returned to his home in Illinois.

At a recent meeting of the Kentville board of health, Dr. Webster stated that the origin of the sudden outbreak of smallpox could not be explained unless it was from correspondence and money handled in the bank by both at the same time. A number of boarders in the infected house are now occupying a vacant house on Canaan Road, back of the town.

Since March came in we have had eighteen days of bright sunshine, but the snow drifts show no appreciable decrease in size. People are waiting now for a warm wind, although grave fears are entertained of a high flood, almost like unto the days of Noah. Ralph T. Eaton, president of the Fruit Growers' Association, by invitation of the Pomological Society of Connecticut, gave a most instructive and intelligent address on the conditions

Mt. Allison University has this year the singular good fortune to send two Rhodes scholars to Oxford The Bermuda scholarship has been awarded by the trustees to Arthur Motyer of Frank Parker Day.

fine record by standing third at the quest was held, at which a verdict of for matriculant, and graduated in 1903, taking first-class honors in philosophy and making an excellent record as a good all-round student. During the current collegiate year Mr. Day has been taking at his alma mater a postgraduate course in classics and mathe-

Mr. Day stands six feet two inches high and weighs about 200 pounds. As an athlete he has a splendid record playing football, baseball and hockey Mr. Motyer is a gifted student and will graduate with distinction at the approaching convocation in May, taking honors in mathematics. He is a fine manly fellow, and has a brilliant athletic record. Under his captaincy the university football team of 1904 won six or eight important victories, without a single defeat. His abilities, scholarship and character are such as to warrant confident expectations that he will uphold in a creditable manner at Oxford the credit of both Mt. Alli-

son and Bermuda. Since Mt. Allison is affiliated with Oxford University, no examination was necessary in the case of either of these

P. E. I. PREMIER ELECTED.

CHARLOTTETOWN, P. E. I., Mar. 21.—Hon. Arthur Peters was today elected by acclamation for St. Peter's district. Nomination was at Georgetown. This bye-election was ordered by the legislature which met mainly for that purpose and adjourned after two days' session. It will meet again April 4. At the general election Premier Peters and his Conservative opponent, H. D. McEwen, had the same number of votes, hence the action of the house.

7,000 WELSHMEN FOR N. S. HALIFAX, March 21.—At a meeting of the new council of the board of trade today a communication to the effect that a whole colony of Welsh settlers comprising 7,000 persons is anxious to come to Nova Scotia to live was read. They are now in Patagonia and are axious to change. If aid from this government can be had a small party will come here first and make prepara-

REVILLON BROS., Ltd. 184 McQHI St. . . Montreal ALL SICK WOMEN OF INTEREST TO FARMERS SHOULD READ MISS SCHWALM'S LETTER

in All Parts of Canada Lydia E. Pink. ham's Vegetable Compound Has Ef. fected Similar Cures.

Many wonderful cures of female ills are continually coming to light which have been brought about by Lydia E. Pinkham's Vegetable Compound, and

through the advice of Mrs. Pinkham, of Lynn, Mass., which is given to sick women absolutely free of charge. Mrs. Pinkham has for many years made a study of the ills of her sex she has consulted with and advised thousands of suffering women, who to-day owe not only their health but even life to her helpful advice.

Miss Annie E. Schwalm, of 326 Spadina Ave., Toronto, Ont., writes:

dina Ave., Toronto, Ont., writes:

Dear Mrs. Pinkham:—

"I have found Lydia E. Pinkham's Vegetable Compound a specific for Leucorrhos, with which I have been troubled for years. I also had irregular and painful menstruation which affected my general health until last spring. I was only a wreck of my former self. In my affliction I was advised to use your Compound, and am so glad that I did so. I found that in a few short months there was no trace of Leucorrhosa, my strength gradually returned, and in a very short time I considered myself a perfectly well woman. I appreciate my good health, and beg to assure you that I am most grateful to you for discovering such a wonderful remedy for suffering women."

testimonials which we are constantlypublishing from grateful women establish beyond a doubt the power of Lydia E. Pinkham's Vegetable Com-pound to conquer female diseases. Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. She asks nothing in return for her advice. It is

absolutely free, and always helpful. A SAD ACCIDENT.

Young Man Killed by Accidental Discharge of a Gun.

HALIFAX, March 21.-A very sad affair took place at Middleton about the class of '05, and the faculty has five o'clock this afternoon, when Clyde, selected as the Mt. Allison scholar the fifteen year old son of L. P. Schaffner, collector of customs, was instant-Mr. Day is the son of the Rev. George ly killed by the accidental discharge Day of North East Harbor, N. S., a of a gun, which had been left loaded. native of St. John West, and was born He was assisting in loading some hay at Shubenacadie, N. S., on May 9th, from a warehouse, which was being 1881, being thus in the twenty-fourth loaded on a sled, when a bale of hay year of his age. MADE A BRAVE BATTLE FOR LIFE.

Fourth Officer of the Sarmatian Was Almost Rescued.

(Halifax Chronicle.)

When the carpenter and fourth officer were swept over the Allan steamer Sarmatian, the former was soon lost sight of, but the latter made a brave battle for life. He first grasped a line that was thrown to him and afterwards managed to get hold of a life buoy, which was attached to the ship by a line. He put one arm through the buoy, and the captain and others called to him to let go the line and put both arms through the buoy, but this he would not do. They hauled gradually towards the side of the ship, and it looked as though he would be saved when a sea struck the steamer and the poor fellow was dashed with great force against the side and was lost.

The Presbyterians of Harcourt, N B., have decided to call to their church R. Hensley Stavert, a student of Pine Hill College, Halifax, and a native of Wilmot, P. E. I. Mr. Stavert will have finished his theological course next

month. IS YOUR CATARRH REMEDY CURING YOU

If You Are Unconsciously Using An Alcoholic Liquid Remedy Stop At Once.

People soon learn that the true test of a catarrh remedy is whether it cures to stay cured. Have you ever inquired why a liquid catarrh remedy makes you feel better for a time? It is because the alcohol in the liquid remedy makes the nucous membranes drunk. It deprives them of sensation, it inspires false hopes and always leads to alcoholic decits. A permanent cure by any liquid dyspepsia or catarrh remedy is simply impossible. The alcohol used is liquid preparations makes it almost a travesty to call them remedies. They incite the worst forms of catarrhal trouble rather than cure such troubles. Can a physician be found who will kruthfully say that any liquid cutarrh remedy is worthy of use? Every physician knows that it is an absurdity for anyone to claim that catarrh, dyspepsia or any form of blood disease can be cured by a so-called liquid catarrh cure. In this connection it is wise to consider carefully the best means for relief. Smith's Triple Cure, that grand old remedy, consisting of four separate preparations, three of which are in tablet form, and used internally and another in the form of a catarrh cream, contains no alcohol and never leads to false hopes. It makes you feel better the first day, and each day following is but a repetition of the first day's experience. It restores the mucous membranes in every part of the body. It positively curse catarrh, dyspepsia and all blood diseases. If you have long been a slave to a liquid catarrh remedy, break away from the habit. Use Smith's Triple Cure, and health, abundant, full and complete, will be yours. Four separate preparations, lasting a full twe weeks for 50 cents, the greatest value for the monay ever offered. If your druggist won't supply you, send us 25 twe-cent stamps by mail today and we will sould it, postpaid and guarantee safe delivery. Address W. F. Smith Co., 185 St. James St., Mentreal.

attendance 7,149, being an average of In 1904, 139 meetings were held, total attendance 5,324, being an average of

1 263 addresses were delivered at these meetings during the four years. The dominion election campaign and several severe stormy evenings interfered with the attendance in 1904, reducing the average. from the agricultural colleges and experimental farms.

A detailed account, giving the above information, is published each year in the agricultural report. the increase at any line of farm pro- ville, Woodstock, Dalhousie, Bathurst, duce can be shown in the past three

years as a result of that work? The Farmers' Institute system was inating information in regard to agriculture. In a general way the adult farmers cannot afford the time or expense of

attending agricultural colleges, and give the proportion of one patron to even if they could the accommodation at the colleges would not be sufficient. The Farmers' Institutes carry to a certain extent the college to the people. One of the main benefits is to induce organization and co-operation among the farmers, where they may compare notes, exchange experiences, and thus become more conversant with the best and most profitable methods of farmng, stock raising, dairying, etc. The speakers sent out have been

selected from practical farmers in our own province, who are successful on their own farms, and experienced Farmers' Institute workers from Ontario and Quebec, as well as professors and experts on the several subjects It has been found, after years of experience in the province of Ontario, hat the Farmers' Institute has been the general condition of the agricul-

ural community. In this province the system is, comparatively speaking, in its infancy, still marked improvement is noticeproper feeding and care of animals, a proper cultivation of the soil, a in the province. gradual increase of dairy products, a better system of marketing same, by which higher prices are realized, wider knowledge as to the habits of injurious attention is being given to the controlling of fungus diseases on fruit being taken in the poultry industry. These are some of the lines, improvements in which may be clearly traced to the Farmers' Institutes.

In answer to enquiry by Mr. Smith, Hon. Mr. Farris said: (1) There was paid during the last fiscal years for the encouragement of dairying as follows:

factories and skimming stations, \$2,-196.74. For salaries of three dairy superintendents at \$1,200 each, \$3,600.

For expenses of dairy superintend

ents, \$2,218.49. N. S. Dow services, \$250.37. There was paid out to encourage stock raising for beef production: To the Canadian Pacific railway, onehalf of W. W. Hubbard's salary, \$800. To Maritime Stock Breeders' Assoc-

iation. \$800. And a portion of the Farmers' Institute expenses, the exact proportion of which it is impossible to estimate; nearly all the speakers had beef production on their list of subjects, and it was talked on, wherever called for,

by the local institute. (2) The expenditures were made through the channels outlined above. Answer to enquiry by Mr. Smith. No expenditure is made by any official of the department of agriculture except under the direction of the com-

Itemized accounts are rendered and the same are audited by the commissioner or his deputy, as well as by the auditor general. In answer to enquiry by Mr. Smith.

Hon, Mr. Farris said: At the date of the organization of the agricultural department in 1897, there were seven butter factories and skimming stations in operation. They were located at Oak Bay, Charlotte Co.; Rogersville, Northumberland Co.; St. Louis and Buctouche, Kent Co.; and Memramcook, Westmorland Co. Butter manufactured in that year, 41,768 pounds, which sold for \$7,852.38. There are at present thirty-nine but

ter factories and skimming stations in operation, as detailed on pages 58 and 59 of the Agricultural Report. Butter manufactured last year, 907,125 pounds, which sold for \$178,707.57

Butter factories, when fully completed and fitted with cold storage to the satisfaction of the dairy superintenden of the district, receive a bonus of \$300. and skimming stations \$150. Cheese factories, when fully completed and running to the satisfaction of the dairy superintendent, receive a bonus of \$150. In 1897 there were 47 cheese factories in operation. For details as to loca-

ion, see pages 172 and 173 of 1897 Agricultural Report. Cheese manufactured in that year.

,207,281 pounds, which sold for \$99,-655.29. There are at present 53 factories in pperation, which turned out last year

1,866,426 pounds of cheese, which sold for \$161.262.01. In 1900 the total number of patrons of cheese and butter factories in the a grand record of success of success in province was 3,094; in 1904 the total curing disease and consequent enornumber was 3,447. In the district north of Fredericton the number of patrons

of cheese and butter factories in 1900 was: York Co., 270; Carleton Co., 592; Victoria Co., 323; Madawaska Co., 262; Gloucester Co., none; Northumberland Co., 25; total, 1,472. In 1904 there were in York Co. 169, Carleton Co. 294, Victoria Co. 157, Madawaska Co. 426; Gloucester Co. 58, and Northumberland Co. 68: total, 1,172. According to the census of 1901 there

were 25,779 families in the counties north of Fredericton, viz.: York, Carleton, Victoria, Madawaska, Restigouche, Gloucester and Northumber-

BABY'S'OWN SOAP

A wildcat which had strayed from ts forest home to look for prey in the farmers' henhouses, was shot by Geo. McFarlane at Dover, on Sunday morning last. The animal had made a raid on a hen coop a night or two before and slaughtered some eighteen or twenty hens. On Saturday night the ferocious cat returned and this time was trapped in a barn, where it was found by Mr. McFarlane and an end put to its existence. The animal was portrait and signature of Dr. A. W. a large one, but bore evidence of hav-Chase, the famous receipt book author, ing found a scant supply of food during the winter.-Moncton Times,
