required—to these your attention may directed,—and I think you will find for your own case in that teturn. So the custom of voting on Patents months bolding, as you stated. The the Queen, and the dissolution of Pyrovent the Canada proceedings from distinct discussion, except as regueration of the Parliament, notwice the continuing the Parliament, notwice the discussion of the Parliament, notwice the discussion of the Crown. It is allege been the case before—but that is the Members of Sir Frantis Hea the Mould not be sent back to their strail endeavour to obtain that for you the meantime advised Addresses to that purport. You may also recombine to the new Parliament to the in case! should not have succeeded that time. I hope if there is a new the people of Upper Canada will choice that they did at the last, an Parliament will convince Sir F. It had his ron, and must be sent back. Commissioners or to the Brumens, in his charges, that you, the Reform he says), are the few despicable am he states thom to be, he need not be and his success a second time will serve the state ters, befor the arrival of the Packet from Bank, was such as to preclude my a blans—matter were little better.

MOSTREAL, Jan. 17.—On Wedn fast, Captain McDonald of Abbots/o sistance of four volunteers, succeede-and safely depositing in prison, thr against one of whom Louis Lussier positions in the Louis & that on the day when St. Denis was armed with a sword. None of who have made depositions can a individual that inflicted the first bit Lieut. Weir, as they were attractive the murder had commenced, a body, still showing signs of life was which time old Lussier called on when his son, presented his must without its going off, deliberately ogut a pin from a person near him /pricked the touch hole, filled the pashut it, presented the musket, and victim of treachery and buchery we all his pain. Captain McD. brough to town, and received information one was not far off. With some of Ferteled out in the house of his britancher and the mountain, and only with the murder, and his victim's in he staggered some paces and fellow in gratte. We understand that he ease the life with the first whom the period crime, which has said that each til his musket at Mr. Weir's head he would promise to join them provide.

sanction of the Committee, after wigested if there is actually a warrant son against Mr. L. H. Lafontaine, P. P., that the Debegate from the is about to proceed to England ougl possession from the authorities here ments to have Mr. L. arrested aer The New York papers of the 3d, yesterday, announce Mr. Lafontain list of passengers in the North 7 asiled on the the day previous for tatte also that he is to be a bearer the British Government from a port dian population. This we do not case, but we hope that measures wi out delay to forward the ends of just — 16.

On New Year's day, Mrs. Saman in Upper Canada, presented a bea 2d Regiment of Hastings Militia. a volunteer cotagany of the Regin command of Major Parker, marched of Mrs. Samson, escorted by the R. Captain W. Murney, with the ba-ment: and having bean death.
